PROGRAM AT A GLANCE

Day 1

Morning Sessions	Registrations	9.00-9.15	
		Time	Session 1 / session 2
	Keynote Talks	09.00-09.15	Opening Session
		09.15-09.45	Keynote Talk 1
		09.45-10.15	Keynote Talk 2
		10.15-10.45	Keynote Talk 3
	Panel Discussions/Group Photo		
	Coffee/Tea Break 10.45-11.00 (Networking)		
	11.00-12.40		5 Speakers (20 Mins Each)
Evening Sessions	**Lunch Break 12.40-13.30**		
	13.30-15.30		6 Speakers (20 Mins Each)
	Coffee/Tea Break 15.30-15.45 (Networking)		
	15.45-17.25		6 Speakers (20 Mins Each)
	Day 1 Concludes		

Day 2

Morning Sessions		Time	Session 1 / session 2
	09.00-10.40		5 Speakers (20 Mins Each)
	Coffee/Tea Break 10.40-10.55 (Networking)		
	10.55-12.35		5 Speakers (20 Mins Each)
	Lunch Break 12.35-13.25		
Evening Sessions	13.25-15.05		5 Speakers(20 Mins Each)
	Poster Sessions		
	Coffee/Tea Break 15.05-15.20 (Networking)		
	15.20-17.00		5 Speakers(20 Mins Each)
	Day 2 Concludes

Awake craniotomy anesthesia: A comparison between the Monitored Anesthesia Care (MAC) versus the Asleep-Awake-Asleep (AAA) technique

Punita Tripathi

Johns Hopkins University, Maryland

Punita Tripathi was a practicing Cardiac Anesthesiologist at India's premier medical institute the All India Institute of Medical Sciences (AIIMS), New Delhi, before coming over to USA in 1996. There after she completed her residency in Anesthesiology from Harvard Medical School, Beth Israel Deaconess Medical Center, Boston, MA in 2002. Since 2002 she is on faculty at Johns Hopkins University, Baltimore, MD. For the past five years she has been Director of Neurosurgical Anesthesia at Johns Hopkins Bayview Medical Center and has been actively involved in writing protocols for Awake Craniotomy and Anesthesia for Neurosurgical cases. Her areas of interests are Neurosurgical Anesthesia, Thoracic Anesthesia and Obstetric Anesthesia. She has authored papers in reputable journals and written book chapters.

Carbetocin at elective cesarean delivery: A non-inferiority study between 20 and 100 mcg

Samar Tabl

University of Saskatchewan, Canada

Samar Tabl is a clinical associate professor at University of Saskatchewan, Canada. She is a graduate of the Faculty of Medicine, Ain Shams University, Cairo, Egypt, and has trained in both Egypt and Canada. Dr. Tabl holds both Masters and Ph.D. degrees in clinical anaesthesia. She also did a research fellowship in obstetric anaesthesia at Mount Sinai Hospital University of Toronto, Canada. Areas of interest include: obstetric anaesthesia, ultrasound guided regional techniques in obstetric anesthesia, airway management, simulation education.

Confirmation of endotracheal tube placement: Comparison of ultrasound based versus conventional methods-An exploratory

Choro Athiphro Kayina

All India Institute of Medical Sciences, India

Choro Athiphro Kayina is working as a Senior Resident Doctor, Department of Anesthesiology and Critical Care, All India Institute of Medical Sciences, Delhi, India. She graduated from Regional Institute of Medical Sciences, Imphal, India, and was awarded gold medal for her excellence in obstetrics and gynecology. She received her MD (Anesthesia) in 2016 from University College of Medical Sciences, Delhi. Her interest is in airway management and obstetric anesthesia.

Downregulation of neuroligin1 ameliorates postoperative pain through inhibiting neuroligin1/ posts

Ruijuan Guo

Capital Medical University, China

Ruijuan Guo, Department of Anesthesiology,she is expertise in the mechanism of postoperative pain. Based on the results of previous studies, this study further explored the mechanism of postoperative pain and provided new ideas for the treatment of postoperative pain.

Anesthesia Practice: US and international trends in anesthesiology manpower and practice management

Gary Haynes

Tulane University School of Medicine, New Orleans, Louisiana, USA

Gary Haynes is a practicing anesthesiologist, Professor, and the Merryl and Sam Israel Chair in Anesthesiology at Tulane University School of Medicine in New Orleans, Louisiana. He is a graduate of Illinois College (BS), the University of Cincinnati (MS), and Case Western Reserve University (PhD and MD) and had US residency training in Anesthesiology at the Medical University of South Carolina. He is a diplomat of the American Board of Anesthesiology. Prior to becoming chair at Tulane he was Professor of Anesthesiology at the Medical University of South Carolina, Professor and Chair of Anesthesiology and Critical Care at Saint Louis University, and a medical director with a US national anesthesia practice management company. His interests include resuscitation, blood transfusion and management of acquired bleeding disorders, department

Changing the physical properties of the local anaesthetic may improve the epidural block quality

Hazem E Elsersy

Menofia University, Egypt

Hazem E Elsersy, MB BCh, MSC, MD an assistant professor of anaesthesiology, faculty of medicine, Menofia University, Egypt. Expert in postoperative management particularly postoperative pain and agitation. Graduated from the faculty of Medicine, Menofia University in 1992, Finished the residency in anaesthesia in 1998.He gained the basic research skills during working at duke University from 2001 to 2004. Went back to Egypt and completed his line of research in the clinical anaesthetic perspectives. DR. Elsersy is an editorial board member of clinical anesthesia and pain management journal; Annals of respiratory and critical care Medicine journal and Anesthesiology and clinical research journal.

