Program

Day 1: July 16, 2018

Opening Ceremony

Conference Souvenir Launch
Pharmacy for Future - The Advances and Impacts
Keynote Forum (& Exhibitions Full day)
(Panel discussions and Reviews)
Coffee Break: Networking & Refreshments
Group Photo

Speaker Forum

Sessions Chair's Introduction
Session Innovations in Drug discovery &Development, Pharmacovigilance & Clinical Trials
Session Molecular and Cellular Biology
Session Biopharmaceuticals and biosimilars, Computational Chemistry & Molecular Drug Design
Panel discussions and Reviews

Lunch Break

Young Research Forum
(Panel discussions and Reviews)
Coffee Break: Networking & Refreshments
B2B Meetings
Certificates Felicitation by the organizing Committee

Day 2: July 17, 2018

Introduction

Keynote Forum (& Exhibitions Full day)
(Panel discussions and Reviews)
Coffee Break: Networking & Refreshments

Speaker Forum

Sessions Chair's Introduction
Session Pharmacogenomics, New drug targets and biomarkers,Pharmacology & Toxicology
Session Clinical Pharmacy & Pharmacy Community, Advancement in bioanalysis, Industrial & Regulatory pharmacy
Session Nanotechnology in Drug Delivery, Medicinal research , Advances in pharma analytical methods
Panel discussions and Reviews

Lunch Break

Young Research Forum
(Panel discussions and Reviews)
Coffee Break: Networking & Refreshments
B2B Meetings
Certificates Felicitation by the organizing Committee
Award Ceremony
Felicitation of the best poster awards

Award closing Ceremony

Day Concludes

Why to Attend???

Pharmaceutical research provides a profitable business opportunity to several pharmaceutical and biotech companies as these technologies have wide application areas such as drug discovery and research followed by New drug delivery systems. With the arrival of advanced technological platforms, it creates a need for effective bioinformatics tools and services in order to manage and analyse huge amount of data released from these technologies. With this view, the scientific sessions for the conference have been designed which paves a way to gather visionaries through the research talks and presentations and put forward many thought provoking information and therapeutic techniques related to Advanced Pharmacy. Thus, it's a great opportunity to concrete your ideas and meet the experts from across the world.

