Invitation

Dear Attendees,

We are glad to announce the "**29th International Conference on Advanced Materials, Nanotechnology and Engineering**" to be held in **Tokyo, Japan** on **May 29-30, 2023** organized in collaboration with generous support and cooperation from enthusiastic academicians and Editorial Board Members.

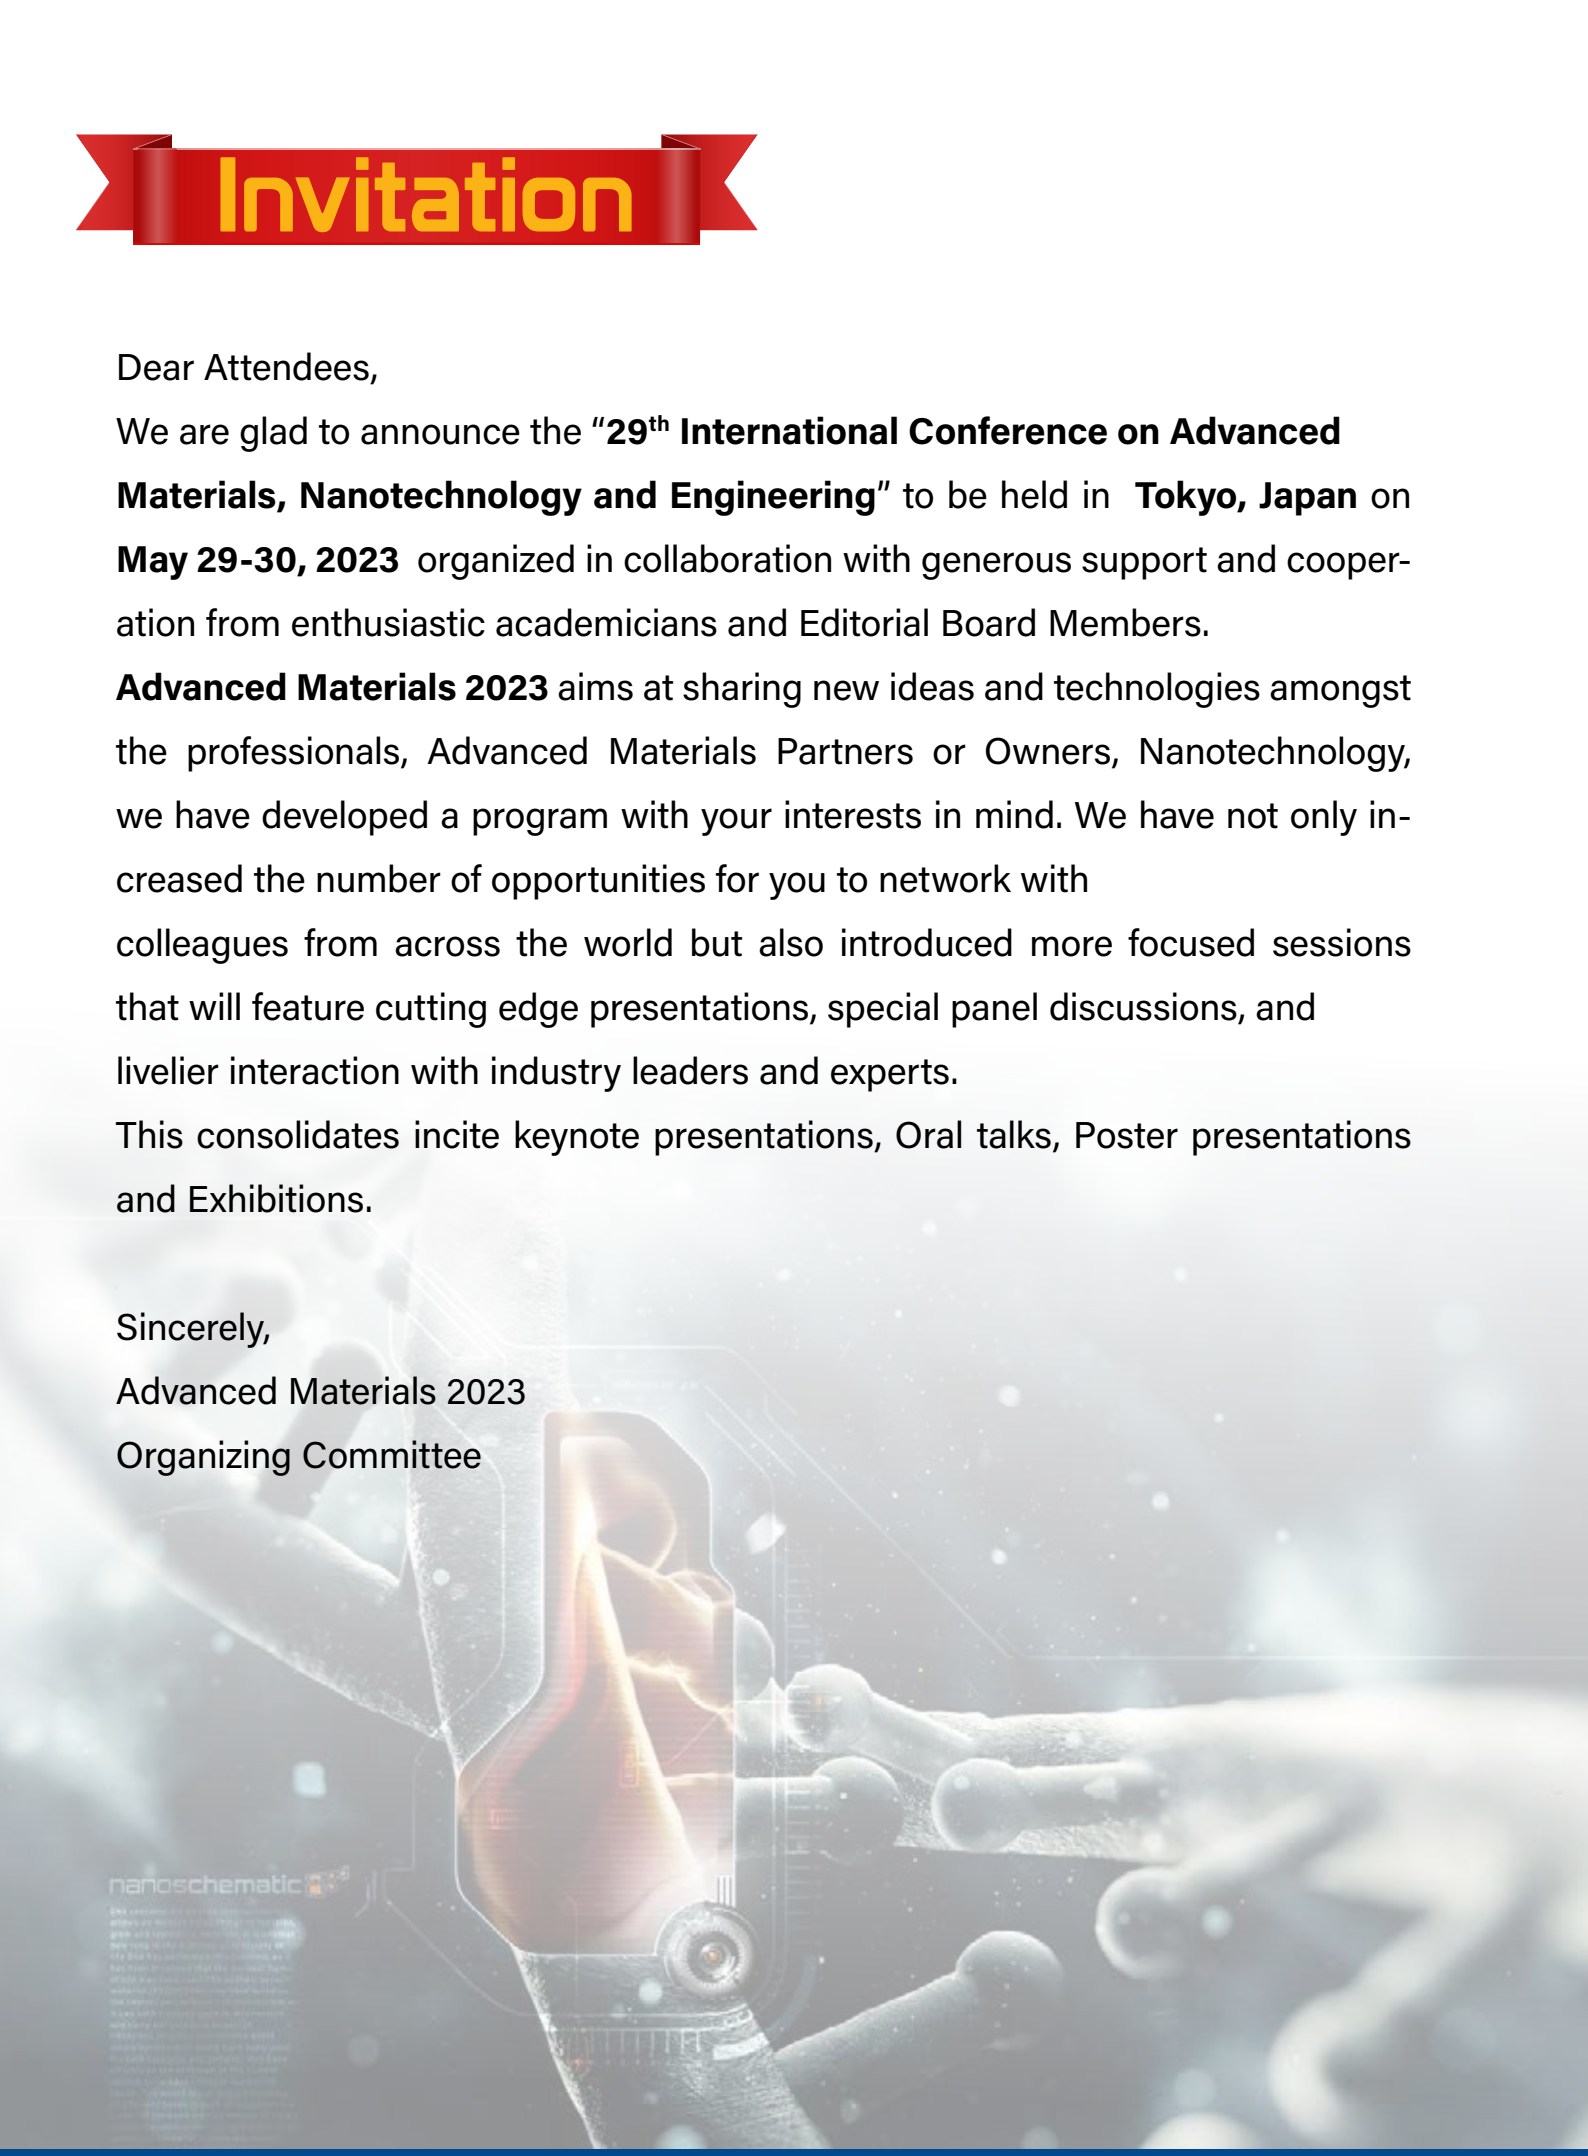

Advanced Materials 2023 aims at sharing new ideas and technologies amongst the professionals, Advanced Materials Partners or Owners, Nanotechnology, we have developed a program with your interests in mind. We have not only increased the number of opportunities for you to network with colleagues from across the world but also introduced more focused sessions that will feature cutting edge presentations, special panel discussions, and livelier interaction with industry leaders and experts.

This consolidates incite keynote presentations, Oral talks, Poster presentations and Exhibitions.

Sincerely,

Advanced Materials 2023

Organizing Committee

ABOUT US

Our International Open Access Journals

- 700+ Leading-edge Peer Reviewed Open Access .
- 21 Day Rapid Review Process
- 50000+ Editorial Board Team, 35000+ Reviewers team
- 30 Million Readers and High Visibility
- 1000+ Scientific Associations Collaborations
