Invitation

Boston
USA
Aug 31- Sep 01
2018

Dear Attendees,

We are glad to announce the **World Summit on Alzheimer's Disease, Neurophysiology and Cognitive Neuroscience** to be held in Boston, USA from Aug 31- Sep 01, 2018 organized by Conference Series, USA in collaboration with generous support and cooperation from enthusiastic academicians and editorial Board Members.

Alzheimer's Summit 2018 is a one of a kind gathering to unite overall recognized scholastics in the field of Neuroscience and Neurology, Nutrition, Researchers, Public wellbeing experts, Scientists, Academic researchers, Industry specialists, Scholars to trade about condition of the Research and Development.

Alzheimer's Summit 2018 meeting incorporates plenary addresses, Keynote addresses, workshops and short courses by prominent identities from around the world in addition to contributed papers both oral and poster presentations.

Meet Alzheimer's specialists, reinforce and refresh your thoughts on Alzheimer's ailment and other neurological issue at Alzheimer's Summit 2018.

Don't miss this opportunity to connect with your peers at this scientific event. Your participation in the conference will enhance your knowledge and professional skills..

As the premier event, we have developed a program with your interests in mind. We have not only increased the number of opportunities for you to network with colleagues from across the world but also introduced more focused sessions that will feature cutting edge presentations, special panel discussions, and livelier interaction with industry leaders and experts.

Life is full of give and take. Make it count in your professional life. Attend the Alzheimer's Summit 2018 to network with your peers, exchange expertise and experiences, and arm yourself with the latest information to take your department to the next level.

We look forward to personally welcoming you to Boston, USA

Sincerely,
Alzheimer's Summit 2018
Organizing Committee

About Conference

Boston
USA
Aug 31- Sep 01
2018

Alzheimer's Summit 2018 Conference website is attracting 25000+ Neurologists, Neurology professors online visitors ranging from Researchers, Academicians and Business professionals, who are working in this field. This unique opportunity that we extend to our speakers and attendees is not being offered by any other conference organizers. Through this the abstracts and research profiles of our speakers and organizing committee members getting global visibility which is an additional feature that you would be receiving in addition to networking opportunities before, during and after the conference.

How Conference Series Conferences differs from others?

- 3000+ Conferences across the globe in 70+ countries Annually
- Over 25 Million+ Visitors and 20000+ Unique Visitors per conference
- Participation by Stalwarts from various international societies
- Internationally renowned speakers and scientists representation
- Career guidance for early career researchers and students
- Interesting scientific deliberations and discussions
- Perfect platform for Global Networking

Alzheimer's Summit 2018 salient features

- Meet Academia and Industry visionaries to get inspired
- Expand your knowledge and find solutions to problems
- Knowledge, Benchmarking and Networking offered at one place
- Forge connections and for global networking
- Highly Organized and Structured Scientific programs
- Poster presentations and world class exhibitions
- Meet with new vendors and suppliers

About Conference

Boston

Conference Series is the world's leading specialist in organizing Academic, Scientific and Business conferences, meetings, symposiums and exhibitions in different verticals and horizontals like Medical, Pharma, Engineering, Science, Technology and Business to promote scientific research. Every year we host more than 3000+ global events inclusive of 1000+ Conferences 1000+ Symposiums 1000+ Workshops in USA, Europe, Middle East and Asia with the generous support and cooperation from our 30000+ Editorial Board Members, 1000+ Scientific Societies. All the conference proceedings are published in the special issues of our 700+ Open Access International Journals with the DOI provided by crossref

Major sessions

- Alzheimer's disease and Dementia
- Causes, Diagnosis and Symptoms
- Care Practice and Awareness
- Traumatic brain injury
- Therapeutic Targets
- Advances in lewy body dementia research
- Neuropsychology and Neuropathology
- Novel approaches in biomarkers
- Vascular Dementia
- Neurodegenerative Disease
- Parkinson's disease
- Alzheimer's disease Imaging

About Boston

Boston
USA
Aug 31- Sep 01
2018

Boston is the capital city and most populous municipality of the Commonwealth of Massachusetts in the United States. It is also the seat of Suffolk County, although the county government was disbanded on July 1, 1999.

The city covers 48 square miles with an estimated population of 673,184 in 2016 making it the largest city in the New England region of the northeastern United States. The city is the economic and cultural anchor of a substantially larger metropolitan area known as Greater Boston, a metropolitan statistical area home to a census-estimated 4.8 million people in 2016 and ranking as the tenth-largest such area in the country.

As a combined statistical area, this wider commuting region is home to some 8.2 million people, making it the sixth-largest in the United States.

Boston is one of the oldest cities in the United States, founded on the Shawmut Peninsula in 1630 by Puritan settlers from England. It was the scene of several key events of the American Revolution, such as the Boston Massacre, the Boston Tea Party, the Battle of Bunker Hill, and the Siege of Boston.

The Boston area's many colleges and universities make it an international center of higher education, including law, medicine, engineering, and business and the city is a world leader in innovation and entrepreneurship, with nearly 2,000 start-ups.
