American Dental Congress 2018

27th American Dental Congress is going to be held in Chicago, USA. Chicago, officially known as the City of Chicago and it is the third-most populous city in the United States. With over 2.7 million residents, it is also the most populous city in the Midwestern United States. It is the county seat of Cook County. The Chicago metropolitan area and it is called as Chicagoland, has nearly 10 million people and is the third-largest in the U.S. Chicago has often been called a global architecture capital. Chicago is considered one of the most important business centres in the world.

Chicago was incorporated as a city in 1837, near a portage between the Great Lakes and the Mississippi River watershed, and grew rapidly in the mid-nineteenth century.

Positioned along Lake Michigan, the city is an international hub for finance, commerce, industry, technology, telecommunications, and transportation: O'Hare International Airport is the second-busiest airport in the world when measured by aircraft traffic; the region also has the largest number of U.S. highways and rail road freight. In 2012, Chicago was listed as an alpha global city by the Globalization and World Cities Research Network, and ranked seventh in the world in the 2016 Global Cities Index. Chicago has the third-largest gross metropolitan product in the United States—about $700 billion according to 2016 estimates. The city has one of the world's largest and most diversified economies with no single industry employing more than 14% of the workforce.

In 2017, Chicago hosted a record 60 million domestic and international visitors, making it one of the most visited cities in the United States. Landmarks in the city include Millennium Park, Navy Pier, the Magnificent Mile, Art Institute of Chicago, Museum Campus, the Willis Tower, Museum of Science and Industry, and Lincoln Park Zoo. Chicago's culture includes the visual arts, novels, film, theatre, and music, particularly jazz, blues, soul, hip-hop, gospel, and house music. There are many colleges and universities in the Chicago area; of which North-western University, the University of Chicago, and the University of Illinois at Chicago are classified as "highest research" doctoral universities.
