Life is full of give and take. Make it count in your professional life. 17th International Conference on Frontiers in Alternative & Traditional Medicine amid May 16-17, 2022 at Tokyo, Japan. This consolidates incite keynote presentations, Oral talks, Poster presentations and Exhibitions.

Sincerely,

Alternative Medicine 2022

Organizing Committee

Alternative Medicine 2022

ABOUT US

Our International Open Access Journals

- 700+ Leading-edge Peer Reviewed Open Access Journals
- 21 Day Rapid Review Process
- 50000+ Editorial Board Team, 35000+ Reviewers team
- 30 Million Readers and High Visibility
- 1000+ Scientific Associations Collaborations
- 100000+ Likes
- Publication immediately after acceptance
- Quality and Quick editorial, review processing

Salient Features

- Easy to Submit and Review Systems
- High Quality and Fast Publishing Guaranteed
- Unbiased, quality-oriented, and transparent reviews
- Truly impartial recognition of the best papers
- Feedback on the impact of every article
- Enhanced feature: Audio version of published paper
- Digital articles to share and explore
- Sharing option: Social networking enabled
- Authors, reviewers and editors are provided with scientific credits
- User friendly/feasible website articles translations across more than 50 world languages

Our International Scientific Conferences

- More than 3000 Conferences happening across the globe
- Conferences organized in Medical, Pharma, Engineering, Science, Technology and Business.
- CME/CPD Accredited Conferences fostering professional and Personal development
- Continuum of education through organized scientific program
- Renowned speakers and scientists representing from 40 countries
- Highly Interactive sessions and Panel Discussions
- B2B Meetings offers perfect platform for Global Networking

Salient Features

- Robust on-line publicity for all the speakers and organizing committee members
- Career Guidance Workshops for students and early career researchers
- Accepted Abstracts will be published in various indexed journals
- Accepted abstracts will be labeled with a Digital Object Identification Number (DOI) provided by Cross Ref
- Creation of speakers and abstracts pages in Google
- Opportunity to publish full Manu Scripts in our Open Access Journals

Alternative Medicine 2022 Scientific Committee is honored to welcome you all to attend **17th International Conference on Frontiers in Alternative & Traditional Medicine** which will be held during **May 16-17, 2022** at **Tokyo, Japan**. **17th International Conference on Frontiers in Alternative & Traditional Medicine** will raise the most dynamic and latest issues in the field of Alternative Medicine. The Congress will highlight the discussion around the theme "Role of Alternative Medicine against SARS-CoV-2" by bridging the gaps between the intellectuals from across the globe to enlighten their research and findings at Alternative Medicine 2022. The highlights of the conference Acupuncture as an Alternative Medicine, Traditional Chinese Medicine, Holistic nutrition, Natural product development, Herbal Medicine and Plant Remedies and many more.

Alternative Medicine 2022 salient features

- Meet Academia and Industry visionaries to get inspired
- Expand your knowledge and find solutions to problems
- Knowledge, Benchmarking and Networking offered at one place
- Forge connections and for global networking
- Highly Organized and Structured Scientific programs
- Poster presentations and world class exhibitions
- Meet with new vendors and suppliers

How Conference Series Conferences differs from others?

- 3000+ Conferences across the globe in 150+ countries all through the year
- Over 25 Million+ Visitors and 20000+ Unique Visitors per conference
- Participation by Stalwarts from various international societies
- Internationally renowned speakers and scientist's representation
- Career guidance for early career researchers and students
- Interesting scientific deliberations and discussions
- Perfect platform for Global Networking

Goals

- The conference program emphasizes evidence-based practice, educational innovation, practical application, and peer to peer networking and collaboration. The goals of the conference is to provide a transformative professional development experience through.
- Bringing together the world's scientific experts to catalyze and advance scientific knowledge about International Conference on Frontiers in Alternative & Traditional Medicine, present the most recent research findings, and promote and enhance scientific collaborations around the world.
- Bringing together community leaders, scientists, and policy leaders to promote and enhance programmatic collaborations to more effectively address regional, national and local responses to Elderly Population around the world and overcome barriers that limit access to care and services.

