About Tokyo

Tokyo has the biggest metropolitan economy on the planet. Tokyo, Japan's bustling capital, blends the ultramodern and the customary, from neon-lit high rises to notable sanctuaries. The rich Meiji Shinto Shrine is known for its transcending entryway and encompassing woods. The Imperial Palace sits in the midst of substantial open patio nurseries. The city's numerous historical centers offer displays going from traditional craftsmanship (in the Tokyo National Museum) to a reproduced kabuki theater (in the Edo-Tokyo Museum).
