Program

Day 1: August 20, 2018

Opening Ceremony

Conference Souvenir Launch
New Perspective frontiers in the area of global weight management and endocrinology
Keynote Forum (& Exhibitions Full day)
(Panel discussions and Reviews)
Coffee Break: Networking & Refreshments
Group Photo

Speaker Forum

Sessions Chair's Introduction
Session 1: Advanced Pharmacy
Session 2: Pharmaceutical Drug Formulations
Session 3: Computer Aided Drug Design
Panel discussions and Reviews

Lunch Break

Young Research Forum
(Panel discussions and Reviews)
Coffee Break: Networking & Refreshments
B2B Meetings
Certificates Felicitation by the organizing Committee

Day 2: August 21, 2018

Introduction

Keynote Forum (& Exhibitions Full day)
(Panel discussions and Reviews)
Coffee Break: Networking & Refreshments

Speaker Forum

Sessions Chair's Introduction
Session 4: Regulatory Affairs & Intellectual Property Rights
Session 5: Pharmaceutical Analysis
Session 6: Pharmacovigilance & Its Significance
Panel discussions and Reviews

Lunch Break

Young Research Forum
(Panel discussions and Reviews)
Coffee Break: Networking & Refreshments
B2B Meetings
Certificates Felicitation by the organizing Committee
Award Ceremony
Felicitation of the best poster awards

Day 3: August 22, 2018, 2018

Introduction

Keynote Forum (& Exhibitions Full day)
(Panel discussions and Reviews)
Coffee Break: Networking & Refreshments

Speaker Forum

Sessions Chair's Introduction
Session 7: Pharmacy Practice & GLP , GMP
Session 8: Pharmaceutical Analysis & Pharmaceutical Marketing
Session 9: Industrial Pharmacy &Physical Pharmacy
Panel discussions and Reviews

Lunch Break

Young Research Forum
(Panel discussions and Reviews)
Coffee Break: Networking & Refreshments
B2B Meetings
Certificates Felicitation by the organizing Committee
Award Ceremony
Felicitation of the best poster awards

Closing Ceremony

Why to Attend???

Pharmaceutical research provides a profitable business opportunity to several pharmaceutical and biotech companies as these technologies have wide application areas such as drug discovery and research followed by New drug delivery systems. With the arrival of advanced technological platforms, it creates a need for effective bioinformatics tools and services in order to manage and analyse huge amount of data released from these technologies. With this view, the scientific sessions for the conference have been designed which paves a way to gather visionaries through the research talks and presentations and put forward many thought provoking information and therapeutic techniques related to Advanced Pharmacy. Thus, it's a great opportunity to concrete your ideas and meet the experts from across the world.