An unusual presentation of undiagnosed Gastro oesophageal reflux disease (GERD) during General anaesthesia for an elective

Jinghui Chen

Singapore General Hospital, Singapore

Jinghui Chen is a senior resident anesthesiologist at Singapore General Hospital, Singapore. His interests include intensive care medicine, and clinical ultrasound in critical care.

Timing of recombinant activated factor seven admonistration in severebleeding cardiac surgery patients does it make difference?

Mahmoud Ibraim Moustafa Abdalla

Heart Hospital, Doha-Qatar

Mahmoud Ibraim Moustafa Abdalla is a senior consultant in cardiothoracic anesthesia and postoperative intensive care. We dealing with different types of cardiothoracic surgeries including robotic assisted surgeries and ventricular assist devices including ECHMO facilities. The department has well advanced ICU unit. I am part of teaching team for under graduate Weill Cornell Collage and postgraduate anesthesia residents and fellowship candidates. Previous work was A. Professor Anesthesia and ICU Department Ain Shams University Cairo Egypt.

A Comparative Evaluation of Nebulized Dexmedetomidine, Nebulized Ketamine, and Their Combination as Premedication for Outpatient Pediatric

Ola Mohy El Deen Zanaty

Alexandria University, Egypt

Ola Mohy El Deen Zanaty Professor of Anesthesia & Critical Care, Department of Anesthesia and Critical Care.Head of Maxillofacial and Plastic Surgery anesthesia unit, Faculty of Medicine, Alexandria University. Anesthesia consultant in Egypt Police hospital.

Anesthesia in the Syrian crisis

Osama Yanes

Damascus hospital Ibn–alnafees, Syria

Osama Yanes M.D Anesthesia specialist since 1998. Worked in different anesthesia subspecialty such cardiac anesthesia oby-gyn and others and that at different hospitals mainly Damascus hospital Ibn –alnafees hospital and al – Basel heart center. Attended A course for one year at Ohio State University research training . Contributed to Euro SCORE model for cardiac surgery as a highest number of patients contribution in 2010. Awarded in Epidural Anesthesia from Ministry of Health in Syria.

Arterial cannulation induced radial arterial spasm: Etiologies and remedies

Pradipta Bhakta

Cork University Hospital, Ireland

Pradipta Bhakta (MD, DNB, MNAMS, FCAI, EDRA), have graduated in medicine from Calcutta University, West Bengal, India in 1995. Then I did my post graduation in Anaesthesiology for University College of Medicine, West Bengal, India in 2001. After working about one year in West Bengal, I joined as senior Resident in anaesthesia in All India Institute of Medical Sciences, New Delhi, the premier medical institute of India. After that (2006) I moved to Sultan Qaboos University Hospital, Muscat, Oman and worked there for six years initially as registrar and then as senior registrar before coming to Ireland in 2012. In Ireland I worked in several hospitals in rotational training. Presently I am working as registrar Anaesthesia in Cork University Hospital, Cork, Ireland.

The analgesic effect of ondansetron when added to lidocaine for intravenous regional anesthesia

Suadid Faris Saleh Aatallah

University of Mosul, Iraq

Suadid Faris Saleh Aatallah is a Board certified anesthesiologist in Iraq. Graduated from college of Medicine, University of Mosul, Iraq, in 2010. Graduated from the Iraqi board of Anesthesia Anesthesia and intensive care in October, 2017. She is member in European society of regional Anesthesia (ESRA) and member in American society of regional Anesthesia and pain medicine (ASRA). Her research is Regional Anesthesia and pain medicine.

Enhanced recovery after neurosurgery; Challenges and controversies

Yasser M. L. Zaghloul

Sheikh Khalifa Medical City, United Arab Emirates

Yasser M. L. Zaghloul is a Consultant Anaesthesiologist at Sheikh Khalifa Medical City, Abu Dhabi, United Arab Emirates. Coordinator of Abu Dhabi Anaesthesia Club and Anaesthesia Refresher Course. He is an Instructor of Fundamentals Critical Care Support (FCCS) course Organised by Society of Critical Care Medicine – USA. Instructor of Airway Management Course Australian and New Zealand Intensive Care Society. Instructor of Mechanical Ventilation Course; Beyond BASIC Organised by the European Society of Intensive Care Medicine.

Anesthesia for remote is it safe…!!!

