Dear Liaqat Ali,

Thank you for submitting an abstract for the First International Congress on Postharvest Loss. We are pleased to inform you that your abstract has been selected for a poster presentation during the Congress, to be held from October 4-7 in Rome, Italy.

Registration is available on the congress website, http://phlcongress.illinois.edu/. **Please confirm your attendance no later than June 30 so we can make final plans for the program**. Please notify us of your participation with an email to phlcongress@illinois.edu. More specific information about poster dimensions and presentation times will be sent to you after you confirm your participation.

The main Congress venue is the Auditorium Antonianum, located at Viale Manzoni, 1-00185 Roma. We have attached hotel information, and reservations should be made as soon as possible to ensure the hotel of your choice. Each presenter is responsible for his or her own travel and accommodations, although authors from developing countries with compelling need will be considered for financial support. If you have a need for financial support, please complete the application form at https://illinois.edu/fb/sec/4874709.

Additional information about the Congress venue and a basic program agenda is available on the Congress website, http://phlcongress.illinois.edu/ . If necessary, we will send a letter for you to use in obtaining your visa for Italy, if you are required to have a visa for that country.

Congratulations again. We look forward to seeing you in Rome. If you need further information, please feel free to contact the institute at 217-244-3086 or phlcongress@illinois.edu.

Sincerely,

Dear Mr. Liaqat,

Thank you for your participation in the First International Congress for Postharvest Loss Prevention on October 4-7, 2015 in Rome, Italy. We appreciate that you were able to present your abstract and share your important work at the Congress. We had a gathering of more than 260 postharvest loss prevention experts from over 60 countries at the Congress during October 4-7, 2015.

We are pleased to notify you that your abstract entitled, **"The most feasible, least cost and pragmatic approach to grapple with post harvest losses"** is now included in the digital publication of the Congress proceedings. Your abstract was not included in the original hard copy publication of the proceedings based on review comments we received from some of the reviewers of all the abstracts that it did not follow the guidelines for abstracts submission.

You will be very happy to know that we have included your abstract in the electronic version of the Proceedings. This publication can be downloaded at http://phlcongress.illinois.edu/literature/PHL_Congress_Proceedings.pdf.

Sincerely,

Prasanta Kalita

Dear ali ali,

Congratulations, your proposal to present a poster at IFAMA 2017 entitled "42 Years of scientific/technological innovated solutions for ZERO FOOD WASTE AGRICULTURAL TECHNOLOGY" has been accepted for presentation at the conference in Miami, Florida, USA, June 18-21, 2017.

Given that you have a business proposal with an interesting techology, I would like to suggest that you also participate in a Symposium Roundtable session. These sessions are moderated discusssions and are in 90 minute slots. You will be on a panel with several other discussants. If this is agreeable to you, please let us know.

Please confirm that you will be presenting at the conference by clicking on the link at the bottom of this message. Your confirmation indicates agreement that the presenting author will register for the conference and be prepared to present on any of the conference days. Your presentation slot will be confirmed once you have registered for the conference.

Dear Liaqat:

I am pleased to inform you that your application for assistance, to attend the 8th World Potato Congress at Edinburgh, Scotland, has now been accepted.

This means you are eligible to receive CAD $1,000. (converted to GBP at time of transfer). At current exchange rates this amount is equivalent to GBP 635 Pounds Sterling. It is understood you will receive the funds only after you have registered in person as a full delegate at the Congress.

To attend the Edinburgh Congress it may be necessary for you to obtain a visitors visa to enter the United kingdom. This will require a letter of invitation from the Potato Council, the host group of the Congress. To obtain a letter and get help to register as a delegate you should visit the website of the 8th WPC:
http://www.wpc2012.net/index.html
Click on Hosts, then select Useful Information.
There you will learn how to get the letter you require.
Please note, the letter will only be written after you have completed and paid for your registration as a delegate.

At a later date we will make arrangements to meet you in Edinburgh, after you have registered at the Congress, so the funds can be given to you in person. We will also be inviting you to attend a special breakfast (with major potato industry players) during the Congress.

If for any reason you are not able to attend the Congress please inform me immediately so that we can award the funds to another deserving individual.

If you have any questions please contact me by email at any time.

Once again, congratulations on being selected as one of only four individuals worldwide to receive support to attend the 8th WPC.

Please email me immediately confirm if you will be accepting this offer of support.

Kind regards,

John

Dear Mr. Hussain,

With reference to your letter of 9 March 1992, I am at a loss "chemical process" which can be used to remove microbial contaminatio dehydrated minced beef. I do not recall any Recommendation of the ICGFI this line.

