Our Programme

Our programme aims to bridge the gap between basic and translational science, with an emphasis on large-scale approaches and innovative technologies in the fields of Skin, Venereal, Allergic Diseases, Immunology and many more.

We foster discussion and debate of the innovations by maximizing interactions, collaborations and networking opportunities for researchers and clinicians from academia, industry, and Pharmaceutical professionals.

Venue & Hospitality

Abu Dhabi is the largest city in emirates and also the capital of the United Arab Emirates, which is considered the second safest destination and has an exceptional air transport and architectural infrastructure. The city is present on an island in the Persian Gulf and is T-shaped Island squeezed in the Gulf from the central Western coast. Its architecture shows a impact of both- the traditional Arabian culture with a focus on modernization and is reflected in the city's skyline which includes modern towers and shopping centres.

The city has its roots dating way back to the 3rd millennium BC. The weather is hot throughout the year, with extreme heat, humidity and sandstorms observed in the months of June to September, with pleasant weathers starting from October. The tourism reaches its peak mostly from October till April. The city leaves a profound impact on you and becomes your abode to relax and unwind. Abu Dhabi offers a great understanding of Gulf culture and customs which can be felt by the beautifully preserved traditional architectural buildings and museums.

Abu Dhabi's urbanization and rapid development has conveyed the city to a large and advanced metropolis. Now the city is the country's center of industrial and political activities, and one of the major cultural and commercial center, due to its position as the capital.