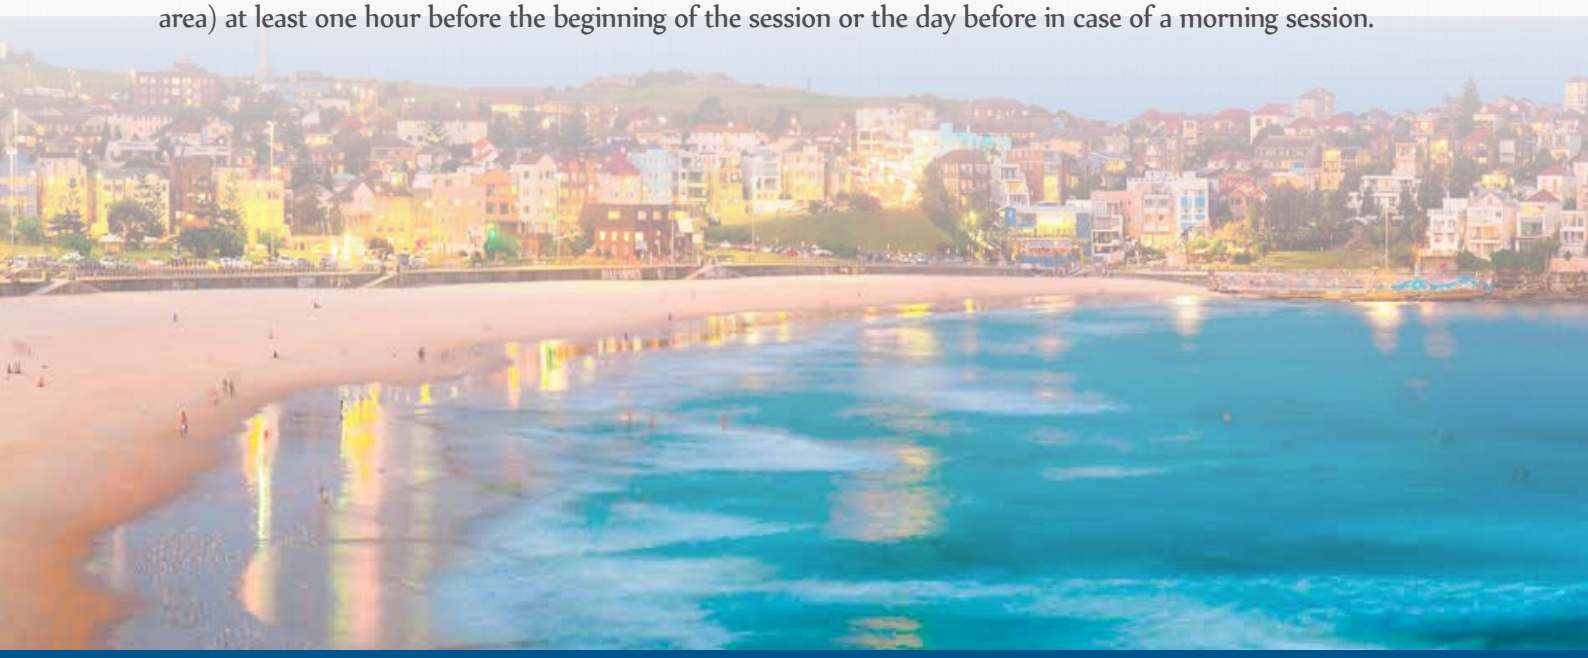

Advanced Pharmacy 2018 mainly focusses on the universities, institutes, research centers and major societies along with companies which hold a big market in transcriptome technologies. Target audience involves students, faculties, researchers, scientists, dean, directors and CEO's of the companies.

Abstract Information: Oral / Poster Presentation Guidelines

Each Plenary lecture is 25 minutes in length and comprises one presentation. We recommend you plan to present for approximately 20 minutes with 5 minutes for questions/discussion. A technician is available in every session room to provide assistance when needed. Due to the online presentation system, all speakers are kindly requested to use provided PC onsite. Please be present in the session room 15 minutes prior the start of your session and follow the instructions from the Chairs and/or technician. During your presentation a remote control will be available for controlling your presentation. Please observe the time allotted to you as you will not be permitted to speak for longer time. At the end of the Congress, all presentations will be deleted from the presentation system and computers on-site.

Speaker Preview Room

All speakers are asked to upload their presentation at the Speaker Preview Room (located in the Registration area) at least one hour before the beginning of the session or the day before in case of a morning session.

Speaker Guidelines

1 Language

- Presentations as well as all audio visual material should be presented in English (slides, DVDs).

2 General instructions

- All presentations are held in Microsoft PowerPoint on a PC running Windows.
- If you are using other than Microsoft Power point on a PC running Windows (example : Open Office, Power point for Mac, Keynote), please make sure your presentation is converted to Microsoft Power point for Windows PCs before you travel to the Congress (preferably by trying the converted presentation on a Windows PC).
- Presentations in Acrobat PDF format or Word format are not accepted.
- Speakers are kindly requested to respect the allotted time to guarantee a smooth running of the sessions.
- Computer projection will be available. Neither slide (35mm) projections nor personal laptops (MAC and PC) will be used in the congress rooms. A single computerized system will manage all projections and will send the presentations to the assigned Congress rooms automatically. This method guarantees an easier management, a higher quality of projection and a quicker and smoother running of the presentations. The use of personal laptops (MAC and PC) for presentations will not be allowed.
- In the Speakers Preview Room, a technician will be present to help the speaker to transfer his or her presentation into the central congress network. When the transfer is complete, the technician performs a quick run of the presentation with the speaker to check whether the presentation runs correctly and all parts of the presentation are copied. Desktop computers will be available at the speaker's secretariat for last minute changes and review of presentation.
- No more changes can be made inside the session rooms where the session takes place
- In each presentation room, a technical assistant starts each presentation at the right time using the computer connected to the central congress network. When the presentation is launched, the speaker has control and can navigate with a remote device.

