ABOUT PERTH

Perth is the capital city of Western Australia, with a population of 2 million people, and is famous for being the most isolated city in the world, completely surrounded by Australian nature

The city has gained global recognition for a record low unemployment rate, thriving economy, reputed universities and State-Nomination Migration Programs. Perth is a great place to live but there are some issues that will present themselves over time. ... Australia is very multicultural and Perth is no different. The multiculturalism adds to the diversity of peoples, food etc. and for the most it is very much welcomed.

Perth was founded in 1829 largely because the British feared the French would establish a colony in Western Australia. ... Perth was named after the birthplace of Sir George Murray who was British Secretary of State for the Colonies when the city was founded in 1829.

Perth Australia has everything you need to experience a fabulous holiday. 3000 hours of sunshine a year, friendly locals, historic attractions and relaxed alfresco dining offering world class food and wine.
