Invitation

4th European Chemistry Congress, May 11-13, 2017 at Barcelona, Spain

Euro Chemistry 2017 welcomes you to attend the 4th European Chemistry Congress during May 11-13, 2017 in Barcelona, Spain

We cordially invite all the participants including you who are interested in sharing their knowledge and research in the area of Chemistry.

Euro Chemistry 2017 anticipates more than 300+ participants around the globe with thought provoking Keynote lectures, Oral and Poster presentations. The attending delegates include Editorial Board Members of related International Journals.

This is an excellent opportunity for the delegates from Universities and Institutes to interact with the world class Scientists.

The intending participants can confirm their participation by registering for the conference along with your colleagues. Avail the delegate early bird offer.

The main theme of the conference is "*Exploring recent advances in chemistry, related fields and applications*".

Regards,

Euro Chemistry 2017 Organizing Committee

About us

conferenceseries.com

International Journals

International Journals

- 700 Open Access Journals
- Scholarly Journals Index- PubMed, ISI, Scopus, Chemical Abstracts Service, ProQuest, Gale EBSCO
- 21 Day rapid review process
- 70000 Editorial Team
- 7.5 Million readers and high visibility
- More than 100000 facebook fans
- Publication immediately after acceptance
- Quality and quick editorial, review processing

Key features

- User friendly/feasible website translation of your paper to 50 world's leading languages
- Enhanced feature: Audio version of published paper
- Digital articles to share and explore
- Sharing option: Social networking enabled
- Authors, reviewers and editors are provided with scientific credits

conferenceseries.com

Conference Series LLC Conferences

Conference Series LLC Conferences

- 3000+ Global Events with over 600+ Conferences, 1200+ Symposiums and 1200+ Workshops
- 15 Million unique visitors/year (36 million page views/year)
- Well organized scientific program
- Renowned speakers and scientists across the globe
- Poster presentations and world class exhibits
- Panel discussions and interactive sessions
- B2B meetings
- Perfect platform for Global Networking

Key features

- Presentation by renowned speakers from all over the world
- Poster presentations and world class exhibits
- Interactive Sessions
- Live Streaming Conferences and Meetings
- Platform for global networking
- Connecting scientific community

Special Issues

All accepted abstracts will be published in respective International Journals

Each abstract will be provided with digital Object Identifier by crossref

About us

The field of Chemistry is growing rapidly and its development is making tremendous impacts in chemical sciences, medical sciences and pharmaceuticals. The importance and significance can be gauged by the fact that it has made huge advancements over the course of time and is continuing to influence various sectors.

Euro Chemistry 2017

- Opportunity to attend the presentations delivered by eminent scientists from all over the world
- Selected contributions will be published in following Conference Series LLC Journals
  - Chemical Sciences Journal
  - Organic Chemistry: Current Research
  - Journal of Chromatography & Separation Techniques
  - Trends in Green Chemistry
  - Journal of Analytical & Bioanalytical Techniques
- Participation in sessions on specific topics on which the conference is expected to achieve progress
- Global networking: In transferring and exchanging Ideas
- Conference brings together Academic & Industry experets, Scientific Researchers, Students and Enterprenures.

Conference Highlights

- Organic Chemistry
- Inorganic Chemistry
- Analytical Chemistry
- Materials Chemistry
- Green Chemistry: Green chemical principles
- Medical Biochemistry
- Physical Chemistry
- Biological Chemistry
- Theoretical Chemistry
- Biochemistry in various fields
- Petroleum and Petrochemicals
- Nuclear chemistry
- Polymer chemistry
- Pharmacognosy & Phytochemistry
- Stereochemistry
- Clinical chemistry
- Medicinal & pharmaceutical chemistry
- Industrial chemistry
- Environmental Chemistry

About Barcelona

Barcelona is the capital city of the autonomous community of Catalonia in the Kingdom of Spain, as well as the country's second most populous municipality, with a population of 1.6 million within city limits. Its urban area extends beyond the administrative city limits with a population of around 4.7 million people, being the seventh-most populous urban area in the European Union after Paris, London, Madrid, the Ruhr area, Berlin, and Milan. It is the largest metropolis on the Mediterranean Sea, located on the coast between the mouths of the rivers Llobregat and Besòs, and bounded to the west by the Serra de Collserola mountain range, the tallest peak of which is 512 metres (1,680 ft) high.

Founded as a Roman city, in the Middle Ages Barcelona became the capital of the County of Barcelona. After merging with the Kingdom of Aragon, Barcelona continued to be an important city in the Crown of Aragon as an economical and administrative center of this Crown and the capital of the Principality of Catalonia. Besieged several times during its history, Barcelona has a rich cultural heritage and is today an important cultural center and a major tourist destination. Particularly renowned are the architectural works of Antoni Gaudí and Lluís Domènech i Montaner, which have been designated UNESCO World Heritage Sites. The headquarters of the Union for the Mediterranean is located in Barcelona. The city is known for hosting the 1992 Summer Olympics as well as world-class conferences and expositions and also many international sport tournaments.

Barcelona is one of the world's leading tourist, economic, trade fair and cultural centers, and its influence in commerce, education, entertainment, media, fashion, science, and the arts all contribute to its status as one of the world's major global cities. It is a major cultural and economic center in southwestern Europe, 24th in the world (before Zürich, after Frankfurt) and a financial center. In 2008 it was the fourth most economically powerful city by GDP in the European Union and 35th in the world with GDP amounting to €177 billion. In 2012 Barcelona had a GDP of $170 billion; it is leading Spain in both employment rate and GDP per capita change. In 2009 the city was ranked Europe's third and one of the world's most successful as a city brand.
