22nd International Conference and Exhibition on

# Advanced Materials and Nanotechnology

September
19-21, 2018
Tokyo, Japan

Theme:
Exploring the Possibilities in the Field of Advanced Materials and Nanotechnology

http://advancedmaterials.conferenceseries.com/

# Invitation

Conference Series llc LTD. welcomes you to attend the 22nd International Conference and Exhibition on Advanced Materials and Nanotechnology, which is going to be held in Tokyo, Japan during September 19-21, 2018.

We cordially invite all the participants who are interested in sharing their knowledge and research in the arena of Advanced Materials and Nanotechnology.

Advanced Materials 2018 anticipates more than 200 participants around the globe with thought provoking Keynote lectures, Oral Presentations and Poster Presentations. The attending delegates include Editorial Board Members of related International Journals.

This is an excellent opportunity for the delegates from Universities and Institutes to interact with the world class Scientists.

The intending participants can confirm their participation by registering for the conference along with your colleagues. Avail the delegate early bird offer.

The main theme of the conference is "Exploring the Possibilities in the Field of Advanced Materials and Nanotechnology".

Regards,
Advanced Materials 2018
Operating Committee

# Tentative Agenda

## September 19, 2018

| Time | Session |
|---|---|
| 08:30-09:30 | Registrations |
| 09:30-11:30 | Keynote Forum |
| | Group Photo |
| 11:30-11:45 | Network & Refreshments Break* |
| 11:45-13:00 | Advanced Materials and Functional Devices |
| 13:00-13:45 | Lunch Break** |
| 13:45-16:00 | Engineering Materials |
| 16:00-16:15 | Network & Refreshments Break* |
| 16:15-18:00 | Composite Materials |
| | Day Concludes |

## September 20, 2018

| Time | Session |
|---|---|
| 08:30-09:30 | Registrations |
| 09:30-10:30 | Keynote Forum |
| 10:30-11:30 | Magnetism and Multiferroism |
| 11:30-11:45 | Network & Refreshments Break* |
| 11:45-13:00 | Optical Materials and plasmonics |
| 13:00-13:45 | Lunch Break** |
| 13:45-16:00 | Energy and Harvesting Materials |
| 16:00-16:15 | Network & Refreshments Break* |
| 16:15-18:00 | Poster Presentations |
| | Day Concludes |

## September 21, 2018

| Time | Session |
|---|---|
| 09:30-11:30 | Nanotechnology-Basics to Applications |
| 11:30-11:45 | Network & Refreshments Break* |
| 11:45-13:00 | Nanopore Science \| Nanomedicine |
| 13:00-13:45 | Lunch Break** |
| 13:45-16:00 | Bio Nanotechnologies \| Carbon Nanostructures and Grapheme \| Spintronics \| Nanoparticle Synthesis and Applications |
| 16:00-16:15 | Network & Refreshments Break* |
| | Award Ceremony |
| | Conferece Concludes |

# About Conference

The field of Advanced Materials and Nanotechnology is growing rapidly and its development is making tremendous impacts in nursing. The importance and significance can be gauged by the fact that it has made huge advancements over the course of time and is continuing to influence various sectors.

## Advanced Materials 2018

- Opportunity to attend the presentations delivered by eminent scientists from all over the world
- Selected contributions will be published in following Conference Series llc LTD. Journals
    - Journal of Material Sciences & Engineering
    - Journal of Powder Metallurgy & Mining
    - Bioceramics Development and Applications
    - Nanomedicine & Biotherapeutic Discovery
    - Nanomaterials & Molecular Nanotechnology
- Participation in sessions on specific topics on which the conference is expected to achieve progress
- Global networking: In transferring and exchanging Ideas
- Share your excitement in promoting your skills in the field of designing
- Conference brings together Scientific Researchers, Business Entrepreneurs and Industry Developers

# About Us

## International Journals

- 900 Open Access Journals
- 21 Day rapid review process
- 30000 Editorial team, 35000 Reviewers team
- 3.5 Million readers and high visibility
- More than 100000 facebook fans
- Publication immediately after acceptance
- Quality and quick editorial, review processing

## Key features

- User friendly/feasible website translation of your paper to 50 world's leading languages
- Enhanced feature: Audio version of published paper
- Digital articles to share and explore
- Sharing option: Social networking enabled
- Authors, reviewers and editors are provided with scientific credits

## Conference Series llc LTD.

## Conferences

- 1000 Conferences all over the World every year
- Well organized scientific program
- Renowned speakers and scientists across the globe
- Poster presentations and world class exhibits
- Panel discussions and interactive sessions
- B2B meetings
- Perfect platform for Global Networking

## Key features

- Presentation by renowned speakers from all over the world
- Poster presentations and world class exhibits
- Interactive Sessions
- Platform for global networking
- Connecting scientific community

# About Tokyo

Tokyo is Japan's capital and the world's most populous metropolis. It is also one of Japan's 47 prefectures, consisting of 23 central city wards and multiple cities, towns and villages west of the city center. The Izu and Ogasawara Islands are also part of Tokyo. Prior to 1868, Tokyo was known as Edo. A small castle town in the 16th century, Edo became Japan's political centre in 1603 when Tokugawa Ieyasu established his feudal government there. A few decades later, Edo had grown into one of the world's most populous cities. With the Meiji Restoration of 1868, the emperor and capital moved from Kyoto to Edo, which was renamed Tokyo ("Eastern Capital"). Large parts of Tokyo were destroyed in the Great Kanto Earthquake of 1923 and in the air raids of 1945.

Today, Tokyo offers a seemingly unlimited choice of shopping, entertainment, culture and dining to its visitors. The city's history can be appreciated in districts such as Asakusa, and in many excellent museums, historic temples and gardens. Contrary to common perception, Tokyo also offers a number of attractive green spaces in the city center and within relatively short train rides at its outskirts. An ancient city that has grown organically rather than according to an imposed plan; Tokyo exhibits a layout that differs radically from the grid-like patterns of cities like Washington, D.C., or Chicago. The streets follow no discernible pattern, though they might approximate a spiderweb, with concentric circles like Meiji-dori intersected by radiating streets like Shinjuku-dori and Yamate-dori.

## Important Dates

Abstract submission opens: November 01, 2017
Registration opens: November 01, 2017
Early bird registration: July 31, 2018
On spot registration: September 19, 2018

## Venue

Tokyo, Japan

## Email

advancedmaterials@enggconferences.com
adavancedmaterials@materialsconferences.com

## Abstract Submission

http://advancedmaterials.conferenceseries.com//abstract-submission.php
Note: All the relevant abstracts will be accepted and published in respective conference proceedings.
