WELCOME ADDRESS

Dear Attendees,

The Advanced Chromatography 2022 Organizing Committee is absolutely delighted to welcome you to the **14th International Conference & Expo on Chromatography Techniques** which will be held in **Berlin, Germany** on **February 21-22, 2022,** where we will be shining a spotlight on *"Novel Innovations and Emerging Opportunities in Chromatography Techniques"*.

We are looking forward to providing you with a superb environment in which to present, discuss and advance your Chromatography research. The world class scientific programme will consolidate existing knowledge while at the same time increase your awareness of leading edge and forward looking advances in the field.

The congress is to be held in one of the world's most important global cities which was the greatest cultural extravaganza that one could imagine, which is called as Berlin. It exerts considerable influence on the arts, commerce, education, entertainment, fashion, finance, healthcare, media, professional services, research and development, tourism, and transportation. What better place to combine leading edge science with an unsurpassed personal experience.

We look forward to seeing/welcoming you in 2022 for an experience of a lifetime.

With Regards
Advanced Chromatography 2022

ABOUT US

About Hosting Organization

Conference Series LLC Ltd is the world's leading specialist in organizing academic, scientific and business conferences, meetings, symposiums and exhibitions in different verticals and horizontals like Medical, Pharma, Engineering, Science, Technology, Business and many more to promote scientific research.

Every year we host more than 3000+ global events inclusive of 1000+ Conferences 1000+ Symposiums 1000+ Workshops in USA, Europe, Middle East and Asia with the generous support and cooperation from our 30000+ Editorial Board Members, 1000+ Scientific Societies. All the conference proceedings are published in the special issues of our 700+ Open Access International Journals with the DOI provided by Crossref

How Conference Series Conferences differs from others?

- 3000+ Conferences across the globe in 50+ countries all through the year
- Over 25 Million+ Visitors and 25000+ Unique Visitors per conference
- Participation by Stalwarts from various international societies
- Internationally renowned speakers and scientists representation
- Career guidance for early career researchers and students
- Interesting scientific deliberations and discussions
- Perfect platform for Global Networking Add a little bit of body text.

Advanced Chromatography 2022salient features

- Meet academia and industry visionaries to get inspired
- Expand your knowledge and find solutions to problems
- Knowledge, benchmarking and networking offered at one place
- Forge connections and for global networking
- Highly organized and structured scientific programs
- Poster presentations and world class exhibitions
- Meet with new vendors and suppliers

ABOUT US

Goals & Objectives

- The Advanced Chromatography 2022aims to bring together leading world's scientific experts, academic professionals, scientists, specialists, researchers, scholars, business delegates and students to exchange and share their experiences and research results on all aspects of Chromatography techniques.
- It also provides an interdisciplinary platform for policy makers, community leaders, business activists, scientists and educators to present and discuss the most recent innovations, trends, and concerns as well as practical challenges encountered and solutions adopted in the fields of Chromatography.
- We aim to bring the research and innovations happening across the parts of the globe to facilitate interaction, knowledge sharing and exchange. We also aim to inspire university professors, students, researchers, clinicians and entrepreneurs

About Conference

14th International Conference & Expo on Chromatography Techniques is among the World's leading Scientific Conference. The two day event on Chromatography Techniques will host Major scientific and technical sessions along with the sub-sessions on cutting edge research and latest research innovations in the field of Chromatography Techniques & its related issues across the globe. To foster the best learning environment we have designed some of the sessions this year for Chromatography conference which will comprises of 18 major sessions designed to offer comprehensive sessions that address current issues in various fields of Analytical Techniques.

Besides the attendees can find prestigious plenary and invited lectures, various shorter talks and poster sessions which will give the opportunity to most participants to present their work at the Congress. This congress on Chromatography provides an opportunity to meet experts, professionals, academicians and researchers from all over the world. Execute new methods or revise existing methods based on best presented facts as presented at **Advanced Chromatography 2022**.

ABOUT CONFERENCE

Who Should Attend?

Advanced Chromatography 2022 Conference website is attracting 56000+ Chromatography specialists, Pharmacists, Chemists, Drug Experts, Scientists, Medical officers, specialists, researchers, professionals, speakers, professors, business delegates and students.

Why to Attend?

- Find out what's new
- Meet experts & influencers face to face
- To present your ideas and work to others
- Networking for future collaborations
- The focus & energy of Like-Minded Individuals
- Fresh way of knowledge transfer
- Learn beyond your field or interest
- Meet, collaborate & get inspired
- Travel and extend your comfort zone

Conference Highlights

- Major Chromatographic Techniques
- Advances in Chromatography Instrumentations
- Chromatography in Food Science Technology
- Biochemical Applications of Chromatography-HPLC
- Chromatography-HPLC in Bioinformatics & Computational
- Analytical & Bio-analytical Applications of Chromatography
- Chromatography in Bio-Medical Research
- Hyphenated Chromatography Methods
- Chromatography as Separation Technique
- Chromatography & Mass Spectroscopy
- Chromatography-HPLC in Pharmaceutical

TESTIMONIALS

The conference was exciting. I enjoyed so much meeting new colleagues at the venue. I would like to express my sincere gratitude to you for your assistance and opportunity. It was a good experience attending this conference.

Amur Margaryan
National Science Laboratory, USA

The conference was very successful and staff members were very helpful. Workflow was good. Thank you for organizing the conference for us people.

Kuang-Hui Chi
National Yunlin University of Science & Technology, Taiwan

That is excellent. This time, I will encourage my friends and colleagues to attend. I will submit abstracts for the conference too.

Sudhanshu Sekhar Panda
University of North Georgia, USA

The organization of the conference was perfect and I was very glad of the warm welcome, of the scientific and human relationships among participants.

Ida PucciMinafra
University of Palermo, Italy

The conference was well organized and the committee was outstanding in keeping the whole event lively.

MouradTayebi
University of Surrey, England

It was wonderful event. I enjoyed presenting my talk. There were questions, comments, and interests in what I presented.

ABOUT BERLIN

Berlin is one of the best city to organize the conferences. The research work going on in the field is in a good range when compared to the other cities. Berlin is the fastest growing city in the Germany with an excellent economic growth. Several of the College of Technology degree programs are offered at Berlin Universities.

The historical backdrop of science in Berlin is loaded with the names of popular researchers like Humboldt, Einstein, Virchow, Koch, Meitner and Planck. Real national research associations, for example, Fraunhofer, the Helmholtz Association and the Leibniz Association are spoken to in Berlin by different foundations and research destinations. Germany's biggest convergence of colleges and universities is situated in Berlin, a main focal point of science, scholastics, and research, not minimum because of its 39 organizations of advanced education. Germany's national research associations are spoken to in Berlin with various organizations, as are eight government service inquire about offices. Together with Berlin's colleges, about 100 research establishments in the city frame an essential reason for the district's financial improvement.

40 Nobel Prize victors are partnered to the Berlin-based colleges. Medication, restorative innovation, biotechnology, data and interchanges innovation, optical innovation, material sciences, transportation and natural advances, and the humanities and sociologies are the essential concentration of research being done in Berlin. Berlin's exploration tasks are a piece of global systems and are perceived around the world.

Berlin is the most pined for visitor goal, and thus the ideal place to hold such occasion.
