Invitation

Dear Attendees,

We are glad to announce the 22nd International Conference and Expo on Advanced Energy Materials and Research to be held in Zurich, Switzerland from July 15-16, 2020 organized by Conference Series llc LTD, UK in collaboration with generous support and cooperation from enthusiastic academicians and Editorial Board Members.

This conference is a unique international platform that's a confluence of all stakeholders of the ecosystem – Industry, Academia, Researchers, Innovators, Regulators – coming together to present and discuss current topics in Advanced Energy Materials, Advanced Nanomaterials,Hydrogen Energy and Fuel Cell technology, Solar Energy Materials,Polymer Energy Materials, Crystalline Porous Materials, Catalysis and Energy Materials, Biomaterials for Energy production, Advanced Graphene & 2D Materials, Batteries and Solid Electrolyte Materials, Optical, Electrical and Magnetic Materials, Energy Harvesting Materials, Emerging Technologies for Energy Applications.

As the premier event, we have developed a program with your interests in mind. We have not only increased the number of opportunities for you to network with colleagues from across the world but also introduced more focused sessions that will feature cutting-edge presentations, special panel discussions, and livelier interaction with industry leaders and experts.

Life is full of giving and take. Make it count in your professional life. Attend the Advanced Energy Materials and Research to network with your peers, exchange expertise, and experiences, and arm yourself with the latest information to take your department to the next level.

We look forward to personally welcoming you to Vienna, Austria this July.

Sincerely,
Advanced Energy Materials 2020

Our International Open Access Journals

- 700+ Leading-edge Peer Reviewed Open Access Journals
- 21 Day Rapid Review Process
- 50000+ Editorial Board Team, 35000+ Reviewers team
- 30 Million Readers and High Visibility
- 1000+ Scientific Associations Collaborations
- 100000+ facebook fans Likes
- Publication immediately after acceptance
- Quality and Quick editorial, review processing

Salient Features

- Easy to Submit and Review Systems
- High Quality and Fast Publishing Guaranteed
- Unbiased, quality-oriented, and transparent reviews
- Truly impartial recognition of the best papers
- Feedback on the impact of every article
- Enhanced feature: Audio version of published paper
- Digital articles to share and explore
- Sharing option: Social networking enabled
- Authors, reviewers and editors are provided with scientific credits
- User friendly/feasible website articles translations across more than 50 world languages

Our International Scientific Conferences

- More than 3000 Conferences happening across the globe
- Conferences organized in Medical, Pharma, Engineering, Science, Technology and Business.
- CME/CPD Accredited Conferences fostering professional and Personal development
- Continuum of education through organized scientific program
- Renowned speakers and scientists representing from 40 countries
- Highly Interactive sessions and Panel Discussions
- B2B Meetings offers perfect platform for Global Networking

Salient Features

- Robust on-line publicity for all the speakers and organizing committee members
- Career Guidance Workshops for students and early career researchers
- Accepted Abstracts will be published in various indexed journals
- Accepted abstracts will be labeled with a Digital Object Identification Number (DOI) provided by Cross Ref
- Creation of speakers and abstracts pages in Google
- Opportunity to publish full Manu Scripts in our Open Access Journals

Special Issues : All accepted abstracts will be

published inrespective Conference Series llc LTD Journals

Each abstract will be provided with digital Object Identifier by Crossref

About Conference

Advanced Energy Materials 2020 Conference web site is attracting 25000+ Materials Science and Nanotechnology scientists and experts starting from Researchers, Academicians and Business professionals, United Nations agency square measure operating during this field. This distinctive chance that we tend to be our speakers and attendees isn't being offered by the other conference organizers. Through this the abstracts and analysis profiles of our speakers and organizing committee members obtaining world visibility that is a further feature that you simply would be receiving additionally to networking opportunities before, throughout and when the conference.