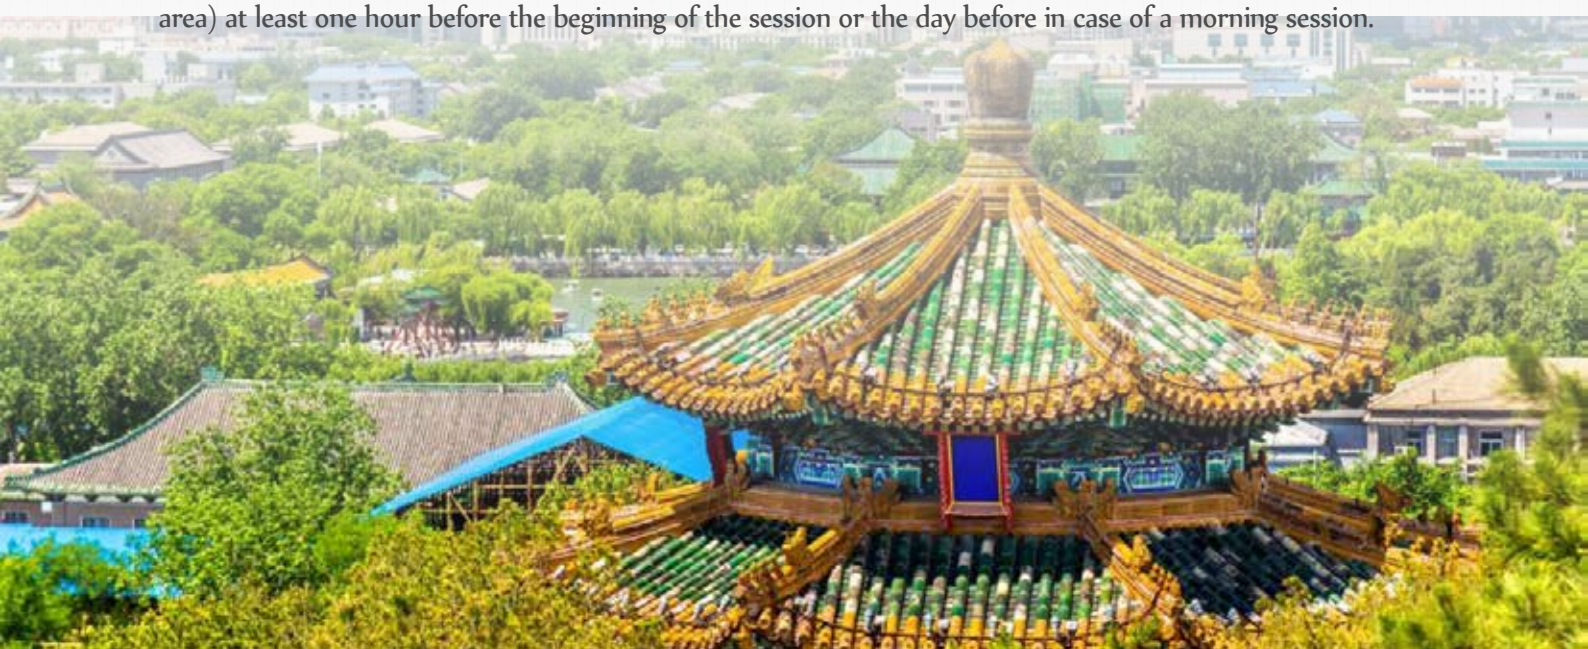

Advanced Pharmacy 2018 mainly focusses on the universities, institutes, research centers and major societies along with companies which hold a big market in transcriptome technologies. Target audience involves students, faculties, researchers, scientists, dean, directors and CEO's of the companies.

Abstract Information: Oral / Poster Presentation Guidelines

Each Plenary lecture is 25 minutes in length and comprises one presentation. We recommend you plan to present for approximately 20 minutes with 5 minutes for questions/discussion. A technician is available in every session room to provide assistance when needed. Due to the online presentation system, all speakers are kindly requested to use provided PC onsite. Please be present in the session room 15 minutes prior the start of your session and follow the instructions from the Chairs and/or technician. During your presentation a remote control will be available for controlling your presentation. Please observe the time allotted to you as you will not be permitted to speak for longer time. At the end of the Congress, all presentations will be deleted from the presentation system and computers on-site.

Speaker Preview Room

All speakers are asked to upload their presentation at the Speaker Preview Room (located in the Registration area) at least one hour before the beginning of the session or the day before in case of a morning session.

Speaker Guidelines

1 Language

- Presentations as well as all audio visual material should be presented in English (slides, DVDs).

2 General instructions

- All presentations are held in Microsoft PowerPoint on a PC running Windows.
- If you are using other than Microsoft Power point on a PC running Windows (example : Open Office, Power point for Mac, Keynote), please make sure your presentation is converted to Microsoft Power point for Windows PCs before you travel to the Congress (preferably by trying the converted presentation on a Windows PC).
- Presentations in Acrobat PDF format or Word format are not accepted.
- Speakers are kindly requested to respect the allotted time to guarantee a smooth running of the sessions.
- Computer projection will be available. Neither slide (35mm) projections nor personal laptops (MAC and PC) will be used in the congress rooms. A single computerized system will manage all projections and will send the presentations to the assigned Congress rooms automatically. This method guarantees an easier management, a higher quality of projection and a quicker and smoother running of the presentations. The use of personal laptops (MAC and PC) for presentations will not be allowed.
- In the Speakers Preview Room, a technician will be present to help the speaker to transfer his or her presentation into the central congress network. When the transfer is complete, the technician performs a quick run of the presentation with the speaker to check whether the presentation runs correctly and all parts of the presentation are copied. Desktop computers will be available at the speaker's secretariat for last minute changes and review of presentation.
- No more changes can be made inside the session rooms where the session takes place
- In each presentation room, a technical assistant starts each presentation at the right time using the computer connected to the central congress network. When the presentation is launched, the speaker has control and can navigate with a remote device.

