Invitation…

Dear Colleagues,

Conference Series extends its welcome to **10th World Congress on Alzheimer's Disease and Dementia** during **May 30-31, 2018** at **Osaka, Japan** with a theme "**Novel Research and Diagnostic Approaches of Alzheimer's Disease and Dementia**". Conference Series through its Open Access Initiative is committed to make genuine and reliable contributions to the scientific community.

Conference Series Organizes 1000+ Conferences Every Year across USA, Europe & Asia with support from 1000 more scientific societies and Publishes 700+ Open access journals which contains over 100000 eminent personalities, reputed scientists as editorial board members. Alzheimer's Disease and Dementia Conference will focus on educational research directed toward its impact on clinical outcomes, through oral and poster presentations, educational workshop sessions, and influential plenary presentations. Attendees will be provided with the tools to enhance Neurology programs to make education more effective in Alzheimer's Disease and Dementia. Conference will focus on The following conference have been discussed during presentations of the two day event, which reflect current education research, developments and innovations internationally and as evidenced in Neurology.

- Teaching, Assessment and Learning in University and Clinical Practice
- Technology, Simulation and Education
- Continuing Professional Development
- Continuing Medical Education
- Patient Safety
- Innovation, Academic Leadership and Evaluation Research

Organizing Committee Members

Youngjoo Kwon
Ewha Womans University
South Korea

Benedicte Defontaines
Doctor Medical Director
France

Nela Pivac
Boskovic Institute Bijenicka
Croatia

Yan Sun
Tianjin University
China

Eminy HY Lee
Institute of Biomedical sciences
Taiwan

UK

Tentative Program

Day 1	
May 30, 2018 Wednesday	
Time	Session
08:30-09:30	Registrations
Group Photo	
09:30-11:00	Keynote Forum
11:00-11:15	Network & Refreshments Break*
11:15-13:00	Track 1: Alzheimers disease and Dementia | Track 2: Vascular Dementia
	Track 3: Signs Symptoms Alzheimers Dementia
13:00-13:45	Lunch Break**
13:45-16:00	Track 4: Traumatic Brain Injury | Track 5: Managing Dementia
	Track 6: Behavioral Problems in Alzheimers disease
16:00-16:15	Network & Refreshments Break*
16:15-18:00	Track 7: Diagnosis and Symptoms
	Track 8: Imaging Techniques
	Track 9: Pathophysiology and Disease Mechanisms
Day Concludes	
Day 2	
May 31, 2018 Thursday	
Time	Session
08:30-09:30	Registrations
09:30-11:30	Keynote Forum
10:30-11:30	Track 10: Geriatric and Cognitive Disorder
11:30-11:45	Network & Refreshments Break*
11:45-13:00	Track 11: Care Practice and Awareness | Track 12: Insulin Resistance on the development of Alzheimers disease
13:00-13:45	Lunch Break**
13:45-15:00	Track 13: Current Research in Therapeutic Targets
	Track 14: Amyloid Protein in Dementia | Track 15: Genetics of Dementia
15:00-15:15	Network & Refreshments Break*
15:15-16:30	Track 16 : Alzheimers Clinical Trials and Studies
	Track 17: Animal Models and Translational Medicine
16:30-18:00	Poster Presentations
Award Ceremony	
Conference Concludes	

Oral Presentations

Title: The association between BDNF gene polymorphisms and cerebrospinal fluid biomarkers in Alzheimer's disease

Nela Pivac, Rudjer Boskovic Institute, Croatia

Title: Evaluation and care for pateints with cognitive disorders with remote consultation: an holostic approach

B Defontaines , Doctor Medical Director france

Title: Research of efficency and evaluation of Group Home Care at Dementia Group Home

Kouichi Miyakawa, Director of Japan Dementia Group Home Association

Title: Mild cognitive impairment in combination with comorbid diabetes mellitus and hypertension is negatively associated with health-related quality of life among older persons in Taiwan

Yea-Ing L Shyu, School of Nursing, Chang Gung University, Taiwan

Title: Rab21, a Novel PS1 Interactor, Regulates □-Secretase Activity via PS1 Subcellular Distribution

Hong Qing, School of Life Science, Beijing Institute of Technology, China

Title: Dementia Friendly Communities What Can We Do?

Rosanne Burk, Certified dementia educator consultant canada

Title: Differential diagnosis of Alzheimer disease

Magalhães, Faculdades Unidas do Norte de Minas-Funorte, Brazil

Title: Coping among male caregivers of people with dementia living at home

Midori Nishio, School of Nursing and Medical Care, Fukuoka University Hospital, Japan

Title: What advice preparations should be made to provide suitable care for parents

Taro Nishio, School of Nursing and Medical Care, Fukuoka University Hospital, Japan

Title: Practical Communication Skills for Dementia Care Partners

Rosanne Burke, Certified Dementia Educator Consultant Canada

Title: Serum Levels of high Molecular Weight Adiponectin and Leptin in Elderly Patients with Dementia

Marwa A Saad, Internal Medicine Department, Geriatric Unit Egypt

Title: Only the lonely? The relationship between social isolation and dementia: A behavioural rodent study

Ann Van Der Jeugd, Laboratory for Biological Psycholohy, Belgium

Title: Individual First Dementia Second

Rita Anand, Beyond Golden Era, llc and Dementia Angels, LLC

Title: Genetics and Epidemiological Studies of Dementia of Alzheimer's Type among Arab Populations

Bowirrat Abdalla, Clinical Neurology from London University, UK

Title: Surfaced-functionalized serum albumin as potent inhibitors of amyloid -protein aggregation and cytotoxicity