Advanced Energy Materials 2020 salient features

- Meet Academia and Industry visionaries to get inspired
- Expand your knowledge and find solutions to problems
- Knowledge, Benchmarking and Networking offered at one place
- Forge connections and for global networking
- Highly Organized and Structured Scientific programs
- Poster presentations and world class exhibitions
- Meet with new vendors and suppliers

How Conference Series Conferences differs from others?

- 3000+ Conferences across the globe in 30+ countries all through the year
- Over 25 Million+ Visitors and 20000+ Unique Visitors per conference
- Participation by Stalwarts from various international societies
- Internationally renowned speakers and scientists representation
- Career guidance for early career researchers and students
- Interesting scientific deliberations and discussions
- Perfect platform for Global Networking

Goals

- The conference program emphasizes evidence-based practice, educational innovation, practical application, and peer to peer networking and collaboration. The goals of the conference is to provide a transformative professional development experience through
- Bringing together the world's scientific experts to catalyze and advance scientific knowledge about Energy Materials , Materials science present the most recent research findings, and promote and enhance scientific collaborations around the world.

About Conference

Advanced Energy 2020

Objectives

After participating in this meeting, attendees should be able to

- Discuss emerging issues in about Energy Materials
- Discuss and apply recent research findings related to Energy Materials
- Reflect on the place of critical distance in Materials Science and Engineering

Who should attend

22nd International Conference on Advanced Energy Materials and Research is exclusively designed for Scientists and Experts in the field of Energy Materials, Advanced Materials, Materials Science and Engineering, Nanotechnology, Biomaterials, Materials Chemistry and others engaged in endeavors related to Energy Materials and business.

About hosting organization

Conference Series llc LTD is the world's leading specialist in organizing Academic, Scientific and Business conferences, meetings, symposiums and exhibitions in different verticals and horizontals like Medical, Pharma, Engineering, Science, Technology and Business to promote scientific research. Every year we host more than 3000+ global events inclusive of 1000+ Conferences 1000+ Symposiums 1000+ Workshops in USA, Europe, Middle East and Asia with the generous support and cooperation from our 30000+ Editorial Board Members, 1000+ Scientific Societies. All the conference proceedings are published in the special issues of our 700+ Open Access International Journals with the DOI provided by Crossref

Major Sessions

- Advanced Energy Materials
- Advanced Nanomaterials
- Hydrogen Energy and Fuel Cell technology
- Solar Energy Materials
- Polymer Energy Materials
- Crystalline Porous Materials
- Catalysis and Energy Materials
- Biomaterials for Energy production
- Advanced Graphene & 2D Materials
- Batteries and Solid Electrolyte Materials
- Optical, Electrical and Magnetic Materials
- Energy Harvesting Materials
- Emerging Technologies for Energy Applications

12+
Interactive Sessions

5+
Keynote Lectures

50+
Plenary Lectures

5+
Workshops

20+
Exhibitors

B2B Meetings

Supporting Journals

- Innovative Energy & Research
- Journal of Fundamentals of Renewable Energy and Applications
- Journal of Material Sciences & Engineering

About Vienna

Vienna the city of Music and city of dreams and it is the federal capital and largest city of Austria and one of the nine states of Austria, With a population of about 1.8 million people and its cultural, economic, and political Centre. It is the 7th largest city by population in the European Union. It is the host to many major international organizations and forms a metropolitan region with 3 million inhabitants. The city is situated in the eastern part of Austria and is near to the boundaries of the Czech Republic, Slovakia, and Hungary. Vienna forms a urban region with 3 million inhabitants.

Based on the Feature of Life Survey Vienna was graded second on a list of the top 25 cities in the world. Between 2005 and 2017, Vienna was the world's number-one terminus for global congresses and conventions by attracting over 6.8 million tourists a year. Vienna is Austria's chief Centre of education and home to many universities, professional colleges and gymnasiums. There are also more than 100 art museums, which together fascinate over eight million visitors per year.

Baroque streetscapes and imperial palaces set the stage for Vienna's artistic and musical masterpieces alongside its coffee-house culture and vibrant epicurean and design scenes makes you to fall in love with the city.
