About Conference

The field of Alzheimer's disease and Dementia is growing rapidly and its development is making tremendous impacts in Medical sciences and pharmaceuticals. The importance and significance can be gauged by the fact that it has made huge advancements over the course of time and is continuing to influence various sectors

Alzheimer's Congress 2018

- Opportunity to attend the presentations delivered by eminent scientists from all over the world
- Selected contributions will be published in following Conference Series Journals
    - Journal of Alzheimers Disease & Parkinsonism
    - Journal of Neurology and Neuroscience
    - Journal of Traumatic Stress Disorders & Treatment
    - Journal of Aging Science
- Participation in sessions on specific topics on which the conference is expected to achieve progress
- Global networking: In transferring and exchanging Ideas
- Share your excitement in promoting your skills in the field of designing
- Conference brings together Scientific Researchers, Business Entrepreneurs and Industry Developers

About Us

International Journals

- 900 Open Access Journals
- 21 Day rapid review process
- 30000 Editorial team, 35000 Reviewers team
- 3.5 Million readers and high visibility
- More than 100000 facebook fans
- Publication immediately after acceptance
- Quality and quick editorial, review processing

Key features

- User friendly/feasible website translation of your paper to 50 world's leading languages
- Enhanced feature: Audio version of published paper
- Digital articles to share and explore
- Sharing option: Social networking enabled
- Authors, reviewers and editors are provided with scientific credits

Conference Series Conferences

- 1000 Conferences all over the World every year
- Well organized scientific program
- Renowned speakers and scientists across the globe
- Poster presentations and world class exhibits
- Panel discussions and interactive sessions
- B2B meetings
- Perfect platform for Global Networking

Key features

- Presentation by renowned speakers from all over the world
- Poster presentations and world class exhibits
- Interactive Sessions
- Platform for global networking
- Connecting scientific community

About Osaka

Osaka is the second largest Metropolitan area in Japan. Aggrandize in the multitude of people experiencing psychological issues exonerate the endurance of 40 associations and societies affiliated to Psychology in Osaka and Japan. Japan is displacing towards contemporary psychology industry from its traditional "shinrigaku". Also known as the "Nation's Kitchen", Osaka is a major economic hub, hosting nearly 19million people. The GDP in Osaka is about $341 Billion.

Along with Paris and London, it is one of the most productive hinterlands in the world. Osaka is the second most expensive city for expatriate employees in the world 2009. Osaka is known for its modern architecture, nightlife and hearty street food.