3 Technical instructions

- During the congress, presentations will run on PowerPoint 2010 with a resolution of 1024 x 768 pixels.
- Your presentation should be prepared in PowerPoint 2003, 2007 or 2010.
- Preferred page setup is landscape orientation with high-contrast lettering and readable fonts (minimum font size = 24)
- Use high-contrast colours: light text on dark background or vice versa
- A maximum of 7 lines / slide and 5 words / line will improve the communication value of your slide.
- PowerPoint presentations on USB memory stick (preferred medium) disk or CD Rom must be delivered at the Speaker Preview Room at least two hours before the beginning of the session.

4 Suggestions to improve a PowerPoint presentation

- In general: the smaller your PowerPoint presentation (in size) the easier to handle it.
- Any movie/image file must be in the same folder of the Power Point presentation and must be copied in the folder before including in the presentation. (1) Alternatively use "Pack and go" or "Package to CD/DVD/USB" in PowerPoint. For ease of possible assistance, if there is a problem with your movies (not playing on standard ma-

chines because codecs under which the movie was recorded are unknown and uninstalled on standard machines) we recommend not to use the new feature in PowerPoint 2010 to EMBED the movies inside your presentation. We advise to LINK to the movie file.

- We suggest putting maximum one movie per slide.
- The following media are recommended to facilitate the presentation download at the Slide Centre: USB memory sticks (preferred medium), CD-ROMs and DVD. It is also possible to download the presentation from a personal laptop at the Slide Centre, provided that the speaker stops at the Slide Centre at least two hours before the beginning of the session.
- Only single projection is available in the congress rooms, as the Organizer does not foresee the double projection.
- Transitions
- Please do not use timer controlled transitions. Timer controlled transitions are transitions that will switch to the next slide after x seconds or minutes. This will interfere with our cue light system and confuse you during your talk.
- Pictures
- Do NOT save the picture as BMP or TIFF (size is too big).
- Images with .gif and .jpg extensions are recommended to obtain a light presentation (other kinds of extensions -recognizable by Power Point -will be accepted all the same).
- Save the pictures used in your presentation on your CD, DVD or USB-stick (In case of problems we can re-insert the original).
- Video
- Movies must not exceed 50 MB each (50 mb is not necessary the limit, we can handle larger movies without any problems but the video may not show up smoothly). Always bring your movies in DVD or other support, and inform the technicians at the Slide Centre the day before the presentation.
- MPG (MPEG), WMV or AVI are the only acceptable video formats.

Poster Guidelines

The poster exhibition will be an integral part of Cardiology Summit 2018.

The poster exhibition will be located on the exhibition area of the congress centre. The area will be clearly signposted from the registration area.

Technical Instructions:

- Posters must be prepared in Portrait style.
- Please DO NOT prepare a landscape poster
- Each poster should be approximately 1x1 M long
- Posters should be attached to the boards with stickers, which you will be supplied to the organizers.
- Poster session schedule Posters will be displayed and presented in session.

Please plan to be at your poster and available to answer questions from delegates at the time of your assigned poster session. Posters will be displayed according to the POSTER numbers given by the organizers and will be grouped by sub topic.

Registration Information

How To Register

Website: https://advancedpharmacy.pharmaceuticalconferences.com/registration.php

Registration Fees

- Early Registration Fee: $699.00
  (SAVE $100.00 — DEADLINE: April 17, 2018)
- Regular Registration Fee: $799.00
  (SAVE $100.00 — April 18, 2018 through May 31, 2018)
- Late Registration Fee: $899.00
  (May 31, 2018 through July 16, 2018)
  Group Discount: Registration of three or more attendees will get group discounts
- Student Registration: $349
- Young Researchers Forum Fee: $399

Visa Information

Keeping in view of increased security measures, we would like to request all the participants to apply for Visa as soon as possible.

Conference Series llc LTD/Conferenceseries Ltd will not directly contact embassies and consulates on behalf of visa applicants. All delegates or invitees should apply for Business Visa only.

Important note for failed visa applications: Visa issues cannot come under the consideration of cancellation policy of Conference Series llc LTD /Conferenceseries Ltd, including the inability to obtain a visa.

Cancellation Policy

Cancellations must be received in writing 60 days prior to the meeting and are subject to a $100 processing fee.