3 Technical instructions

- During the congress, presentations will run on PowerPoint 2010 with a resolution of 1024 x 768 pixels.
- Your presentation should be prepared in PowerPoint 2003, 2007 or 2010.
- Preferred page setup is landscape orientation with high-contrast lettering and readable fonts (minimum font size = 24)
- Use high-contrast colours: light text on dark background or vice versa
- A maximum of 7 lines / slide and 5 words / line will improve the communication value of your slide.
- PowerPoint presentations on USB memory stick (preferred medium) disk or CD Rom must be delivered at the Speaker Preview Room at least two hours before the beginning of the session.

4 Suggestions to improve a PowerPoint presentation

- In general: the smaller your PowerPoint presentation (in size) the easier to handle it.
- Any movie/image file must be in the same folder of the Power Point presentation and must be copied in the folder before including in the presentation. (1) Alternatively use "Pack and go" or "Package to CD/DVD/USB" in PowerPoint. For ease of possible assistance, if there is a problem with your movies (not playing on standard ma-

chines because codecs under which the movie was recorded are unknown and uninstalled on standard machines) we recommend not to use the new feature in PowerPoint 2010 to EMBED the movies inside your presentation. We advise to LINK to the movie file.

- We suggest putting maximum one movie per slide.
- The following media are recommended to facilitate the presentation download at the Slide Centre: USB memory sticks (preferred medium), CD-ROMs and DVD. It is also possible to download the presentation from a personal laptop at the Slide Centre, provided that the speaker stops at the Slide Centre at least two hours before the beginning of the session.
- Only single projection is available in the congress rooms, as the Organizer does not foresee the double projection.
- Transitions
- Please do not use timer controlled transitions. Timer controlled transitions are transitions that will switch to the next slide after x seconds or minutes. This will interfere with our cue light system and confuse you during your talk.
- Pictures
- Do NOT save the picture as BMP or TIFF (size is too big).
- Images with .gif and .jpg extensions are recommended to obtain a light presentation (other kinds of extensions -recognizable by Power Point -will be accepted all the same).
- Save the pictures used in your presentation on your CD, DVD or USB-stick (In case of problems we can re-insert the original).
- Video
- Movies must not exceed 50 MB each (50 mb is not necessary the limit, we can handle larger movies without any problems but the video may not show up smoothly). Always bring your movies in DVD or other support, and inform the technicians at the Slide Centre the day before the presentation.
- MPG (MPEG), WMV or AVI are the only acceptable video formats.

Poster Guidelines

The poster exhibition will be an integral part of Cardiology Summit 2018.

The poster exhibition will be located on the exhibition area of the congress centre. The area will be clearly signposted from the registration area.

Technical Instructions:

- Posters must be prepared in Portrait style.
- Please DO NOT prepare a landscape poster
- Each poster should be approximately 1x1 M long
- Posters should be attached to the boards with stickers, which you will be supplied to the organizers.
- Poster session schedule Posters will be displayed and presented in session.

Please plan to be at your poster and available to answer questions from delegates at the time of your assigned poster session. Posters will be displayed according to the POSTER numbers given by the organizers and will be grouped by sub topic.

Registration Information

How To Register

Website: http://advancedpharmacy.pharmaceuticalconferences.com/registration.php/registration.php

Registration Fees

- Early Registration Fee: $699.00
  (SAVE $100.00 — DEADLINE: January 07, 2018)
- Regular Registration Fee: $799.00
  (SAVE $100.00 — February 10, 2018 through April 25, 2018)
- Late Registration Fee: $899.00
  (May 15, 2018 through August 20, 2018)
  Group Discount: Registration of three or more attendees will get group discounts
- Student Registration: 249$
- Young Researchers Forum Fee: 499$

Visa Information

Keeping in view of increased security measures, we would like to request all the participants to apply for Visa as soon as possible.

Conference Series/Conferenceseries Ltd will not directly contact embassies and consulates on behalf of visa applicants. All delegates or invitees should apply for Business Visa only.

Important note for failed visa applications: Visa issues cannot come under the consideration of cancellation policy of Conference Series /Conferenceseries Ltd, including the inability to obtain a visa.

Cancellation Policy

Cancellations must be received in writing 60 days prior to the meeting and are subject to a $100 processing fee.

