AGRI WORLD 2019

12th World Congress on

PLANT BIOTECHNOLOGY & AGRICULTURE

June 12-13, 2019 | Prague, Czech Republic

https://agriculture-horticulture.conferenceseries.com/

Invitation

Dear Collegues,

Conference Series LLC Ltd. is delighted to welcome you to Prague, Czech Republic for Agri World 2019.

The conference will focus on “Exceeding The Vision Towards a Sustainable Agriculture”. We are confident that you will enjoy the scientific sessions of this upcoming conference.

As the premier event, we have developed a program with your interests in mind. We have not only increased the number of opportunities for you to network with colleagues from across the world but also introduced more focused sessions that will feature cutting edge presentations, special panel discussions, and livelier interaction with industry leaders and experts.

Life is full of give and take. Make it count in your professional life. Attend the Plant Biotechnology & Agriculture Conference to network with your peers, exchange expertise and experiences, and arm yourself with the latest information to take your department to the next level.

We look forward to see you in Prague, Czech Republic this June

Sincerely,
Agri World 2019
Organizing Committee

What is Agri World 2019?

With the amalgamation of speakers of Agriculture research, Plant Biotechnology Conferences Scientific Meetings is privileged to announce its "12th World Congress on Plant Biotechnology & Agriculture" which will be held during June 12-13, 2019 in Prague, Czech Republic. We cordially welcome all the eminent researchers, students and delegates to take part in this upcoming Plant Biotechnology research conference, to witness valuable scientific discussions and contribute to the future innovations in the field of pediatrics and its allied areas

This Conference is a platform for Plant biotechnology students, faculty, deans, researchers, and leaders to collaborate on topics affecting Agriculture. Attendees can take advantage of opportunities to learn about Plant Biotechnology and Agriculture research from a variety of oral and poster presentations. Meet and network with Biotechnologist ranging from students to deans, faculty, and researchers. Take advantage of opportunities to collaborate with Plant Biotechnologist from around the world. Attend prominent plenary sessions about relevant issues affecting

Who are Attending

Agriculturist, Agronomist, Plant Scientists, Agronomy & Agricultural Science Faculty, Scientists, Students, Soil Microbiologist and Plant Biotechnologist, Animal Science Faculty, Students, Scientists, Horticulturist, Agriculture and Plant Associations and Societies Members, Agribusiness Professionals and Entrepreneurs Seed Science and Soil Science Researchers, Agro-Product Based Organizations, Manufacturing Agricultural Devices Companies etc.

Major Sessions

Organic Farming

Livestock Farming & Production

Agricultural Biotechnology & Agro-forestry

Agronomy and Crop Sciences

Greenhouse & Horticulture

Applied Plant Science

Plant Biotechnology

Plant Pathology and Entomology

Agrotechnology & Soil Science

Plant Phenology and Physiology

Crop Protection and Awareness

Rice & Wheat Research

Agriculture Engineering & its Applications

Agriculture Economics & Agribusiness

Sustainable Agriculture

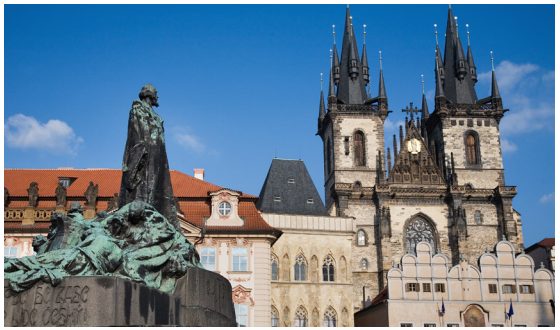

Supporting Journals

Advances in Crop Science and Technology
Journal of Horticulture
Agrotechnology

Host City

Prague, the capital city of the Czech Republic, is nicknamed as the City of a Hundred Spires. It is also the largest city of the Czech Republic. Situated in the north-west of the country on the Vltava River, the city is home to approximately 1.3 million people while the larger urban zone approximately carries a population of 2.2 million. The city is known for its Old Town Square, the heart of its historic core. Along with introducing the modern aspects to life, this city has always preserved its ancient heritages and cultures throughout the passage of time. The Prague Astronomical Clock, the Jewish Quarter, the Gothic Charles Bridge, the Church of St. Nicholas in the Lesser Town which is in fact the most beautiful baroque church in Prague, the Palace Gardens and Prague Castle are a few of the main attractions of this beautiful capital city. Each of the districts of Prague has its own distinctive atmosphere and exclusive grace.

Prague has been declared as a “Beta+” global city according to GaWC studies. The city is connected by an extensive modern public transportation system. Its rich history makes it a popular tourist destination with more than 6.4 million international visitors annually turning Prague into the fifth most visited European city.

Vision & Plan

Agriculture will facilitate economic conditions, hike earnings and improve food security for eightieth of the world's poor, who work primarily in farming. With trendy agricultural techniques, the market is increasing exploitation improved seeds, chemicals, and fertilizers. Also, the utilization of sensors and increasing adoption of livestock face recognition is facilitating the market growth. Increasing support from the government for betterment of latest farming techniques and international awareness relating to the advantages of agriculture over the years are expected to boost the growth of the agriculture market during the future period.

The modern world has substituted home-cooked food with processed food, leading to the expansion of the processed food industry. The global food process equipment market is driven by the increasing consumer demand for processed food, specialize in food safety and safety of the employees growing need to increase productivity, increasing the main focus of food manufacturers to chop down manufacturing value and government support to push food processing sector.

Visitors by Main activity

Sponsorship and Exposure
