Dear Attendees,

We are glad to announce the 36th International Conference on Advanced Nanotechnology to be held in Dubai, UAE from September 14-15, 2020 organized by Conference Series LLC Ltd, in collaboration with generous support and cooperation from enthusiastic academicians and editorial Board Members.

Advanced Nano 2020 is an extraordinary event to facilitate the dissemination and application of research findings related to Nanotechnology and its research. The conference invites participants from all leading Universities, Clinical Research Institutions and Diagnostic Companies to share their research experiences on all aspects of this rapidly expanding field and thereby, providing a showcase of the latest Medical Imaging and Clinical Research techniques.

As the premier event, we have developed a program with your interests in mind. We have not only increased the number of opportunities for you to network with colleagues from across the world but also introduced more focused sessions that will feature cutting edge presentations, special panel discussions, and livelier interaction with industry leaders and experts.

Life is full of give and take. Make it count in your professional life. Attend the Advanced Nano Technology Conference to network with your peers, exchange expertise and experiences, and arm yourself with the latest information to take your department to the next level.

We look forward to personally welcoming you to Dubai this September.

Sincerely,
Advanced Nano 2020

About Conference

Advanced Nano 2020 Conference website is attracting 25000+ online visitors ranging from Researchers, Academicians and Business professionals, who are working in Nanotechnology field. This unique opportunity that we extend to our speakers and attendees is not being offered by any other conference organizers. Through this the abstracts and research profiles of our speakers and organizing committee members getting global visibility which is an additional feature that you would be receiving in addition to networking opportunities before, during and after the conference.

Advanced Nano 2020 salient features

- Meet Academia and Industry visionaries to get inspired
- Expand your knowledge and find solutions to problems
- Knowledge, Benchmarking and Networking offered at one place
- Forge connections and for global networking
- Highly Organized and Structured Scientific programs
- Poster presentations and world class exhibitions
- Meet with new vendors and suppliers

How Conference Series Conferences differs from others?

- 3000+ Conferences across the globe in 30+ countries all through the year
- Over 25 Million+ Visitors and 20000+ Unique Visitors per conference
- Participation by Stalwarts from various international societies
- Internationally renowned speakers and scientists representation
- Career guidance for early career researchers and students
- Interesting scientific deliberations and discussions
- Perfect platform for Global Networking

Goals

- The conference program emphasizes evidence-based practice, educational innovation, practical application, and peer to peer networking and collaboration. The goals of the conference is to provide a transformative professional development experience.
- Bringing together the world's scientific experts to catalyze and advance scientific knowledge about Medical Imaging and Clinical Research present the most recent research findings, and promote and enhance scientific collaborations around the world.
- Bringing together community leaders, scientists, and policy leaders to promote and enhance programmatic collaborations to more effectively address regional, national and local responses to Elderly Population around the world and overcome barriers that limit access to care and services.

Objectives

After participating in this meeting, attendees should be able to

- Discuss emerging issues in Nanotechnology
- Discuss and apply recent research findings related to Nanotechnology
- Reflect on the place of critical distance in research of Nanotechnology

Who should attend

36th International Conference on Advanced Nanotechnology is among the World's leading Scientific Conference. The two day event on Nanotechnology practices will host 60+ Scientific and technical sessions and sub-sessions on cutting edge research and latest research innovations in the field of Nanotechnology across the globe. This year Advanced Nanotechnology conference will comprises of 25 major sessions designed to offer comprehensive sessions that address current issues in various fields of Nanotechnology. The attendees can find- Exclusive Sessions and Panel discussions on latest innovations in Nanotechnology. By participating in the conference, attendees will be able to study the advances in the Nanotechnology research. This International Advanced Nanotechnology conference provides an opportunity to meet Experts, professionals, academicians and researchers from all over the world. Execute new methods or revise existing methods based on best presented facts as Presented at Nanotechnolgy.

About hosting organization

Conference Series is the world's leading specialist in organizing Academic, Scientific and Business conferences, meetings, symposiums and exhibitions in different verticals and horizontals like Medical, Pharma, Engineering, Science, Technology and Business to promote scientific research. About Dubai

Dubai is a city and emirate in the United Arab Emirates known for luxury shopping, ultramodern architecture and a lively nightlife scene. Burj Khalifa, an 830m-tall tower, dominates the skyscraper-filled skyline. At its foot lies Dubai Fountain, with jets and lights choreographed to music. On artificial islands just offshore is Atlantis, The Palm, a resort with water and marine-animal parks.Dubai is a destination that mixes modern culture with history, adventure with world-class shopping and entertainment. Catch a show at the Dubai Opera, see downtown from atop the Burj Khalifa and spend an afternoon along Dubai Creek exploring the gold, textile and spice souks. If you're looking for thrills, you can float above the desert dunes in a hot air balloon, climb aboard a high-speed ride at IMG Worlds of Adventure or skydive over the Palm Jumeirah.
