Scientific Program

2nd International Conference on

Agriculture, Food and Aqua

November 18-19, 2019 | Bali, Indonesia

Hosting Organization: Conference Series llc LTD

47 Churchfield road, London W3 6AY, +1-650-889-4686

Email: agrifoodaqua@memeetings.com

Day 1 November 18, 2019

Registrations

Hall

Opening Ceremony

Keynote Forum

Title: Lower brooding temperature can cause of Ascities

Nousheen Arshad, University of Agriculture, Pakistan

2 Keynote Speaker Slots Available

Networking and Refreshments Break with Group Photo

Sessions: Novel Food Processing Technologies | Horticulture and Soil Science | Agricultural Biotechnology | Aquaculture and Fisheries Science | Food Analysis, Safety and Health

Session Introduction

Title: Bread quality of novel Yudane bread made with joule heating

Hiroaki Yamauchi, Obihiro University of Agriculture and Veterinary Medicine, Japan

Title: Soil or hydroponic? A comparison of soil, rockwool and deep water culture for assesing quality in the tomato production

Salvatore Gaetano Verdoliva, Aberystwyth University Institute of Biological, UK

Title: Alleviation of drought stress by nutrient management in *Cyamopsis tetrogonoloba L.*

R Sinthiya, Avinashilingam Institute for Home Science and Higher Education for Women, India

Lunch Break

Title: Microplastics in aquatic systems – Genuine threat or over exaggeration?

Eoghan M Cunningham, Queen's University Belfast, UK

Title: Grow out of scalloped spiny lobster (*Panulirus Homarus*) in concrete tank with dry pellet, fresh feed and mixture of dry pellet and fresh feed

Bejo Slamet, Institute for Mariculture Research and Development, India

Title: Effective detection and removal of tetracycline residues from contaminated food samples by CNS/Zr-absorbents

Qingfeng Yang, China Agricultural University, China

Title: Optimization of enzymes addition to improve Yudane bread making quality by response surface methodology

Koki Matsushita, Iwate University, Japan

Speaker Slots Available

Panel Discussion

Day 2 November 19, 2019

Keynote Forum

Title: Agriculture and Horticulture is the major industry for the development of health, basic need and daily use of life, reduction in financial crises, global poverty and hunger in the developing countries of the world like South Asia particularly in Pakistan

Muhammad Usman, Agricultural Research System, Pakistan

2 Keynote Speaker Slots Available

Networking & Refreshment Break

Sessions: Novel Food Processing Technologies | Food Analysis, Safety and Health | Aquaculture and Fisheries Science | Sustainable Agriculture | Food Microbiology

Session Introduction

Title: Study on oven spring mechanism during bread baking

Daisuke Goshima, Obihiro University of Agriculture and Veterinary Medicine, Japan

Title: Essential oils and food safety

Memona Saeed, UAF Sub Campus Toba Tek Singh, Pakistan

Lunch Break

Title: Bioeconomic options for exploitation of Engraulicypris sardella (Usipa) in the southeast arm of Lake Malawi

Happy Stafford Mvula, Mzuzu University, South Africa

Title: Effect of processing, storage days and storage temperatures on lipid oxidation and palatability of processed snail meat products

Iwanegbe Izuwa, Center For Research Institute and Development, Nigeria

Title: Consumers' preference, sustainability and conservation of some commonly consumed but lesser known leafy vegetables and seeds in cross river state

Samuel Udo, University of Calabar, Nigeria

Title: Changes in quality and microbial succession of lightly salted and sugar-salted blunt snout bream (*Megalobrama amblycephala*) fillets stored at 4°C

Yan Li, College of Food Science and Nutritional Engineering, China

Speaker Slots Available

Poster Presentation

Panel Discussion

Awards & Closing Ceremony
