

Global Summit on

Agriculture Technology and Food Science

September 12-13, 2018 | Chicago, Illinois, USA

https://agriculturetechnology.conferenceseries.com/

Invitation

RICHMOND
VIRGINIA, USA
SEPTEMBER 12-13
2018

Dear Attendees,

We are glad to announce the **Global Summit on Agriculture Technology and Food Science** to be held in Richmond, Virginia, USA from September 12-13, 2018 organized by Conference Series LLC, Illinois, USA in collaboration with generous support and cooperation from enthusiastic academicians and editorial Board Members.

This conference is a unique International platform that's a confluence of all Agriculture Technology and Food Science Industry, Academia, Researchers, Innovators, Regulators – coming together to present and discuss current topics in Food Science, Advanced technologies in Agriculture and Food Science, Robotics in Agriculture Technology and Food Science, Food Microbiology, Plant Science, Agriculture Engineering, Food Engineering, Food and Animal Science, Health and Food Diseases, Food research, Agribusiness and Marketing, Food and Animal Bioscience, Plant Genetics and Physiology, Biodiversity and Evolution of Plants, Aquaculture, Food Chemistry, Food Quality and Preferences , Future food Technology, Food Biotechnology, Genetic Engineering, Nutrification, Green Revolution, Agricultural diversification, Industrial agriculture, Agricultural machinery, Product marketing and trade, Global Food Security, Energy crop and will be available to discuss with you the latest issues and trends in Overcoming Milestones towards Agriculture Technology **"Sustainable Agriculture Technology to Eliminate Global Food Shortage"**.

As the premier event, we have developed a program with your interests in mind. We have not only increased the number of opportunities for you to network with colleagues from across the world but also introduced more focused sessions that will feature cutting edge presentations, special panel discussions, and livelier interaction with industry leaders and experts.

Life is full of give and take. Make it count in your professional life. Attend the Agriculture Technology Conference to network with your peers, exchange expertise and experiences, and arm yourself with the latest information to take your department to the next level.

We look forward to personally welcoming you to Richmond, Virginia, USA

Sincerely,
Agriculture Technology 2018
Organizing Committee

About Conference

RICHMOND
VIRGINIA, USA
SEPTEMBER 12-13
2018

Agriculture Technology 2018 Conference website is attracting 25000+ Agriculture Technology and Data Mining online visitors ranging from Researchers, Academicians and Business professionals, who are working in this field. This unique opportunity that we extend to our speakers and attendees is not being offered by any other conference organizers. Through this the abstracts and research profiles of our speakers and organizing committee members getting global visibility which is an additional feature that you would be receiving in addition to networking opportunities before, during and after the conference.

How Conference Series Conferences differs from others?

- 3000+ Conferences across the globe in 70+ countries Annually
- Over 25 Million+ Visitors and 20000+ Unique Visitors per conference
- Participation by Stalwarts from various international societies
- Internationally renowned speakers and scientists representation
- Career guidance for early career researchers and students
- Interesting scientific deliberations and discussions
- Perfect platform for Global Networking

Agriculture Technology 2018 salient features

- Meet Academia and Industry visionaries to get inspired
- Expand your knowledge and find solutions to problems
- Knowledge, Benchmarking and Networking offered at one place
- Forge connections and for global networking
- Highly Organized and Structured Scientific programs
- Poster presentations and world class exhibitions
- Meet with new vendors and suppliers

About Conference

RICHMOND
VIRGINIA, USA
SEPTEMBER 12-13
2018

Purpose

Global Summit on Agriculture Technology and Food Science is an arena for interdisciplinary exchange among professionals in the fields of Agriculture Technology and Food Science.

Goals

The conference program emphasizes evidence-based practice, educational innovation, practical application, and peer to peer networking and collaboration. The goals of the conference is to provide a transformative professional development experience through

Bringing together the world's scientific experts to catalyze and advance scientific knowledge about Agriculture Technology and Food Science present the most recent research findings, and promote and enhance scientific collaborations around the world

Bringing together community leaders, scientists, and policy leaders to promote and enhance programmatic collaborations to more effectively address regional, national and local responses to Elderly Population around the world and overcome barriers that limit access to care and services.

Objectives

After participating in this meeting, attendees should be able to

Discuss emerging issues in Agriculture Technology and Food Science

Discuss and apply recent research findings related to Agriculture Technology and Food Science

Reflect on the place of critical distance in Agriculture Technology and Food Science

About Conference

Who should attend

Global Summit on Agriculture Technology and Food Science is exclusively designed for Agriculture Technology and Data Mining, Researchers, Academicians, Practitioners, Early Career Scholars, students along with Industries and others engaged in endeavors related to Agriculture Technology and Food Science and business.

About hosting organization

Conference Series is the world's leading specialist in organizing Academic, Scientific and Business conferences, meetings, symposiums and exhibitions in different verticals and horizontals like Medical, Pharma, Engineering, Science, Technology and Business to promote scientific research. Every year we host more than 3000+ global events inclusive of 1000+ Conferences 1000+ Symposiums 1000+ Workshops in Illinois, USA, Europe, Middle East and Asia with the generous support and cooperation from our 30000+ Editorial Board Members, 1000+ Scientific Societies. All the conference proceedings are published in the special issues of our 700+ Open Access International Journals with the DOI provided by crossref

Major sessions

- Food Science
- Agriculture Engineering
- Food Engineering
- Advanced Technologies in Food Science and Agriculture
- Robotics in Food Science and Agriculture
- Food microbiology
- Health and Food Diseases
- Agriculture and food Science Education
- Biodiversity and Evolution of Plants
- Agriculture Environment
- Plant Science
- Agribusiness and Marketing
- Food Marketing
- Aquaculture
- Food and Animal Bioscience
- Plant Genetics and Phisiology

About Chicago

Richmond Virginia, USA
September 12-13
2018

Richmond city, capital of Virginia, U.S., seat of Henrico County, situated in the east-central part of the state at the head of navigation of the James River. Politically independent of the county, it is the centre of a metropolitan area including the rest of Henrico county and Chesterfield and Hanover counties. The English first explored the site in 1607, when a party led by Christopher Newport and John Smith sailed upriver shortly after the founding of Jamestown.There is no particular time to visit Richmond as it boasts warm summers, pleasant springs, red and gold autumns though the winters are pretty chilly. May to October is the high season when it comes to visitors flocking to the banks of the James. Autumn is a particularly beautiful time to visit, when the leaves turn russet and gold and reflect in the gentle waters of the river.

It has unique shopping destinations like Need Supply, Ledbury and Shockoe Atelier for fashionistas and world-class museums like the VMFA, The Valentine and the VCU Institute for Contemporary Art. From thrift and vintage shops to farmers markets, Segway Tours, bike rentals and Virginia Green certified hotels, restaurants, venues and attractions, it's all.
