

3rd International Conference on Analytical Chemistry

December 07-08, 2023 | Prague, Czech Republic

About Conference:

Conference series welcome all the participants globally to the upcoming conference "3rd International Conference on Analytical Chemistry" scheduled on December 07-08, 2023 which will take place in Prague, Czech Republic. This conference mainly focuses on the theme "Recent Advancements in Analytical Chemistry".

Analytical Conf 2023 aims to provide a forum for researchers from various fields of the chemical industry, food analysis, pharmacogenomics research, phytochemical analysis, method development, and validation by providing a platform for critical analysis of new data, scope for analytical chemists, and to share latest cutting-edge research findings and results about all aspects of Analytical chemistry. We really believe that this event will act as a global forum for researchers from different countries to network, expand professional ties, and forge new connections that may lead to future collaborations.

Conference Sessions

- Analytical Chemistry and Methodology
- Polymer Science and Material Science
- Bioanalytical Methodology
- Chromatography
- Biopolymers and Biomaterials
- Mass Spectrometry
- Advances in Separation Techniques
- Thermal Analysis
- Nuclear Magnetic Resonance Spectroscopy
- Scope for Analytical Chemistry
- Electrophoresis and its Principle
- Environmental Analytical Chemistry
- New Instrument and Equipment
- Pharmaceutical Analytics and Its Role
- Spectroscopy and its Types
- Applications of Analytical Chemistry
- Nano Photonics

Who should attend?

- Chemists
- Chemical Engineers
- Research Scholars in Pharmaceutical Sciences
- University Academicians
- R&D Heads of industries
- Doctors
- Pharmacologists
- Clinical researchers
- Healthcare professionals
- Lab Technicians
- Business Entrepreneurs
- Pharmaceutical Associations & Societies
- Industrialists
- Marketing Executives
- Students

CITY ATTRACTIONS

REMINISCENCE OF PREVIOUS YEARS

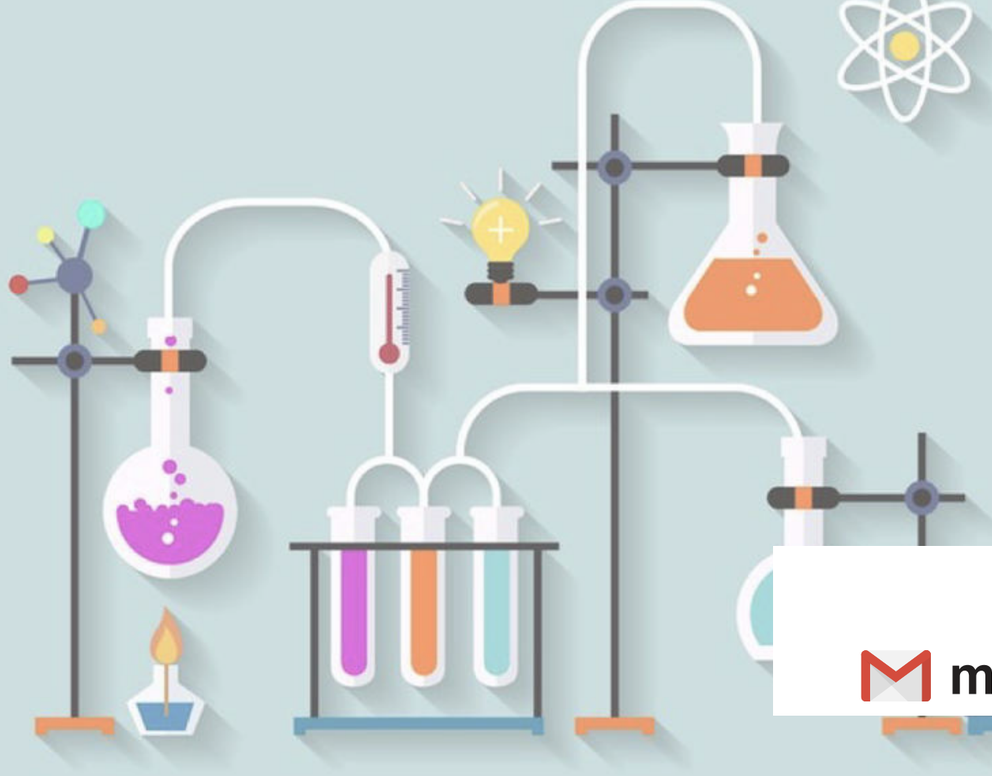

Share your technical knowledge, best practices, case studies and innovations.