- 100000+ Likes
- Publication immediately after acceptance
- Quality and Quick editorial, review processing

Salient Features

- Easy to Submit and Review Systems
- High Quality and Fast Publishing Guaranteed
- Unbiased, quality-oriented, and transparent reviews
- Truly impartial recognition of the best papers
- Feedback on the impact of every article
- Enhanced feature: Audio version of published paper
- Digital articles to share and explore
- Sharing option: Social networking enabled
- Authors, reviewers and editors are provided with scientific credits
- User friendly/feasible website articles translations across more than 50 world languages

Our International Scientific Conferences

- More than 3000 Conferences happening across the globe
- Conferences organized in Medical, Pharma, Engineering, Science, Technology and Business.
- CME/CPD Accredited Conferences fostering professional and Personal development
- Continuum of education through organized scientific program
- Renowned speakers and scientists representing from 40 countries
- Highly Interactive sessions and Panel Discussions
- B2B Meetings offers perfect platform for Global Networking

Salient Features

- Robust on-line publicity for all the speakers and organizing committee members
- Career Guidance Workshops for students and early career researchers
- Accepted Abstracts will be published in various indexed journals
- Accepted abstracts will be labeled with a Digital Object Identification Number (DOI) provided by Cross Ref
- Creation of speakers and abstracts pages in Google
- Opportunity to publish full Manu Scripts in our Open Access Journals

ABOUT CONFERENCE

Advanced Materials 2023 Scientific Committee is honored to welcome you all to attend 29th International Conference on Advanced Materials, Nanotechnology and Engineeringwhich will be held during May 29-30, 2023 at Tokyo, Japan. Advanced Materials will raise the most dynamic and latest issues in the field of Dentistry. The Congress will highlight the discussion around the theme "Driving to the better future for Advance Materials & Nanotechnology" by bridging the gaps between the Advanced Materials and Nanotechnology involves the tracks like Advanced Materials and Functional Devices, Engineering Materials, Composite Materials, Magnetism & Multiferroism, Optical materials and plasmonics, Energy and Harvesting Materials, Nanotechnology-Basics to applications, Nanopore science, Nanomedicine, Bio Nanotechnologies, Carbon nanostructures and graphene, Spintronics, Nanoparticle synthesis and applications.

