Invitation

Dear Attendees,

We are glad to announce the 6th International Conference on Aerospace and Aerodynamics to be held in Barcelona, Spain from August 02-04, 2018 organized by Conference Series Ltd. in collaboration with generous support and cooperation from enthusiastic academicians and editorial Board Members.

This conference is a unique international platform that's a confluence of all stake holders of the ecosystem – Industry, Academia, Researchers, Innovators, Regulators – coming together to present and discuss current topics in Aerospace Engineering, Aeronautics, Astronautics, Space Missions, Applications of Aerospace Technology, Aerospace Design Engineering, Fluid mechanics, Aerodynamics, Avionics, Heat transfer, Aeroacoustics, Rocket propulsion, Unmanned Aerial Vehicles, Airship design and Development, Aircraft Stability and Control, Spaceflight Mechanics, Automation for Aerospace Industry, Space explorations and will be available to discuss with you the latest issues and trends in the field of Aircrafts and Spacecrafts..

As the premier event, we have developed a program with your interests in mind. We have not only increased the number of opportunities for you to network with colleagues from across the world but also introduced more focused sessions that will feature cutting edge presentations, special panel discussions, and livelier interaction with industry leaders and experts.

Life is full of give and take. Make it count in your professional life. Attend the Aerospace & Aerodynamics Conference to network with your peers, exchange expertise and experiences, and arm yourself with the latest information to take your department to the next level.

We look forward to personally welcoming you to Rome this June.

Sincerely,
Aerospace 2018
Organizing Committee

Our International Open Access Journals

- 700+ Leading-edge Peer Reviewed Open Access Journals
- 21 Day Rapid Review Process
- 50000+ Editorial Board Team, 35000+ Reviewers team
- 30 Million Readers and High Visibility
- 1000+ Scientific Associations Collaborations
- 100000+ facebook Likes
- Publication immediately after acceptance
- Quality and Quick editorial, review processing

Salient Features

- Easy to Submit and Review Systems
- High Quality and Fast Publishing Guaranteed
- Unbiased, quality-oriented, and transparent reviews
- Truly impartial recognition of the best papers
- Feedback on the impact of every article
- Enhanced feature: Audio version of published paper
- Digital articles to share and explore
- Sharing option: Social networking enabled
- Authors, reviewers and editors are provided with scientific credits
- User friendly/feasible website articles translations across more than 50 world languages

Our International Scientific Conferences

- More than 3000 Conferences happening across the globe
- Conferences organized in Medical, Pharma, Engineering, Science, Technology and Business.
- CME/CPD Accredited Conferences fostering professional and Personal development
- Continuum of education through organized scientific program
- Renowned speakers and scientists representing from 40 countries
- Highly Interactive sessions and Panel Discussions
- B2B Meetings offers perfect platform for Global Networking

Salient Features

- Robust on-line publicity for all the speakers and organizing committee members
- Career Guidance Workshops for students and early career researchers
- Accepted Abstracts will be published in various indexed journals
- Accepted abstracts will be labeled with a Digital Object Identification Number (DOI) provided by Cross Ref
- Creation of speakers and abstracts pages in Google
- Opportunity to publish full Manu Scripts in our Open Access Journals

Special Issues : All accepted abstracts will be
published inrespective Conference Series LLC Journals
Each abstract will be provided with digital Object Identifier by Crossref

About Conference

Aerospace 2018 Conference website is attracting 25000+ Aeronautics and Astronautics scientists and experts starting from Researchers, Academicians and Business in the field of Aerospace Engineering. This distinctive chance that we tend to be our speakers and attendees isn't being offered by the other conference organizers. Through this the abstracts and analysis profiles of our speakers and organizing committee members obtaining world visibility that is a further feature that you simply would be receiving additionally to networking opportunities before, throughout and when the conference..

