International Conference on Analytical Chemistry

About Conference

ME Conferences invites all the participants from all over the world to attend ANALYTICAL CONF 2021 which is to be held online during September 2, 2021 which includes keynote presentations, Oral talks, Poster presentations and exhibitions.

We are looking forward to seeing you at ANALYTICAL CONF 2021. This conference aims to provide a forum for researchers from various areas of chemical industry, food analysis, pharmacogenomics research Phytochemical Analysis, method development and validation by providing a platform for critical analysis of new data, scope for analytic chemist and to share latest cutting-edge research findings and results about all aspects of Analytical chemistry. We sincerely hope this event serves as an international platform for meeting researchers from around the world, widen professional contact and create new opportunities, including establishing new collaborations.

September 02, 2021/ Webinar

WEBINAR

Target Audience

- Chemists
- Chemical Engineers
- Research Scholars in Pharmaceutical Sciences
- University Academicians
- R&D Heads of industries
- Doctors
- Pharmacologists
- Clinical researchers
- Healthcare professionals
- Lab Technicians
- Business Entrepreneurs
- Pharmaceutical Associations & Societies
- Industrialists
- Marketing Executives
- Students

Sessions

- Mass Spectrometry
- Advances in Separation Techniques
- Analytical Chemistry and Methodology
- Biopolymers and Biomaterials
- Chromatography and its Mechanism
- Electrophoresis and its Principle
- New Instrument and Equipment
- NMR Spectroscopy and its Principle
- Pharmaceutical Analytics and Its Role
- Polymer Science and Material Science
- Nano photonics

REMINISCENCE OF 2019