Technically speaking, ethylene oxide gas could be used as a cl process for such a food. However, many national authorities prohi increasingly restrict the use of this "chemical process" because of heal environmental reasons. I believe irradiation is the best technolo reducing/eliminating microbial contamination from such a pr Unfortunately, the Pakistan Authorities have not approved such u irradiation.

I briefed Dr. Isfaq Ahmed, Chairman of the Pakistan Atomic Commission, in Vienna last month on the interest of your Company in irradiation for food processing. It was my impression that he would in representative of your Company to discuss further details on the comm use of food irradiation with him.

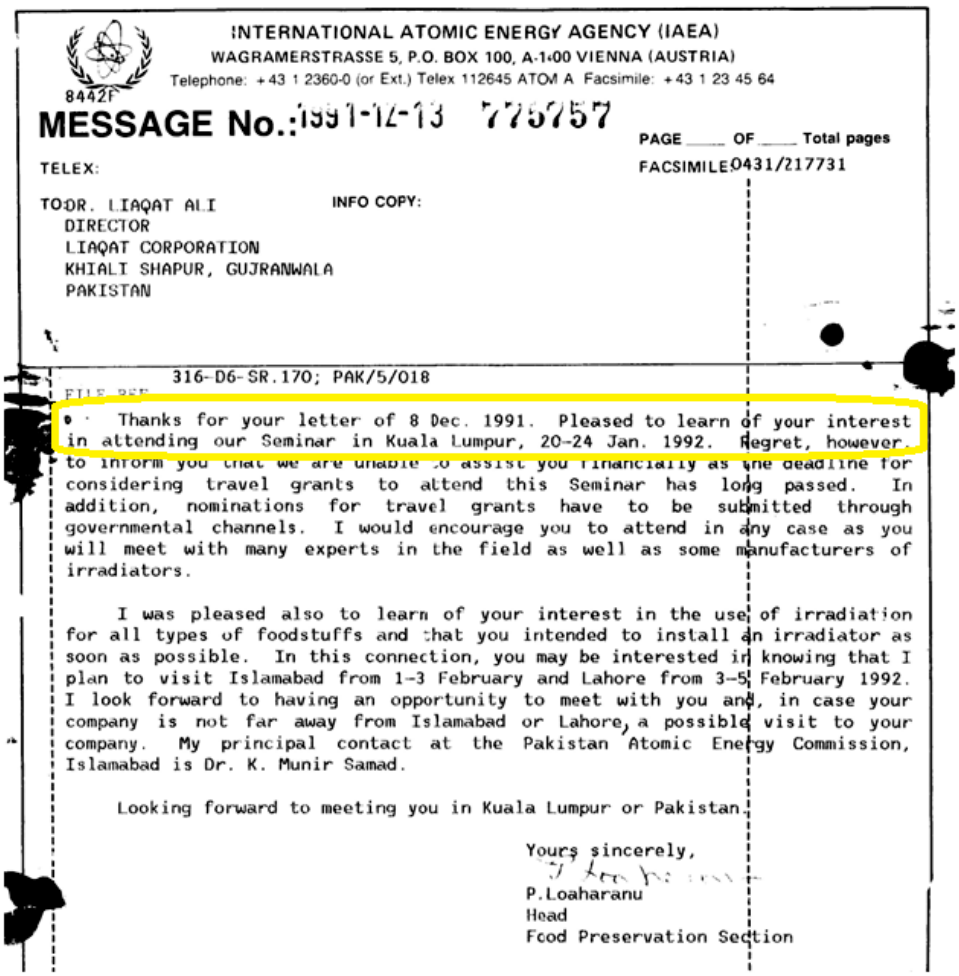

Please send my kind regards to Mr. Liaqat Ali.

Thanks for your letter of 8 Dec. 1991. Pleased to learn of your interest in attending our Seminar in Kuala Lumpur, 20-24 Jan. 1992. Regret, however, to inform you that we are unable to assist you financially as the deadline for considering travel grants to attend this Seminar has long passed. In addition, nominations for travel grants have to be submitted through governmental channels. I would encourage you to attend in any case as you will meet with many experts in the field as well as some manufacturers of irradiators.

I was pleased also to learn of your interest in the use of irradiation for all types of foodstuffs and that you intended to install an irradiator as soon as possible. In this connection, you may be interested in knowing that I plan to visit Islamabad from 1-3 February and Lahore from 3-5 February 1992. I look forward to having an opportunity to meet with you and, in case your company is not far away from Islamabad or Lahore, a possible visit to your company. My principal contact at the Pakistan Atomic Energy Commission, Islamabad is Dr. K. Munir Samad.

