Dear Attendees,

We are glad to announce the 3rd International Conference on Advanced Robotics, Mechatronics and Artificial Intelligence to be held in Berlin, Germany from July 11-12, 2019 organized by Conference Series llc LTD, Europe in collaboration and cooperation from enthusiastic academicians and editorial Board Members.

To discuss the latest issues and trends in the pitch of Robotics and Mechatronics which is advancing for a more smarter world. Advanced Robotics 2019 is intended with a theme for "Boundless Implications of Automation and Control Systems in Mechatronics". Advanced Robotics 2019 encompasses the recent drifts and novel techniques in research and technology with respect to Advanced Robotics, Mechatronics and Artificial Intelligence.

As the premier event, we have developed a program with your interests in mind. We have not only increased the number of opportunities for you to network with colleagues from across the world but also introduced more focused sessions that will feature cutting edge presentations, special panel discussions, and livelier interaction with industry leaders and experts.

Life is full of give and take. Make it count in your professional life. Attend the Advanced Robotics 2019 Conference to network with your peers, exchange expertise and experiences, and arm yourself with the latest information to take your department to the next level.

We look forward to personally welcoming you to Berlin in July 2019.

Sincerely,

Advanced Robotics 2019

Our International Open Access Journals

- 700+ Leading-edge Peer Reviewed Open Access Journals
- 21 Day Rapid Review Process
- 50000+ Editorial Board Team, 35000+ Reviewers team
- 30 Million Readers and High Visibility
- 1000+ Scientific Associations Collaborations
- 100000+ facebook fans Likes
- Publication immediately after acceptance
- Quality and Quick editorial, review processing

Salient Features

- Easy to Submit and Review Systems
- High Quality and Fast Publishing Guaranteed
- Unbiased, quality-oriented, and transparent reviews
- Truly impartial recognition of the best papers
- Feedback on the impact of every article
- Enhanced feature: Audio version of published paper
- Digital articles to share and explore
- Sharing option: Social networking enabled
- Authors, reviewers and editors are provided with scientific credits
- User friendly/feasible website articles translations across more than 50 world languages

Our International Scientific Conferences

- More than 3000 Conferences happening across the globe
- Conferences organized in Medical, Pharma, Engineering, Science, Technology and Business.
- CME/CPD Accredited Conferences fostering professional and Personal development
- Continuum of education through organized scientific program
- Renowned speakers and scientists representing from 40 countries
- Highly Interactive sessions and Panel Discussions
- B2B Meetings offers perfect platform for Global Networking

Salient Features

- Robust on-line publicity for all the speakers and organizing committee members
- Career Guidance Workshops for students and early career researchers
- Accepted Abstracts will be published in various indexed journals
- Accepted abstracts will be labeled with a Digital Object Identification Number (DOI) provided by Cross Ref
- Creation of speakers and abstracts pages in Google
- Opportunity to publish full Manu Scripts in our Open Access Journals

Special Issues : All accepted abstracts will be

published inrespective Conference Series llc LTD Journals

Each abstract will be provided with Digital Object Identifier by Crossref

About Conference

The importance of Robotics and Mechatronics is growing rapidly, influencing the industrial sector and scientific community. The significance of it has made a huge advancement in the evolution of Robotics, Mechatronics and Artificial Intelligence which has modernized the world. Advanced Robotics 2019 Conference website is attracting 25000+Robotics researchers, online visitors ranging from Researchers, Academicians and Business professionals, who are working in this field. This unique opportunity that we extend to our speakers and attendees is not being offered by any other conference organizers. Through this the abstracts and research profiles of our speakers and organizing committee members getting global visibility which is an additional feature that you would be receiving in addition to networking opportunities before, during and after the conference.

Advanced Robotics 2019 salient features

- Meet Academia and Industry visionaries to get inspired
- Expand your knowledge and find solutions to problems
- Knowledge, Benchmarking and Networking offered at one place
- Forge connections and for global networking
- Highly Organized and Structured Scientific programs
- Poster presentations and world class exhibitions
- Meet with new vendors and suppliers

How Conference Series Conferences differs from others?

- 3000+ Conferences across the globe in 30+ countries all through the year
- Over 25 Million+ Visitors and 20000+ Unique Visitors per conference
- Participation by Stalwarts from various international societies
- Internationally renowned speakers and scientists representation
- Career guidance for early career researchers and students
- Interesting scientific deliberations and discussions
- Perfect platform for Global Networking

Goals

The conference program emphasizes evidence-based practice, educational innovation, practical application, and peer to peer networking and collaboration. The goals of the conference is to provide a transformative professional development experience through

- Bringing together the world's scientific experts to catalyze and advance scientific knowledge about Advanced Robotics and Mechatronics present the most recent research findings, and promote and enhance scientific collaborations around the world.
- We have the provocative sessions including Robotics, Mechatronics, Automation, Control Systems, Automation Tools, Human Robot Interaction.

About Conference

Advanced Robotics 2019

Objectives

After participating in this meeting, attendees should be able to

- Discuss emerging issues in Advanced Robotics, Mechatronics and Artificial Intelligence
- Discuss and apply recent research findings related to Advanced Robotics, Mechatronics and Artificial Intelligence
- Reflect on the place of critical distance in Advanced Robotics, Mechatronics and Artificial Intelligence

Who should attend

3rd International Conference on Advanced Robotics, Mechatronics and Artificial Intelligence is exclusively designed for experts, researchers, scholars and students from all areas of Mechanical Engineering, Electrical Engineering, Automotive Engineering, Material Science Engineering, Computer Science Engineering and other related fields and Robotics research and business.

About hosting organization

Conference Series LLC Ltd is the world's leading specialist in organizing Academic, Scientific and Business conferences, meetings, symposia and exhibitions in different verticals and horizontals like Medical, Pharma, Engineering, Science, Technology and Business to promote scientific research. Every year we host more than 3000+ global events inclusive of 1000+ Conferences 1000+ Symposia 1000+ Workshops in USA, Europe, Middle East and Asia with the generous support and cooperation from our 30000+ Editorial Board Members, 1000+ Scientific Societies. All the conference proceedings are published in the special issues of our 700+ Open Access International Journals with the DOI provided by Crossref

MajorSessions

- Robotics
- Mechatronics
- Human Robot Interaction
- Automation
- Control Systems
- Control Methods
- Intelligent Systems
- Intelligent Control Systems and Optimization
- Role of Automation in Robotics
- Application of Automation
- Control Theory and Optimization Technique
- Safety standards for robots and systems

About Berlin

Berlin is the capital and largest city of Germany both in area and population. It is the home to world-renowned universities, orchestras, museums, and entertainment venues, and is host to many sporting events. The official and predominant spoken language in Berlin is German. It is one among the most multicultural cities in the world. Berlin was merged with the city of Colln, located on the other side of the Spree River. It is also a leading city in terms of arts, education, fashion, healthcare, finance, commerce, tourism, research and development and many more. It approximately covers 891.8 km^2 with an aggregate average of 35.7 lakhs population. It has a pleasant weather and has a number of tourist attraction. The tourist attractions in the city are Brandenburg Gate, Bebelplatz, Berlin Cathedral, Kaiser Wilhelm Memorial Church, Museum Island, Alexanderplatz, Berlin TV Tower, German Church, Jewish Museum, Victory Column, Red Town Hall etc.
