Dear Attendees,

We are glad to announce the 21st World Congress on Materials Science and Engineering to be held in Rome, Italy from June 22-23, 2020 organized by Conference Series llc LTD, UK in collaboration with generous support and cooperation from enthusiastic academicians and editorial Board Members.

This conference is a unique international platform that's a confluence of all stake holders of the ecosystem – Industry, Academia, Researchers, Innovators, Regulators – coming together to present and discuss current topics in Materials Science and Engineering, Nanomaterials and Nanotechnology, Biomaterials and Medical Devices, Polymer Science and Technology, Ceramics and Composite Materials, Electronic, Optical and Magnetic Materials, Emerging Smart Materials, Materials for Energy Applications, Physics and Chemistry of Materials, Metals, Mining, Metallurgy and Materials, Mechanics, Characterization Techniques and Equipments, Graphene and 2D Materials and Entrepreneurs Investment Meet.

As the premier event, we have developed a program with your interests in mind. We have not only increased the number of opportunities for you to network with colleagues from across the world but also introduced more focused sessions that will feature cutting edge presentations, special panel discussions, and livelier interaction with industry leaders and experts.

Life is full of give and take. Make it count in your professional life. Attend the Materials Congress Conference to network with your peers, exchange expertise and experiences, and arm yourself with the latest information to take your department to the next level.

We look forward to personally welcoming you to Rome in June.

Sincerely,
Materials Congress 2020
Organizing Committee

Our International Open Access Journals

- 700+ Leading-edge Peer Reviewed Open Access Journals
- 21 Day Rapid Review Process
- 50000+ Editorial Board Team, 35000+ Reviewers team
- 30 Million Readers and High Visibility
- 1000+ Scientific Associations Collaborations
- 100000+ facebook fans Likes
- Publication immediately after acceptance
- Quality and Quick editorial, review processing

Salient Features

- Easy to Submit and Review Systems
- High Quality and Fast Publishing Guaranteed
- Unbiased, quality-oriented, and transparent reviews
- Truly impartial recognition of the best papers
- Feedback on the impact of every article
- Enhanced feature: Audio version of published paper
- Digital articles to share and explore
- Sharing option: Social networking enabled
- Authors, reviewers and editors are provided with scientific credits
- User friendly/feasible website articles translations across more than 50 world languages

Our International Scientific Conferences

- More than 3000 Conferences happening across the globe
- Conferences organized in Medical, Pharma, Engineering, Science, Technology and Business.
- CME/CPD Accredited Conferences fostering professional and Personal development
- Continuum of education through organized scientific program
- Renowned speakers and scientists representing from 40 countries
- Highly Interactive sessions and Panel Discussions
- B2B Meetings offers perfect platform for Global Networking

Salient Features

- Robust on-line publicity for all the speakers and organizing committee members
- Career Guidance Workshops for students and early career researchers
- Accepted Abstracts will be published in various indexed journals
- Accepted abstracts will be labeled with a Digital Object Identification Number (DOI) provided by Cross Ref
- Creation of speakers and abstracts pages in Google
- Opportunity to publish full Manu Scripts in our Open Access Journals

Special Issues : All accepted abstracts will be

published inrespective Conference Series llc LTD Journals

Each abstract will be provided with digital Object Identifier by Crossref

About Conference

Materials Congress 2020 Conference web site is attracting 25000+ Materials Science and Engineering scientists and experts starting from Researchers, Academicians and Business professionals, United Nations agency square measure operating during this field. This distinctive chance that we tend to be our speakers and attendees isn't being offered by the other conference organizers. Through this the abstracts and analysis profiles of our speakers and organizing committee members obtaining world visibility that is a further feature that you simply would be receiving additionally to networking opportunities before, throughout and when the conference..

Materials Congress 2020 salient features

- Meet Academia and Industry visionaries to get inspired
- Expand your knowledge and find solutions to problems
- Knowledge, Benchmarking and Networking offered at one place
- Forge connections and for global networking
- Highly Organized and Structured Scientific programs
- Poster presentations and world class exhibitions
- Meet with new vendors and suppliers

How Conference Series Conferences differs from others?

