About Bangkok, Thailand

Bangkok is the capital and most famous city of the Kingdom of Thailand. The city occupies 1,568.7 square kilometers in the Chao Phraya River delta in Central Thailand and has a populace of more than eight million. The official cash in Bangkok is Baht (THB). Even though the Thai language is the most broadly used language of Bangkok, the migration of different non-Thai people group has prompted the penetration of numerous different languages in the place. Today, English has additionally gained momentum in different business and administrative zones and predominantly, in tourist locations.

Bangkok is linked with the other nations through the national highway and rail systems and in addition by domestic and International flights to and from the city's two international airports. Road-based transport is the principle mode of transport in Bangkok.