Aerospace 2018 salient features

- Meet Academia and Industry visionaries to get inspired
- Expand your knowledge and find solutions to problems
- Knowledge, Benchmarking and Networking offered at one place
- Forge connections and for global networking
- Highly Organized and Structured Scientific programs
- Poster presentations and world class exhibitions
- Meet with new vendors and suppliers

How Conference Series Conferences differs from others?

- 3000+ Conferences across the globe in 30+ countries all through the year
- Over 25 Million+ Visitors and 20000+ Unique Visitors per conference
- Participation by Stalwarts from various international societies
- Internationally renowned speakers and scientists representation
- Career guidance for early career researchers and students
- Interesting scientific deliberations and discussions
- Perfect platform for Global Networking

Goals

- The conference program emphasizes evidence-based practice, educational innovation, practical application, and peer to peer networking and collaboration. The goals of the conference is to provide a transformative professional development experience through
- Bringing together the world's scientific experts to catalyze and advance scientific knowledge about Exhibition on Aerospace 2018 present the most recent research findings, and promote and enhance scientific collaborations around the world.

About Conference

Aerospace 2018

Objectives

After participating in this meeting, attendees should be able to

- Discuss emerging issues in Aerospace Engineering
- Discuss and apply recent research findings related to Aeronautics and Astronautics
- Reflect on the place of critical distance in Aerospace Research

Who should attend

6th International Conference on Aerospace and Aerodynamics is exclusively designed for Aeronautics and Astronautics Researchers, Material Science Researchers, Representatives of Defence Sectors, Business Entrepreneurs, Mathematicians, Astrophysicists and others engaged in endeavors related to Aerospace Sector.

About hosting organization

Conference Series is the world's leading specialist in organizing Academic, Scientific and Business conferences, meetings, symposiums and exhibitions in different verticals and horizontals like Medical, Pharma, Engineering, Science, Technology and Business to promote scientific research. Every year we host more than 3000+ global events inclusive of 1000+ Conferences 1000+ Symposiums 1000+ Workshops in USA, Europe, Middle East and Asia with the generous support and cooperation from our 30000+ Editorial Board Members, 1000+ Scientific Societies. All the conference proceedings are published in the special issues of our 700+ Open Access International Journals with the DOI provided by Crossref

Major Sessions

- Aerospace
- Aeronautics
- Astronautics
- Applications of aerospace technology
- Fluid mechanics
- Aerodynamics
- Avionics
- Heat Transfer
- Aeroacoustics
- Rocket Propulsion
- Unmanned Aerial Vehicle
- Airship design and Development
- Aircraft stability and control
- Space flight mechanics
- Space explorations
- Industrial Automation
- Material Science
- Aerospace Design Engineering
- Satellite Communications
- Climate change and weather forecasting

About Barcelona

Barcelona is the capital city of the autonomous community of Catalonia in the Kingdom of Spain, as well as the country's second most populous municipality, with a population of 1.6 million within city limits. Its urban area extends beyond the administrative city limits with a population of around 4.7 million people, being the sixth-most populous urban area in the European Union after Paris, London, Madrid, the Ruhr area and Milan. It is the largest metropolis on the Mediterranean Sea, located on the coast between the mouths of the rivers Llobregat and Besòs, and bounded to the west by the Serra de Collserola mountain range, the tallest peak of which is 512 metres (1,680 feet) high.

Barcelona has a rich cultural heritage and is today an important cultural centre and a major tourist destination. The city is known for hosting the 1992 Summer Olympics as well as world-class conferences and expositions and also many international sport tournaments. Barcelona is one of the world's leading tourist, economic, trade fair and cultural centres, and its influence in commerce, education, entertainment, media, fashion, science, and the arts all contribute to its status as one of the world's major global cities. It is a major cultural and economic centre in south western Europe, 24th in the world (before Zürich, after Frankfurt) and a financial centre. Barcelona is a transport hub, with the Port of Barcelona being one of Europe's principal seaports and busiest European passenger port, an international airport, Barcelona–El Prat Airport, which handles over 40 million passengers per year, an extensive motorway network, and a high-speed rail line with a link to France and the rest of Europe.
