Our Programme

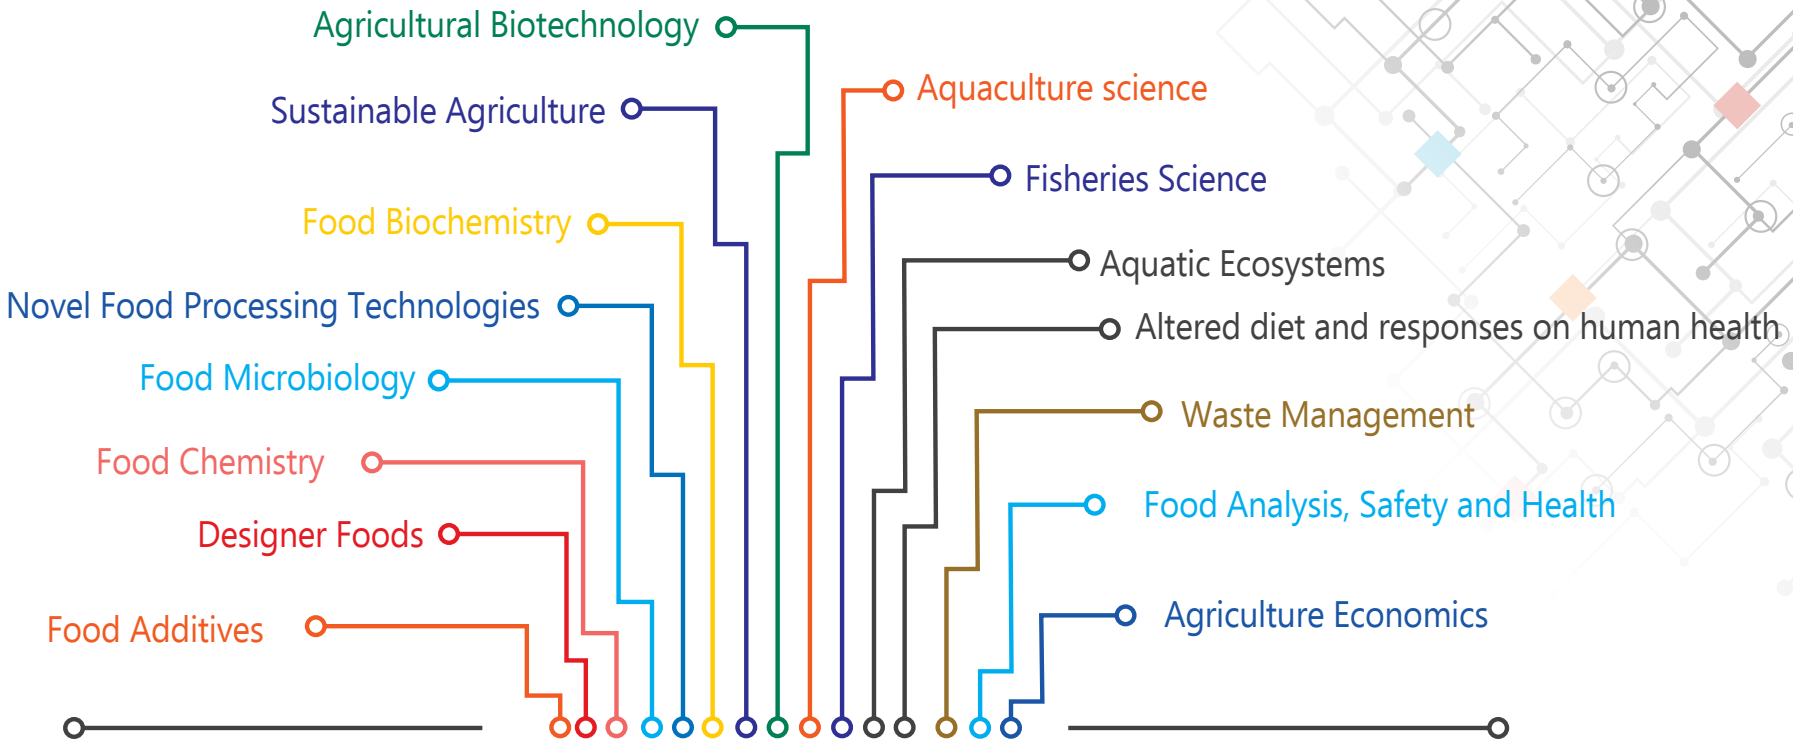

Our programme aims to provide Food technologists, Food Industrialists, Microbiologists, Agricultural Students, Scientists, and Aqua-culturists a common platform to exchange and share the experiences and research results on all aspects of agriculture, food and aqua-science.

The field of agriculture, food and aqua science is enormous with new discoveries and inventions coming up each day. The event facilitates the processing techniques with newly innovated equipment and to improve and establish the methods of testing.

CONFERENCES

Venue & Hospitality

Cape Town is a coastal city in South Africa. It is the second-most crowded urban region in South Africa after Johannesburg. It is also the capital and primate city of the Western Cape Province. The city is popular for its harbor, for its normal setting in the Cape Floristic Region, and for such well-known landmarks as Table Mountain and Cape Point starting at 2014. The city was named the World Design Capital was also named as the best place in the world to visit by both the American New York Times and the British Daily Telegraph.

The Western Cape is an important traveler area in South Africa. The city was as of late named as the most entrepreneurial city in South Africa, with the level of Capetonians seeking after business openings almost three times higher than the national average. Cape Town isn't just a mainstream global visitor goal in South Africa, however Africa overall. This is because of its great atmosphere, and well-developed infrastructure. The city has a few several well-known common highlights that pull in travelers, most eminently Table Mountain, which frames an expansive piece of the Table

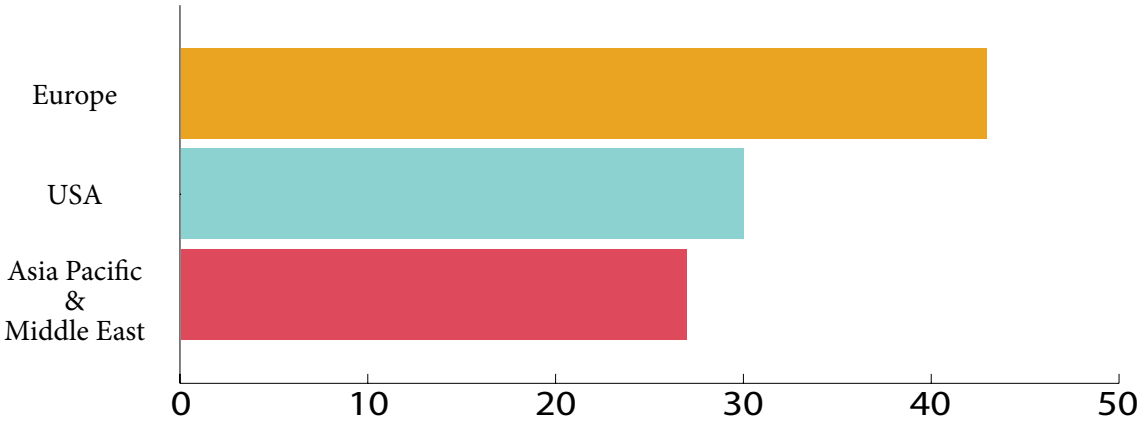

our DELEGATE is your CLIENT