Looking forward to meeting you in Kuala Lumpur or Pakistan.

For quality of life

Dear Ali Ali,

For the Centennial of Wageningen UR in 2018, we were looking for creative ideas v
the history of 100 years of Wageningen UR and at the same time give inspiration f
100 years. We were pleased to have received over 250 ideas. Many thanks for you

Furthermore, we would like to inform you about the next steps that are made in o
the final programme for 2018. Firstly, the steering committee has assessed all idea
submitted and grouped them in seven clusters, namely:

1. Art/Exhibitions
2. Symposia/Conferences
3. Documentaries/Films/Books
4. Festivals/Parties
5. Social Impact/Connection
6. Sports/Games

Secondly, in May we would like to set up seven cluster teams who are composed o yourself who have submitted an idea and other relevant stakeholders. Each cluste responsibility to create a shortlist of the ideas already collected through the open c budget which will then be presented to the Steering Committee. At this stage, it is assess the content of each idea and how the financing will be organised. Separatel fundraising/sponsorship work group will be formed to assist the cluster teams.

The programme will then be evaluated by an external Advisory Board, after which presented to the Executive Board of Wageningen UR for the final decision-making.

We expect that the approval of ideas selected for the programme will be completed June. We will then inform you if your idea is approved and will be included in the C programme.

To attend the Edinburgh Congress it may be necessary for you to obtain a visitors visa to enter the United kingdom. This will require a letter of invitation from the Potato Council, the host group of the Congress. To obtain a letter and get help to register as a delegate you should visit the website of the 8th WPC:
http://www.wpc2012.net/index.html
Click on Hosts, then select Useful Information.
There you will learn how to get the letter you require.
Please note, the letter will only be written after you have completed and paid for your registration as a delegate.

At a later date we will make arrangements to meet you in Edinburgh, after you have registered at the Congress, so the funds can be given to you in person. We will also be inviting you to attend a special breakfast (with major potato industry players) during the Congress.

If for any reason you are not able to attend the Congress please inform me immediately so that we can award the funds to another deserving individual.

If you have any questions please contact me by email at any time.

Once again, congratulations on being selected as one of only four individuals worldwide to receive support to attend the 8th WPC.

Please email me immediately confirm if you will be accepting this offer of support.

Kind regards,

John

INVITATION
PARTNERSHIP EVENT
10+11 DECEMBER 2013

Rome, 19 November 2013

Dear Mr Liaqat Ali,

We are pleased to invite you to the Global Initiative on Food Loss and Waste Reduction: **SAVE FOOD partnership meeting**. The SAVE FOOD Initiative will be hosting a two-day event in **Rome** on the **10th – 11th of December** this year, to discuss collaboration and the roles that the different partners can (or want to) play.

The event will showcase the benefits of being a **SAVE FOOD partner**, as well as having a discussion on what can be improved, expanded or introduced.The meeting targets the **170 current partners** in SAVE FOOD, and reaches out to other organizations and companies that are active in food loss or waste reduction.

SAVE FOOD will connect a unique group of **public, private and civil society organisations** involved at all stages of **food production, processing and consumption.** It will present opportunities to **collaborate, good practices on food loss and waste reduction** and help direct the future of SAVE FOOD.

FAO will cover the costs of travel , terminals and lodging.

Please find the **programme** and **registration sheet** also as download links at the end of this mail. We look forward to welcoming you in Rome!

Sincerely,
The SAVE FOOD team,

WAGENINGEN
UNIVERSITY & RESEARCH

100 years WUR |Online version

Dear colleague/student/relation,

For the collective celebration of 100 years WUR in 2018 we have searched for creative ideas that reflect the past, present and future of WUR. You are one of the people who have submitted ideas: thank you for that! All ideas together form a source of inspiration with which we can make an exciting and interesting program which addresses different dimensions. You could think then of sports, culture and art, both in- and outside of Wageningen.

By now project groups have been formed and we are working together to fill the program. The official kick-off will be during the Dies on March 9, 2017.

We would like to keep you updated. In February you will receive the first digital newsletter with the latest news and developments around the 100th anniversary of WUR. The outlines of the program, which might include your idea, will then also be known. For now, information is available at www.wur.nl/100years, an English version of this website will be available soon.

If you have any questions, you can always reach us through 100years@wur.nl.

