About the conference

We welcome all the attendees to the 5th World Congress on Complementary & Alternative Medicine which will be held on August 23-24, 2023 Prague, Czech Republic. Alternative Medicine Insight-2023 provides an exceptional opportunity for the participants or delegates with their relative backgrounds to share their research ideas and to learn from other colleagues and co-partners about the modern scientific improvements and innovation in the field of Healthcare Management and its research. Our main objective is to empower the appealing research field along with the need for commercialization by giving a chance to come across the specialists and Business entrepreneurs in the field of Healthcare Management.

Theme: "Practices to cure wounds and illness by healing from power of herbs and incantation".

Why to attend the conference

The usage of alternative medicine is prevalent as it is being used effectively as an integrated treatment with a fewer side effects than western medicine and is a potential alternative to pain medications or steroid treatments. This sole conference will offer a stand for Eastern medicine to meet with Western medicine and will bring together researchers, practitioners, educators and other healthcare professionals, business delegates, students and young researchers all across the world and shall serve as an opportunity to present and confer current advances in acupuncture research that have the potential to strengthen the base for its amalgamation in health care to reform the art of alternative medicine.
