

Title: Road to Financial Freedom

Name: Amr Alian

Managing Partner, Synergy Consultants & CPAs

1939 Roland Clarke Place, Suite 350 Reston, VA 20191

Learn the key factors and benefits on using the right steps to gain better financial stability in one's life. The problem is that dental practitioners' think on-going debt is normal; However, debt is broken down to two parts, good debt and bad debt. Dentists need to understand the difference between both debts, minimize their exposure to bad debt, and stop being an easy target for the big financial intuitions who are ultimately draining their cash.

Biography:

Amr Alian is the managing partner and co-founder of Synergy Consultants & CPAs. He has been advising dental and medical doctors for 14 years. Amr consults over 600 dental offices in the Washington DC, Maryland, Northern Virginia (NOVA), North Carolina, and Florida area and believes it is a privilege to serve dental practitioners in all specialties. He has assisted his clients in financial planning, practice management, transition planning, and practice valuations.

Amr believes in the importance of continuing education and serves as an AGD National PACE provider. He proactively is involved with local and regional dental societies, associations, publications, and universities. His lectures focus on topics such as dental practice management, financial planning, practice acquisition, transition, embezzlement, and startups.