Refunds will not be granted after April 25, 2018, nor will they be given for no-shows. Please email cancellations to advancedpharmacy@conferencesworld.org

Accommodations

Raddison blu Hotel Beijing

6A East Beisanhuan Road,

Chaoyang District 100028, Beijing, China

To make reservations and ensure that you will have a hotel room at the same location as the conference, please choose your package and register at http://advancedpharmacy.pharmaceuticalconferences.com/registration.php/registration.php

Stay Connected Before, During and After the Event!

About the Conference

Following the tradition of successful Congresses held in several European countries, Dubai, Spain, Italy, India, South Africa and USA, the Organizing Committee of Conference Series Ltd is pleased to invite all the participants across the globe to attend the World Congress on Advanced Pharmacy and Industrial Research on August 20-22, 2018 at Beijing, China.

The conference is a specially organized three days event which will provide a multi-channel communication platform that brings together both "producers" and "consumers" of pharma world of generic sector. It includes prompt keynote presentations, Oral talks, Poster presentations and Exhibitions. It is a perfect platform for researchers, scientists and, delegates to share experience, Poster collaborations across industry and academia, and evaluate emerging technologies across the globe.

Conference Series Ltd organizes a conference series of 1000+ Global Events inclusive of 1000+ Conferences, 500+ Upcoming and Previous Symposiums and Workshops in USA, Europe & Asia with support from 1000 more scientific societies and publishes 700+ Open access Journals which contains over 50000 eminent personalities, reputed scientists as editorial board members.

Why to attend?

Pharmaceutical research provides a profitable business opportunity to several pharmaceutical and biotech companies as these technologies have wide application areas such as drug discovery and research followed by New drug delivery systems . With the arrival of advanced technological platforms, it creates a need for effective bioinformatics tools and services in order to manage and analyse huge amount of data released from these technologies. With this view, the scientific sessions for the conference have been designed which paves a way to gather visionaries through the research talks and presentations and put forward many thought provoking information and therapeutic techniques related to Advanced Pharmacy. Thus, it's a great opportunity to concrete your ideas and meet the experts from across the world.

Advanced Pharmacy 2018 mainly focusses on the universities, institutes, research centers and major societies along with companies which hold a big market in transcriptome technologies. Target audience involves students, faculties, researchers, scientists, dean, directors and CEO's of the companies.

We welcome all interested participants to join us for our conference on Advanced Pharmacy 2018 at the exquisite destination of Beijing in China.

Our Conference will provide a perfect platform addressing:

- Laudable talks by the top-notch of the global scientific community
- Sterling workshop sessions
- Remarkable Awards and Global Recognition to meritorious Researchers
- Global Networking with 50+ Countries
- Novel Techniques to Benefit Your Research
- Global Business and Networking Opportunities
- Exquisite Platform for showcasing your products and International Sponsorship

About Beijing:

Beijing (formerly Romanized as Peking) is the capital of the People's Republic of China and the world's third most populous city proper. It is also one of the world's most populous capital cities. Beijing is the second largest Chinese city by urban population after Shanghai and is the nation's political, cultural, and educational center. It is home to the headquarters of most of China's largest state-owned companies, and is a major hub for the national highway, expressway, railway, and high-speed rail networks. The Beijing Capital International Airport is the second busiest in the world by passenger traffic. The city's subway network is among the longest and busiest in the world. The city is renowned for its opulent palaces, temples, parks, gardens, tombs, walls and gates, and its art treasures and universities have made it a center of culture and art in China.

Beijing has seven UNESCO World Heritage Sites – the Forbidden City, Temple of Heaven, Summer Palace, Ming Tombs, Zhoukoudian, as well as parts of the Great Wall and the Grand Canal. Beijing hosted the 2008 Summer Olympics and was chosen to host the 2022 Winter Olympics, which will make it the first city to ever host both events.

Beijing's primary airport is the Beijing Capital International Airport (IATA: PEK) about 20 kilometers (12 mi) northeast of the city center. The airport is the second busiest airport in the world after Hartsfield-Jackson Atlanta International Airport. After renovations for the 2008 Olympics, the airport now boasts three terminals, with Terminal 3 being one of the largest in the world. Most domestic and nearly all international flights arrive at and depart from Capital Airport. It is the main hub for Air China and a hub for China Southern and Hainan Airlines. The airport links Beijing with almost every other Chinese city with regular air passenger service.