- 3000+ Conferences across the globe in 30+ countries all through the year
- Over 25 Million+ Visitors and 20000+ Unique Visitors per conference
- Participation by Stalwarts from various international societies
- Internationally renowned speakers and scientists representation
- Career guidance for early career researchers and students
- Interesting scientific deliberations and discussions
- Perfect platform for Global Networking

Goals

- The conference program emphasizes evidence-based practice, educational innovation, practical application, and peer to peer networking and collaboration. The goals of the conference is to provide a transformative professional development experience through
- Bringing together the world's scientific experts to catalyze and advance scientific knowledge about Materials Science and Engineering present the most recent research findings, and promote and enhance scientific collaborations around the world.

About Conference

Materials Congress 2020

Objectives

After participating in this meeting, attendees should be able to

- Discuss emerging issues in Materials Science and Engineering
- Discuss and apply recent research findings related to Materials Science and Engineering
- Reflect on the place of critical distance in Materials Science and Engineering

Who should attend

21st World Congress on Materials Science and Engineering is exclusively designed for Scientists and Experts in the field of Metallurgy and Materials Science, Advanced Materials, Materials Science and Engineering, Nanotechnology, Biomaterials, Materials Chemistry and others engaged in endeavors related to Materials Science and Engineering research and business.

About hosting organization

Conference Series llc LTD is the world's leading specialist in organizing Academic, Scientific and Business conferences, meetings, symposiums and exhibitions in different verticals and horizontals like Medical, Pharma, Engineering, Science, Technology and Business to promote scientific research. Every year we host more than 3000+ global events inclusive of 1000+ Conferences 1000+ Symposiums 1000+ Workshops in USA, Europe, Middle East and Asia with the generous support and cooperation from our 30000+ Editorial Board Members, 1000+ Scientific Societies. All the conference proceedings are published in the special issues of our 700+ Open Access International Journals with the DOI provided by Crossref

Major Sessions

- Materials Science and Engineering
- Nanomaterials and Nanotechnology
- Biomaterials and Medical Devices
- Polymer Science and Technology
- Ceramics and Composite Materials
- Electronic, Optical and Magnetic Materials
- Emerging Smart Materials
- Materials for Energy Applications
- Physics and Chemistry of Materials
- Metals, Mining, Metallurgy and Materials
- Mechanics, Characterization Techniques and Equipments
- Graphene and 2D Materials
- Entrepreneurs Investment Meet
- Advanced Materials
- Metals and Metallurgy
- Surface Engineering
- Biosensors and Bio Electronic Materials
- Electronic Materials
- Optical Materials
- Carbon Nano Structures and Graphene
- Energy Harvesting Materials
- Green Materials

About Rome

Rome, the capital city of Italy and it is the fourth most populous city in European Union by population with 2,872,800 residents in 1.2 km2. Rome is located along the shores of Tiber in the central-western portion of the Italian Peninsula. It is been often defined as capital of two states because the Vatican City which the smallest country in the world is inside the city boundaries of Rome which makes it the only example of a country within a city. The city's early population originated from a mix of Latins, Etruscans, and Sabines. The Roman poet Tibulus called it as The Eternal City. It is also called as "Caput Mundi" (Capital of the World). Famous artists, painters, sculptors and architects made Rome the centre of their activity.

Rome is considered as the world's second most historically, educationally and culturally interesting and beautiful city according to the City Brands Index. The city with a status of global city which is popular tourist attraction in Italy is the 3rd most visited city in the European Union and 14th most visited city in the world. The UNESCO listed its historic centre as a World Heritage Site. With cool, humid winters and warm, dry summers Rome has a Mediterranean climate. As the international renowned brands centred in the city Rome is also centre of Fashion and Design. Colosseum, the largest amphitheatre ever built in the Roman Empire which one of the symbols of Rome which used for gladiatorial combat with originally capable of 60,000 spectators. Rome has one of the largest areas of green space among European capitals. The city is quite known for its statues especially the taking statues of the Rome. The city is a major international centre for higher education containing numerous academies, colleges and universities.