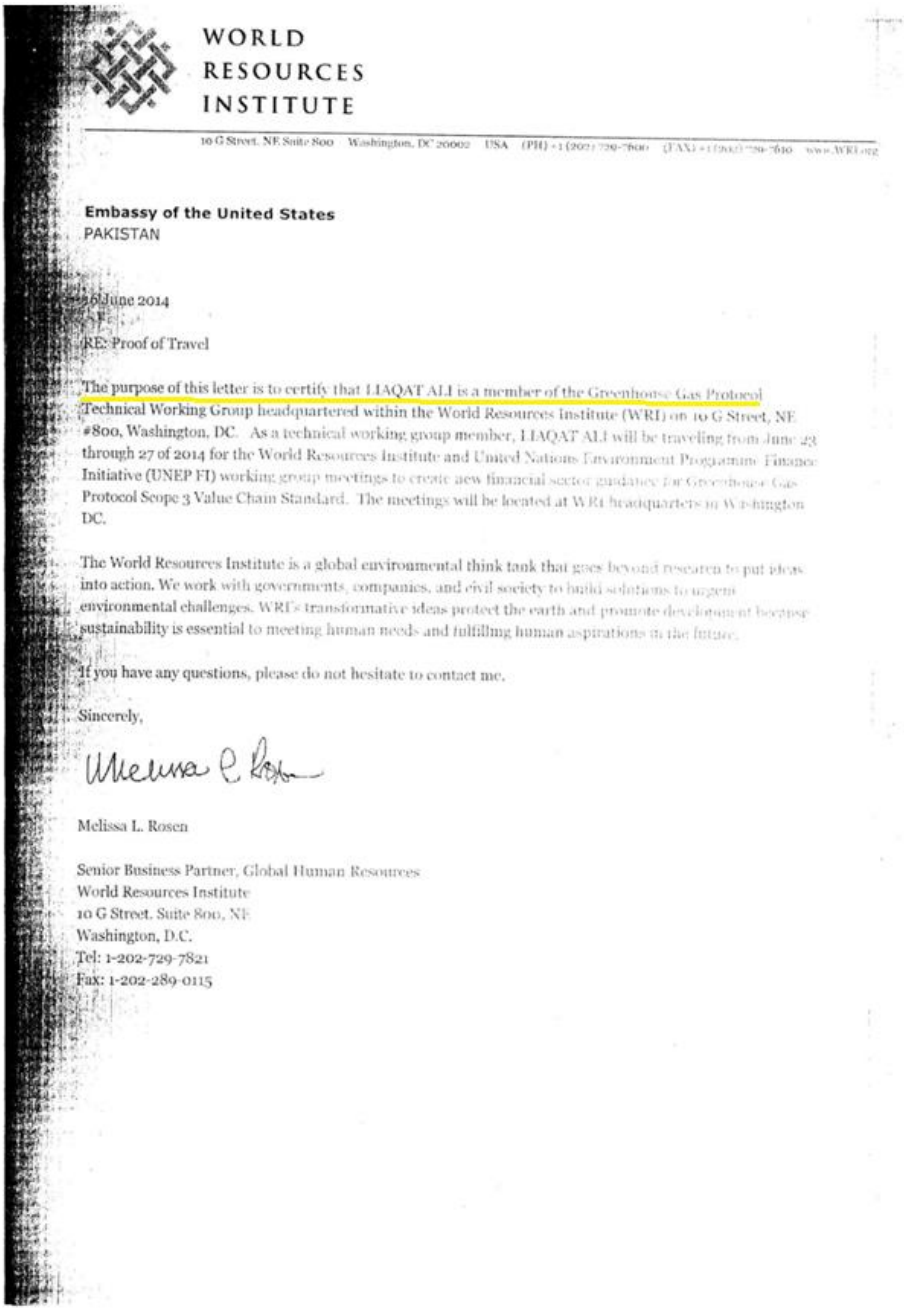

Kind regards,

RE: Proof of Travel

The purpose of this letter is to certify that LIAQAT ALI is a member of the Greenhouse Gas Protocol Technical Working Group headquartered within the World Resources Institute (WRI) on 10 G Street, NE #800, Washington, DC. As a technical working group member, LIAQAT ALI will be traveling from June 23 through 27 of 2014 for the World Resources Institute and United Nations Environment Programme Finance Initiative (UNEP FI) working group meetings to create new financial sector guidance for Greenhouse Gas Protocol Scope 3 Value Chain Standard. The meetings will be located at WRI headquarters in Washington DC.

The World Resources Institute is a global environmental think tank that goes beyond research to put ideas into action. We work with governments, companies, and civil society to build solutions to urgent environmental challenges. WRI's transformative ideas protect the earth and promote development because sustainability is essential to meeting human needs and fulfilling human aspirations in the future.
