Invitation

Dear Colleagues,

Conference Series LLC Ltd is delighted to welcome you to Prague, Czech Republic for the Prestigious 26th world Congress & expo on Dermatology.

The conference will focus on “Exploring the role of COVID-19 in Dermatology and Beauty products”. We are confident that you will enjoy the scientific program of this upcoming conference.

As the premier event, we have developed a program with your interests in mind. We have not only increased the number of opportunities for you to network with colleagues from across the world but also introduced more focused sessions that will feature cutting edge presentations, special panel discussions, and deliver interaction with industry leaders and experts.

Life is full of give and take. Make it count in your professional life. Attend the AESTHETIC MEDICINE & Dermatology Conference to network with your peers, exchange expertise and experiences, and

Warm yourself with the latest information to take your department to the next level.

Sincerely,

Aesthetic Medicine 2021

Organizing Committee

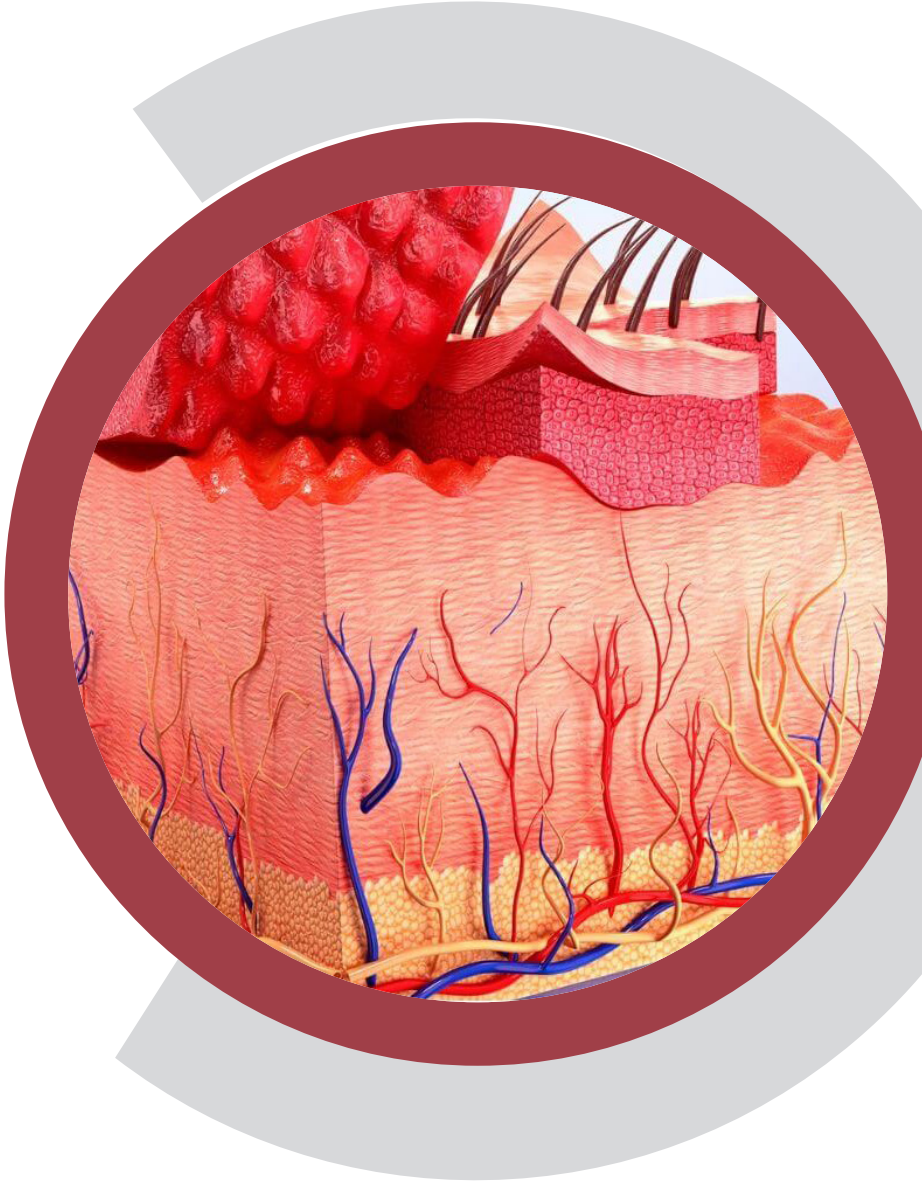

Why Aesthetic Medicine 2021 ?

The 26th world Congress & expo on Dermatology (AESTHETIC MEDICINE 2021) is going to be held virtually during May 25-26, 2021. Through the theme: “Exploring the role of COVID-19 in Dermatology and Beauty products”, conference will explore the advances in Dermatology. It will be organized by Conference Series llc LTD. This conference could be an exceptional event that brings along novel and international mixture of giant and medium Dermatologists, leading universities and Dermatology establishments creating the conference an ideal platform to share expertise, foster collaboration across trade and world, and assess rising technologies across the world.

Dermatology is the science that is concerned with the diagnosis and treatment of diseases of the skin, hair and nails. Dermatologists are medical doctors who train in this area for many years, making them the experts in all things related to skin, hair, and nails. The capacity of the skin and its associated conditions to stir up an intrinsic fascination seems limitless. With around 2000 estimated diagnoses, dermatology boasts an unmatched abundance of clinical variety. From the neonate afflicted by a genodermatosis to the elderly patient with skin cancer, the scope of dermatology is broad and tremendously varied, and progression within this specialty has the potential to significantly enhance all aspects of patient care.
