INVITATION

Dear Attendees,

We are glad to announce the "12th World Congress on Analytical & Bioanalytical Techniques" to be held in Paris, France on September 19-20, 2022 organized in collaboration with generous support and cooperation from enthusiastic academicians and editorial Board Members. Analytical Techniques 2022

aims at sharing new ideas and technologies amongst the professionals, industrialists and students from research areas of Analytical Techniques and it's Research. As the premier event, we have developed a program with your interests in mind. We have not only increased the number of opportunities for you to network with colleagues from across the world but also introduced more focused sessions that will feature cutting edge presentations, special panel discussions, and livelier interaction with industry leaders and experts.

Life is full of give and take. Make it count in your professional life. 12th World Congress on Analytical & Bioanalytical Techniques amid September 19-20, 2022 at Paris, France. This consolidates incite keynote presentations, Oral talks, Poster presentations and Exhibitions.

Sincerely,

Analytical Techniques 2022

Organizing Committee

ABOUT US

Our International Open Access Journals

- 700+ Leading-edge Peer Reviewed Open Access Journals
- 21 Day Rapid Review Process
- 50000+ Editorial Board Team, 35000+ Reviewers team
- 30 Million Readers and High Visibility
- 1000+ Scientific Associations Collaborations
- 100000+ Likes
- Publication immediately after acceptance
- Quality and Quick editorial, review processing

Salient Features

- Easy to Submit and Review Systems
- High Quality and Fast Publishing Guaranteed
- Unbiased, quality-oriented, and transparent reviews
- Truly impartial recognition of the best papers
- Feedback on the impact of every article
- Enhanced feature: Audio version of published paper
- Digital articles to share and explore
- Sharing option: Social networking enabled
- Authors, reviewers and editors are provided with scientific credits
- User friendly/feasible website articles translations across more than 50 world languages

Our International Scientific Conferences

- More than 3000 Conferences happening across the globe
- Conferences organized in Medical, Pharma, Engineering, Science, Technology and Business.
- CME/CPD Accredited Conferences fostering professional and Personal development
- Continuum of education through organized scientific program
- Renowned speakers and scientists representing from 40 countries
- Highly Interactive sessions and Panel Discussions
- B2B Meetings offers perfect platform for Global Networking

Salient Features

- Robust on-line publicity for all the speakers and organizing committee members
- Career Guidance Workshops for students and early career researchers
- Accepted Abstracts will be published in various indexed journals
- Accepted abstracts will be labeled with a Digital Object Identification Number (DOI) provided by Cross Ref
- Creation of speakers and abstracts pages in Google
- Opportunity to publish full Manu Scripts in our Open Access Journals

ABOUT CONFERENCES

Conference Series LLC Ltd. invites all participants to attend 12th World Congress on Analytical & Bioanalytical Techniques (Analytical Techniques 2022) is scheduled during September 19-20, 2022 at Paris, France. This Analytical Techniques 2022 is based on the theme "Insights into the modern world of Mass Spectrometry & Analytical Chemistry". The Analytical Techniques 2022 is honored to host high-profile keynote speakers from around the world as well as many concurrent oral and poster presentations, young researchers forum, delegates to discuss and share on mass spectrometry and analytical techniques.

Analytical Techniques 2022 is one of the Mass Spectrometry and Analytical Techniques Meeting which will be attended by all the prestigious chemists, physicists, biochemists, and spectroscopists from all over the world. This Mass Spectroscopy Congress will help professionals to learn the latest advances in the rapidly evolving field of Mass Spectrometry and Analytical Techniques. This Analytical techniques Conference gathers the professionals, chemists, physicists, biochemists, and spectroscopists to present and learn latest advances, to discuss their experiences, challenges, and research, meet with the colleagues from around the world, and strike new collaborations. We have dealt with various compelling Mass spectrometry and Analytical techniques events and develop incredible relations bringing the researchers and associations together.

Analytical Techniques 2022 salient features

- Meet Academia and Industry visionaries to get inspired
- Expand your knowledge and find solutions to problems
- Knowledge, Benchmarking and Networking offered at one place
- Forge connections and for global networking
- Highly Organized and Structured Scientific programs
- Poster presentations and world class exhibitions
- Meet with new vendors and suppliers

How Conference Series Conferences differs from others?

