Asthma, Allergy & Immunology 2020

ABOUT US

Our International Open Access Journals

- 700+ Leading-edge Peer Reviewed Open Access Journals
- 21 Day Rapid Review Process
- 50000+ Editorial Board Team, 35000+ Reviewers team
- 30 Million Readers and High Visibility
- 1000+ Scientific Associations Collaborations
- 100000+ Likes
- Publication immediately after acceptance
- Quality and Quick editorial, review processing

Salient Features

- Easy to Submit and Review Systems
- High Quality and Fast Publishing Guaranteed
- Unbiased, quality-oriented, and transparent reviews
- Truly impartial recognition of the best papers
- Feedback on the impact of every article
- Enhanced feature: Audio version of published paper
- Digital articles to share and explore
- Sharing option: Social networking enabled
- Authors, reviewers and editors are provided with scientific credits
- User friendly/feasible website articles translations across more than 50 world languages

Our International Scientific Conferences

- More than 3000 Conferences happening across the globe
- Conferences organized in Medical, Pharma, Engineering, Science, Technology and Business.
- CME/CPD Accredited Conferences fostering professional and Personal development
- Continuum of education through organized scientific program
- Renowned speakers and scientists representing from 40 countries
- Highly Interactive sessions and Panel Discussions
- B2B Meetings offers perfect platform for Global Networking

Salient Features

- Robust on-line publicity for all the speakers and organizing committee members
- Career Guidance Workshops for students and early career researchers
- Accepted Abstracts will be published in various indexed journals
- Accepted abstracts will be labeled with a Digital Object Identification Number (DOI) provided by Cross Ref
- Creation of speakers and abstracts pages in Google
- Opportunity to publish full Manu Scripts in our Open Access Journals

All the conference proceedings are published in the special issues of our 700+ Open Access International Journals with the DOI provided by CROSSREF.

ABOUT BALI

Bali, the famous Island of the Gods, this is one of the world's most popular island termini and one which progressively wins travel awards. With its varied landscape of hills and mountains, rocky coastlines and sandy beaches, luxurious rice terraces and barren volcanic hillsides all providing a attractive background to its colourful, deeply mystical and unique culture, risks a serious claim to be heaven on earth. It is known for its woody volcanic mountains, iconic rice paddies, beaches and coral reefs. The island is home to religious sites such as Cliffside Uluwatu Temple. Bali is a popular tourist terminus, which has seen a significant rise in tourists since the 1980s. Tourism-related business makes up 80% of its economy. It is famous for its highly developed arts, including traditional and modern dance, statue, painting, leather, metal working, and music. 'Paradise on Earth' and the 'Island of the Gods' are just not simply the names given to Bali, these names personify the beauty of Bali. Bali never ceases to charm with its diverse natural treasures. Trip to Bali can be filled with culture, nature, art, the mystical or, even better, all of these. Bali received the Best Island award from Travel and Freedom in 2010. Bali won because of its good-looking surroundings (both mountain and coastal areas), diverse tourist attractions, outstanding international and local cafeterias, and the friendliness of the local people.

According to BBC Travel released in 2011, Bali is one of the World's Best Islands. The Island of the Gods offers great beaches, countless waves for surfing and pleasant natural sites to visit and explore colorful rituals, and gifted artists. There is an unbelievably wide range of hotels and lodging, cafeterias, spas and world-class activities and shopping - all within close distance and at very fair prices. Bali is well-known for its colorful sunsets which arrive on signal at around 6pm every day of the year. Apart from the wealth of Bali magnetisms, from the spectacular beaches of Kuta, Nusa Dua and Seminyak, or Ubud's cultural heart and attractive adjoining rice fields, the north eastern coastal towns and Lombok Island are hidden gems till discovery.