Yan Sun, Tianjin University, China

Title: Family Carers of People with Young-Onset Dementia: Their Experiences with the Supporter Service

Aud Johannessen, Norwegian National Advisory Unit on Ageing and Health, Norway

Title: Candidate Biomarkers and CSF Profiles for Alzheimer's disease and CADASIL

Bowirrat A Clinical Neurology from London University, UK

Title: Perspective on Neurobiological and Clinical Early Indicators of Mild Cognitive Decline and Alzheimer's Disease

Jigar Jogia, School of Arts and Sciences, American University in Dubai

Title: Diagnosing dementia across cultures

Eef Hogervorst, Centre for Ageing Studies University of Indonesia, Loughborough University

Title: Use of Mancala/Sungka to reduce Cognitive Decline in Institutionalized elderly in Metro Manila

Raine Iris P. Verar, University of Santo Tomas, Philippines

Title: Exploring the Concept of Family Caregiver's Competence for Managing Behavioral and Psychological Symptoms of Dementia

Jun-Ah Song, Korea University College of Nursing, Seoul

Title:Neuropsychiatric and cognitive subtypes among community-dwelling older persons and the association with DSM-5 mild neurocognitive disorder: latent class analysis

Tau MingLiew, Institute of Mental Health, Singapore

Title: O. stamineus improves cognitive functions after ICV Streptozotocin insult in Alzheimer's disease model

Thaarvena Retina, Monash University Malaysia

Title: Neurotropin Inhibits neuroinflammation via suppressing NF- B and MAPKs signaling pathways in lipopolysaccharide-stimulated BV2 cells

Yuqiu Zheng, Department of Neurology, Sun Yat-sen Memorial Hospital

Title: Curcumin-Loaded PLGA-PEG Nanoparticles conjugated with B6 Peptide for Potential Use in Alzheimer's disease

Yuqiu Zheng, Department of Neurology, Sun Yat-sen Memorial Hospital

Title: Accelerated Brain Aging with relevance to Type 3 Diabetes and Alzheimer's Disease

Ian James Martins, Edith Cowan University, School of Medicine and Health Sciences, Perth

Title: Chronic Microvascular Ischemia Is Associated with Cerebral Amyloid Burden in Patients with Cognitive Impairment

Hae Won Kim, Department of Nuclear Medicine, Keimyung University Dongsan Medical Center, Daegu, Republic of Korea

Title: People With Dementia Who Have Higher Global Cognitive Scores Tend to Have Higher Depression Scores

Ivan Pradhana, Faculty Of Medicine, University of Indonesia

Title: The role of AMP-activated protein kinase as a novel therapeutic target for Alzheimer's disease

"Hyunji Jo, College of Pharmacy and Graduate School of Pharmaceutical Sciences, Ewha Womans University, Seoul"

Title: HAPPY (Healthy Ageing Promotion Program for You) for Ageing in Place

Reshma A Merchant, School of Medicine, National University of Singapore

Title: EPIDEMIOLOGY OF COGNITIVE DISORDERS IN OLD PERUVIANS

Jonathan Zegarra-Valdivia, Universidad Nacional de San Agustín, Arequipa – Perú

Title: BENEFITS OF THE TREEHOUSE PROGRAM AT KYNETON DISTRICT HEALTH

KATHY KIRBY RN, kynetonhealth, Australia

Title: BENEFITS OF THE TREEHOUSE PROGRAM AT KYNETON DISTRICT HEALTH

TESSA WILSON EN, kynetonhealth, Australia

Title: Adult neurogenesis stimulation as an anti-Alzheimer's disease therapeutic approach?

Bruno VINCENT, Institute of Molecular Biosciences, Mahidol University, Bangkok, Thailand

Title: O. stamineus improves cognitive functions after ICV Streptozotocin insult in Alzheimer's disease model

Thaarvena Retina, Monash University Malaysia

Title: Neurotropin Inhibits neuroinflammation via suppressing NF-□B and MAPKs signaling pathways in lipopolysaccharide-stimulated BV2 cells

Yuqiu Zheng, Department of Neurology, Sun Yat-sen Memorial Hospital

Closing Ceremony

Tourist Attractions

Venue

Osaka is the second largest metropolitan area in Japan and serves a major economic hub.Historically a merchant city, Osaka has also been known as the "Nation's Kitchen". With a population of 2.5 million, Osaka is Japan's third largest and second most important city. It has been the economic powerhouse of the Kansai region for many centuries. Thecity's west side has the main port as well as a tourist destination with attractions such as Kyocera Dome, Universal Studios Japan, Osaka aquarium, Minami, Osaka castle, Umeda sky building and the TempozanHarbour Village. Osaka is known for its food, both in Japan and abroad. Author Michael Booth and food critic François Simon of Le Figaro have both suggested that Osaka is the food capital of the world. Osaka's culinary prevalence is the result of a location that has provided access to high quality ingredients, a high population of merchants, and close proximity to the ocean and waterway trade. In recent years, Osaka has started to garner more attention from foreigners with the increased popularity of cooking and dining in popular culture. The National Museum of Art (NMAO) is a subterranean Japanese and international art museum, housing mainly collections from the post-war era and regularly welcoming temporary exhibitions. Osaka Science Museum is in a five storied building next to the National Museum of Art, with a planetarium and an OMNIMAX theatre.

You'll fall in love with Japan

Venue:
Hyatt Regency Osaka
1-13-11 Nanko-Kita, Suminoe-Ku Osaka