- 3000+ Conferences across the globe in 150+ countries all through the year
- Over 25 Million+ Visitors and 20000+ Unique Visitors per conference
- Participation by Stalwarts from various international societies
- Internationally renowned speakers and scientist's representation
- Career guidance for early career researchers and students
- Interesting scientific deliberations and discussions
- Perfect platform for Global Networking

Goals

- The conference program emphasizes evidence-based practice, educational innovation, practical application, and peer to peer networking and collaboration. The goals of the conference is to provide a transformative professional development experience through.
- Bringing together the world's scientific experts to catalyze and advance scientific knowledge about International Conference on Nanotechnology, present the most recent research findings, and promote and enhance scientific collaborations around the world.
- Bringing together community leaders, scientists, and policy leaders to promote and enhance programmatic collaborations to more effectively address regional, national and local responses to Elderly Population around the world and overcome barriers that limit access to care and services

ABOUT CONFERENCES

Objectives

- After participating in this meeting, attendees should be able to
- Discuss emerging issues in Case Reports
- Discuss and apply recent research findings related to Case Reports .
- Reflect on the place of critical distance in Case Reports Research.

Who should attend?

Academicians including multidisciplinary spectroscopists, Analytical professionals, and researchers involved in the Analytical Techniques, chromatography, Electrophoresis, proteomics, bio medical analysis, ecological analysis, pharmaceutical analysis, biosensors and biomolecular analysis, chemometrics and chemical analysis, thermal and surface analysis , and related fields.

Conference Sessions

- Novel Approaches to Analytical and Bioanalytical Method
- Analytical Methodology
- Bio analytical methodology
- Analytical Techniques in Pharmacogenomics
- NMR and Analysis of small Organic Molecules
- Advances in Chromatography and Mass Spectrometry
- Analytical Techniques in Immuno Chemistry
- Environmental Analytical Aspects
- Applications of Analytical and Bioanalytical Methods
- Diagnostic Assays and Test Kits
- New Instrumentation and Equipment
- Regulatory Issues and Bio safety Challenges in Bioanalysis

About hosting organization

Conference Series is the world's leading specialist in organizing Academic, Scientific and Business conferences, meetings, symposiums and exhibitions in different verticals and horizontals like Medical, Pharma, Engineering, Science, Technology and Business to promote scientific research. Every year we host more than 3000+ global events inclusive of 1000+ Conferences 1000+ Symposiums 1000+ Workshops in USA, Europe, Middle East and Asia with the generous support and cooperation from our 30000+ Editorial Board Members, 1000+ ScientificSocieties. All the conference proceedings are published in the special issues of our 700+ Open Access International Journals with the DOI provided by CROSSREF.

ABOUT PARIS

Paris, city and capital of France, situated in the north-central part of the country. For centuries Paris has been one of the world's most important and attractive cities. It is appreciated for the opportunities it offers for business and commerce, for study, for culture, and for entertainment; its gastronomy, haute couture, painting, literature, and intellectual community especially enjoy an enviable reputation. It is a hero among the most awesome urban districts on earth and home to true blue notable focuses, for example, Notre Dame, the Eiffel tower (320m), Bastille, Louver and dissimilar ceaselessly and the city is isolated into 20 "arrondissements" (regions) which are numbered 1 to 20. The channel Seine portions the city into the Rive Gauche on the south and the Rive Droite on the north banks of the stream. The city is equally a helpful and division and structures within and focal station of the Ile-de-France, or Paris Region

Paris, the recognized "City of Light," is progressively over the spot saw by the entire world for its progress, contemplative intrigue, and enormity. The city covers a region of 105.39 km2 (41 sq miles) which solidifies two islands, the Île Saint-Louis and the Île de la Cité. The city is usually level and low-lying. The most reduced point is 35 meters (115 feet) above ocean level.

Paris received 38 million visitors in 2019, dignified by hotel stays, with the largest numbers of foreign visitors coming from the United States, the United Kingdom, Germany, and China. It was ranked as the second-most-visited travel destination in the world in 2019, after Bangkok and just ahead of London. Due to the city's international recognition, a number of places around the world, such as Bucharest and Leipzig, have been nicknamed Little Paris.

Tourist attraction place: Eiffel Tower, Louvre Museum, Cathédrale Notre-Dame de Paris, Arc de Triomphe, Musée d'Orsay, The Centre Pompidou, Sacré-Cœur, Palace of Versailles, Champs-Élysées, Luxembourg Gardens, Montmartre, Palais Garnier, Sainte-Chapelle, Catacombs of Paris, Tuileries Garden, Grand Palais, Rodin Museum, Moulin Rouge.