Refunds will not be granted after May 16, 2018, nor will they be given for no-shows. Please email cancellations to advancedpharmacy@conferencesworld.org

Accommodations

Sydney, Australia

To make reservations and ensure that you will have a hotel room at the same location as the conference, please choose your package and register at https://advancedpharmacy.pharmaceuticalconferences.com/registration.php

About the Conference

Following the tradition of successful Congresses held in several European countries, Dubai, Spain, Italy, India, South Africa and USA, the Organizing Committee of Conference Series llc LTD Ltd is pleased to invite all the participants across the globe to attend the World Congress on Advanced Pharmacy and Clinical Research on July 16-17, 2018 Sydney, Australia.

The conference is a specially organized three days event which will provide a multi-channel communication platform that brings together both "producers" and "consumers" of pharma world of generic sector. It includes prompt keynote presentations, Oral talks, Poster presentations and Exhibitions. It is a perfect platform for researchers, scientists and, delegates to share experience, Poster collaborations across industry and academia, and evaluate emerging technologies across the globe.

Conference Series llc LTD Ltd organizes a Conference Series llc LTD of 1000+ Global Events inclusive of 1000+ Conferences, 500+ Upcoming and Previous Symposiums and Workshops in USA, Europe & Asia with support from 1000 more scientific societies and publishes 700+ Open access Journals which contains over 50000 eminent personalities, reputed scientists as editorial board members.

Why to attend?

Pharmaceutical research provides a profitable business opportunity to several pharmaceutical and biotech companies as these technologies have wide application areas such as drug discovery and research followed by New drug delivery systems . With the arrival of advanced technological platforms, it creates a need for effective bioinformatics tools and services in order to manage and analyse huge amount of data released from these technologies. With this view, the scientific sessions for the conference have been designed which paves a way to gather visionaries through the research talks and presentations and put forward many thought provoking information and therapeutic techniques related to Advanced Pharmacy. Thus, it's a great opportunity to concrete your ideas and meet the experts from across the world.

Advanced Pharmacy 2018 mainly focusses on the universities, institutes, research centers and major societies along with companies which hold a big market in transcriptome technologies. Target audience involves students, faculties, researchers, scientists, dean, directors and CEO's of the companies.

We welcome all interested participants to join us for our conference on Advanced Pharmacy 2018 at the exquisite destination of Sydney, Australia.

Our Conference will provide a perfect platform addressing:

- Laudable talks by the top-notch of the global scientific community
- Sterling workshop sessions
- Remarkable Awards and Global Recognition to meritorious Researchers
- Global Networking with 50+ Countries
- Novel Techniques to Benefit Your Research
- Global Business and Networking Opportunities
- Exquisite Platform for showcasing your products and International Sponsorship

About Australia:

Australia - the diverse land down under, home to so many fascinating natural landmarks and a country that is thought of in so many different ways. We are a multi-cultural country that welcomes all nations, backgrounds and religions. But there are many interesting facts about Australia that you may not be aware of. Australia boasts some of the world's most beautiful natural wonders such as the Great Barrier Reef - the world's largest coral reef system, the Heritage Listed Ayers Rock (Uluru), the Bungle Bungles in Western Australia, the Twelve Apostles along the Great Ocean Road. Man-made icons include the Sydney Harbour Bridge and the Sydney Opera House. There are many beautiful lakes in Australia with Lake Eyre in South Australia covering a surface area of 9500 square kilometres, when the lake is full it is the largest lake in Australia. Another lake that attracts many visitors is Lake St Clair in Tasmania. Lake St Clair is the deepest lake in Australia that covers an area of 430 square metres and forms part of Cradle Mountain. Lake Argyle is the largest artificial lake which covers a surface area of 1000 square kilometres. Located in Western Australia near Kununurra the primary inflow of Lake Argyle comes from the Ord River. Lake Argyle is very beautiful and a cruise is a great way to experience the lake.

The climate in Australia varies with tropical climate in the northern parts, subtropical in the south and temperate in the south east and south west. Canberra can be very cool in winter and the coldest temperature recorded was -14.60 degrees in 1971 while Stanthorpe in Queensland holds the record for the lowest temperature in the state. Rainfall in Australia is generally seasonal with the highest rainfall occurring at Mount Lofty in South Australia and the lowest in the desert regions. The varied weather in Australia allows for a variety of outdoor sports such as sailing, skiing, hiking and rock climbing.
