International Congress on Cosmetology, Aesthetic Medicine and Plastic Surgery

Welcome to Aesthetic Science 2021

We look forward to see researchers from all around the International Conference on Cosmetology, Aesthetic Medicine and Plastic Surgery during November 19-20, 2021 at the delightful venue of Singapore City, Singapore. Traditional Medicine-2021 summit is new platform to share and discuss all the innovations in the field of Cosmetology, Aesthetic Medicine and Plastic Surgery.

The 2021 edition of the summit will offer high quality and relevant research ses-sion, poster session, workshop, exhibi-tion, panel discussion etc. for the better understanding of the subject. The con-ference agenda has been prepared by the scientific committee to enable the exchange of ideas and to expand net-work with leading experts and research-ers during the summit.

Aesthetic Science 2021 will be a great meeting point for sharing the latest research papers of academic and industrial study as well as to experience the matchless envi-ronment of Singapore city, Singapore which has been known for its artistic, cultural as well as scientific developments.

We look forward to your participation for Aesthetic Science 2021 summit at Singapore city, Singapore

Major Sessions:

Traditional Medicine
Herbal Medicine
Siddha Medicine
Unani Medicine
Acupuncture
Folk medicine
Chinese and Oriental Medicine
Pharmacognosy and Traditional medicine
Holistic Medicine
Traditional Acupuncture Therapy
Triabal medicine
Ongoing Advances in Herbal and Traditional Medicine
Phytomedicine
Paraherbalism
Dietary and Herbal Supplements
Homeopathy in Medical Treatment
Natural medicines/naturopathy

Why to join the summit

- Meet Experts & Influencers
- Networking Opportunities
- Learning In a global Space
- Added Research Value
- Investment in Knowledge for future

Singapore Attractions

About Singapore

SINGAPORE known as "The Lion City" becomes a favorite destination because it is a global city and is a densely populated island with tropical flora, parks and gardens. Singapore is a global commerce, finance and transport hub.

Singapore, officially the Republic of Singapore, is a sovereign city-state and island country in Southeast Asia. It lies off the southern tip of the Malay Peninsula and is 137 kilometers (85 mi) north of the equator. The country's territory consists of the lozenge-shaped main island, commonly referred to as Singapore Island in English and Pulau Ujong in Malay, and more than 60 significantly smaller islets. Singapore is separated from Peninsular Malaysia by the Straits of Johor to the north and from Indonesia's Riau Islands by the Singapore Strait to the south. The country is highly urbanized, and little of the original vegetation remains. The country's territory has consistently expanded through land reclamation.

The traditional city proper stretches north and east of the port area and is characterized by low (140–150-foot [40–50-metre]) hills. Within the city run the Singapore and Rochor rivers, which are tidal inlets crowded with native craft. The original settlement north of the Singapore River remains the heart of the city; it is the locale of the principal commercial, government, and public buildings and the Anglican St. Andrew's Cathedral (1862).

Important Dates

Early Bird: **December 31, 2020**

Registration Open: **October 02, 2020**

Abstract Submission Open: **October 02, 2020**

On Spot Registration: **November 18, 2021**