Advanced Materials 2023 salient features

- Meet Academia and Industry visionaries to get inspired
- Expand your knowledge and find solutions to problems
- Knowledge, Benchmarking and Networking offered at one place
- Forge connections and for global networking
- Highly Organized and Structured Scientific programs
- Poster presentations and world class exhibitions
- Meet with new vendors and suppliers

How Conference Series Conferences differs from others?

- 3000+ Conferences across the globe in 150+ countries all through the year
- Over 25 Million+ Visitors and 20000+ Unique Visitors per conference
- Participation by Stalwarts from various international societies
- Internationally renowned speakers and scientist's representation
- Career guidance for early career researchers and students
- Interesting scientific deliberations and discussions
- Perfect platform for Global Networking

Goals

- The conference program emphasizes evidence-based practice, educational innovation, practical application, and peer to peer networking and collaboration. The goals of the conference is to provide a transformative professional development experience through.
- Bringing together the world's scientific experts to Nanotechnology and advance scientific knowledge about Advanced Materials present the most recent research findings, and promote and enhance scientific collaborations around the world.
- Bringing together community leaders, scientists, and policy leaders to promote and enhance programmatic collaborations to more effectively address regional, national and local responses to Elderly Population around the world and overcome barriers that limit access to care and services

ABOUT CONFERENCE

Who should attend?

Meet Your Objective Business sector With individuals from and around the globe concentrated on fi[illegible]out about Polymer science and Engineering, this is the best chance to achieve the biggest collection of mem[illegible]s from everywhere throughout the World. Conduct shows, disperse data, meet with current, make a sprinkle with another product offering, and get name acknowledgment at this occasion

Scientific Sessions

- Nano Materials
- Nano Structures
- Nanoparticle Synthesis and Applications
- Spintronics, Optical Materials and Plasmonics
- Carbon Nanostructures and Graphene
- Properties of Nano Materials
- Nanotechnology-Basics to Applications
- Energy and Harvesting Materials
- Optical Materials and Plasmonics
- Magnetism & Multiferroism
- Composite Materials
- Engineering Materials
- Advanced Materials and Functional Devices
- Nanometrology and Instrumentation
- Advanced Materials and Nanotechnology
- Science and Technology of Advanced Materials

About hosting organization

Conference Series is the world's leading specialist in organizing Academic, Scientific and Business conferences, meetings, symposiums and exhibitions in different verticals and horizontals like Medical, Pharma, Engineering, Science, Technology and Business to promote scientific research. Every year we host more than 3000+ global events inclusive of 1000+ Conferences 1000+ Symposiums 1000+ Workshops in USA, Europe, Middle East and Asia with the generous support and cooperation from our 30000+ Editorial Board Members, 1000+ ScientificSocieties. All the conference proceedings are published in the special issues of our 700+ Open Access International Journals with the DOI provided by CROSSREF.

Abstract Submission Deadlines:

- The deadline for the first round of abstract submissions is **28th December 2022**
- The deadline for the second round of abstract submissions is **28th February 2023**
- Final round of abstract submissions is **15th April 2023**

Abstract submission link: https://advancedmaterials.conferenceseries.com/abstract-submission.php
Registration link: https://advancedmaterials.conferenceseries.com/registration.php

Conference Supporting Journals:

All accepted abstracts will be published in respective Our International Journals.

- **Journal of Advance materials and Nanotechnology**
- **Nanotechnology and engineering**
- **Advances in Material science**

VENUE

Tokyo is Japan’s capital and the world’s most populous metropolis. It is also one of Japan’s 47 prefectures, consisting of 23 central city wards and multiple cities, towns and villages west of the city center. The Izu and Ogasawara Islands are also part of Tokyo.??, Tōkyō) is Japan’s capital and the world’s most populous metropolis. It is also one of Japan’s 47 prefectures, consisting of 23 central city wards and multiple cities, towns and villages west of the city center. The Izu and Ogasawara Islands are also part of Tokyo.

Prior to 1868, Tokyo was known as Edo. Previously a small castle town, Edo became Japan’s political center in 1603 when Tokugawa Ieyasu established his feudal government there. A few decades later, Edo had grown into one of the world’s largest cities. With the Meiji Restoration of 1868, the emperor and capital moved from Kyoto to Edo, which was renamed Tokyo (“Eastern Capital”). Large parts of Tokyo were destroyed in the Great Kanto Earthquake of 1923 and the air raids of 1945.
