About Brisbane

Amsterdam is the capital city and most populous municipality of the Netherlands. During a 50-year project in the 17th century Amsterdam grew to four times its previous size, becoming the 3rd largest city in the world after London and Paris. The Museumplein is in Amsterdam's well-heeled Oud-Zuid district, noted for its plush properties, upmarket boutiques (Hoofstraat and Van Baerlestraat) and the city's favourite park at Vondelpark. The Van Gogh Museum has the largest collection of works by Vincent Van Gogh in the world.This includes 200 paintings, 500+ drawings and 750 letters, as well as pieces by contemporaries and influences like Rodin, Monet, Signac, Toulouse-Lautrec, Manet and Gauguin. An extraordinary showcase for Dutch art, applied art and historical artefacts, the Rijksmuseum beckons you through 800 years of Dutch history at a purpose-built neo-Gothic palace. The Anne Frank House preserves the secret annexe where the young diarist Anne Frank hid from Nazi persecution from 1942 until she was captured along with her family and four other inhabitants in 1944. Amsterdam's park of choice is a tranquil strip of ponds, undulating lawns and mature trees pushing west from the Museumplein.