ABOUT CONFERENCES

Objectives

- After participating in this meeting, attendees should be able to
- Discuss emerging issues in Alternative Medicine
- Discuss and apply recent research findings related to Alternative Medicine.
- Reflect on the place of critical distance in Alternative Medicine Research.

Who should attend?

- Academicians including Professors, PhD Scholars, Students carrying out laboratory and field studies, Industrial Giants, Alternative Medicine and the people Associated, Nobel laureates in skin growth, Natural Products, Herbal Medicine , Acupuncture pathologists and Many more.

Conference Sessions

Alternative Medicine-Advanced & Current Research:

Acupuncture as an Alternative Medicine:

Acupuncture

Arabic and Unani Medicine

Chiropractic and Osteopathic Medicine

Traditional Chinese Medicine

Holistic nutrition

Natural product development

Herbal Medicine and Plant Remedies

Pharmacognosy and Phytochemistry

Current Research in Alternative Medicine:

Importance of Herbal Medicine

Naturopathic Medicine

Ayurveda & Homeopathy

Traditional veterinary medicine

About hosting organization

Conference Series is the world's leading specialist in organizing Academic, Scientific and Business conferences, meetings, symposiums and exhibitions in different verticals and horizontals like Medical, Pharma, Engineering, Science, Technology and Business to promote scientific research. Every year we host more than 3000+ global events inclusive of 1000+ Conferences 1000+ Symposiums 1000+ Workshops in USA, Europe, Middle East and Asia with the generous support and cooperation from our 30000+ Editorial Board Members, 1000+ ScientificSocieties. All the conference proceedings are published in the special issues of our 700+ Open Access International Journals with the DOI provided by CROSSREF.

ABOUT TOKYO

Tokyo is Japan's capital and the world's most populous metropolis. It is one of the 47 prefectures of japan, consisting of 23 central city wards and multiple cities, towns and villages west of city Centre. The Great Tokyo Area is the most metro populous area in the world. The Izu islands and Ogasawara islands are also part of the city. Tokyo was originally known as Edo means estuary. In 1603 Edo was the head quarter of the city. Later in 1868, its name has been changed to Tokyo and became capital to Japan.

Tokyo is south eastern part of Asia. Tokyo consists of special wards, they consists same legal status in cities, towns and villages of Tokyo, japan. Western Tokyo also called as Tama area; it consists of 30 ordinary municipalities, unlike eastern which consist of 23 special wards. The Izu islands are group of volcanic islands and it consists of Mt Fuji, Mt Fuji is known as sacred mountain in Japan. The Ogasawara islands also called Bonin Islands are a group of islands over 30 sub-tropical and tropical islands, some 1000 kilometers directly south of Tokyo, Japan.

Central Tokyo has been the seat of political and economic power. It is the center of big business surprises with pockets of retro charm, sprawling gardens and the world's busiest fish market. Not to miss the sight-seeing places like the early morning tuna action at Tsukiji, Exploring traditional crafts in Nihonbashi and Strolling Ginza's Chuo Dori Street on a Sunday afternoon. Most important places to visit in Central Tokyo are Ginza, Akihabara, Imperial palace, Koishikawa koraken and many more places.

The National Garden today is one the most popular attractions in Tokyo, both for tourists and locals alike. It consists of three different types of parks, which are a Japanese landscape garden, French, and an English garden. Shinjuku Gyoen is also the home to a very large concentration of cherry blossoms, which give this park a very unique look. There are also plenty of unique Japanese-style ponds, which are dotted with bridges and islands, each of which are uniquely decorated with shrubs, pavilions, and trees.

Located at the site of the former innermost point of defense at Edo Castle, the Imperial Palace is one of the most popular and well-known Tokyo attractions. The Imperial Palace was the residence of Japan's Royal Family, and it also used to be the home of the Tokugawa shogun who ruled Japan in the Edo period.