Fouad H. Lotfy

Ain Shams University, Egypt

Fouad H. Lotfy is a Professor in the Department of Anesthesia, Ain Shams University, Egypt from 30/7/2000 till now. Seconded to KSA MOH from1-Jan-1998 to 1-Sep-2004 as Anesthesia consultant; King Fahd Hospital, Jeddah, MOH then from 2-Sep-2004 as Anesthesia Consultant; Maternity and Children's Hospital, Jeddah Saudi MOH then from2009 as Anesthesia Consultant, Althaghr Hospital Jeddah MOH, to date. I shared in many international conferences of anesthesia, performing continuous medical education for anesthesiologists. I am trying to improve performance of remote anesthesia.

What to expect when a child has an operation at St Mary's hospital? Information booklet for children, parents and carers

Flora Kormendy

Trust Grade Anaesthetist, London, UK

Flora Kormendy is a Hungarian Anaesthetic trainee graduating from Semmelweis University in Budapest. She moved to the UK 2 years ago and now she works as a trust grade doctor in a teaching hospital with great reputation. Her attitude to the word is to search for ways of renewing our perspective to patient care and patient satisfaction. The focus of her work is on Paediatric Anaesthesia and her attention is concentrating on patient pre-assessment and patient co-operation. She was always close to Paediatric patients starting form a project in University with Recurrent Laryngeal Papillomatosis to the most recent project with information booklet. This passion will accompany her for the rest of her career.

Perioperative intravenous lidocaine is as effective as thoracic epidural analgesia on postoperative pain and lung function

Asmaa Moatasem

Assiut University, Egypt

Asmaa Moatasem has completed her Master degree at the age of 27 years from Assiut University, Egypt. She had a fellowship in pain management at the University of Wurzburg, Germany. She completed the European Diploma of Anesthesia and Intensive Care in 2015, and completed her PhD at the age of 33 from Assiut University, Egypt. She is a consultant of Anesthesia, Intensive Care and Pain Management at Assiut University, Egypt.

Is propofol safe if given by non-anesthesia providers?

Ali Mohamed Ali Saad

Ahmadi Hospital, Kuwait

Ali Mohamed Ali Saad is specialist of Anesthesia and Intensive Care Unit, working in field for 12 years' experience with continuous medical education programs, courses with weekly presentations. He completed his Master of Degree in Mansoura university-Egypt.

Ketamine for post- Operative analgesia in paediatrics

Ali Mohamed Ali Saad

Ahmadi Hospital, Kuwait

Ali Mohamed Ali Saad is specialist of Anesthesia and Intensive Care Unit, working in field for 12 years' experience with continuous medical education programs, courses with weekly presentations. He completed his Master of Degree in Mansoura university-Egypt.

The effect of deep neuromuscular block on surgical stress response during laparoscopic gastrectomy

Ah-Young Oh

Seoul National University College of Medicine, Korea

Ah-Young Oh is an anesthesiologist specializing in pediatric anesthesia and anesthesia pharmacology. She has published articles in international journals regarding pediatric anesthesia, the safety and efficiency of muscle relaxants and inhalational anesthetics, monitoring the level of consciousness during general anesthesia, and postoperative pain management. She graduated from and had doctorship at Seoul National University School of Medicine.

Magnitude of hemodynamic and airway pressure change and factors associated with intraoperative hypotension during elective neurosurgery in an ethiopian teaching hospital

Adugna A. Kassa

Addis Ababa University, Ethiopia

Adugna A. Aregawi has completed his BSc at the age of 21 years in 2009 from University of Gondar and MSc studies from same university in 2013. He is a lecturer and clinical anesthetist at Addis Ababa University. He has published 4 papers in reputed journals and has been serving as an academic promotion commitee, post graduate and research coordinator of the department of Anesthesia, School of health sciences, Addis Ababa University.

Analgesic effect of Ketamine versus Dexmedetomidine when added to epidural Bupivacaine for abdominal hysterectomy. A Double blind, Randomized, Controlled Trial.

Sohair A Megalla
Minia University, Egypt

Sohair A Megalla, Anesthesiology & Intensive care department, El Minia University, Egypt. Fields of interest include obstetric anesthesia and perioperative pain relief among other fields of anesthesia.

Remembering Dr. Morton on the sesquicentennial of his death

Giulia Petrini City of health and science, Italy

Giulia Petrini strongly believe the history of medicine is an important subject for all medical students to study. Physicians should understand the background of medicine, where our current knowledge comes from, and why it is so important to be evidenced based when choosing treatments: this history of wrong choices is staggering. Doctors were respected members of society who balanced biology and human compassion with remarkable abilities to help people from all walks of life.

Inhaled Nitroglycerin an Alternative to Inhaled Nitric Oxide in the Acute Treatment of Pulmonary Hypertension and Impending Acute Right Ventricular Failure

Marc Incitti Geisinger Commonwealth School of Medicine, USA

Marc Incitti earned his RN from Luzerne County Community College and his Bachelor's degree from the University of Scranton, in the United States of America, majoring in neuroscience and minoring in biochemistry. While at Scranton, he worked full-time as a registered nurse in the emergency department and critical-care units of Wilkes-Barre General Hospital. He is the only practicing CCRN-CMC, CEN in the hospital, possibly in its history. He is a recent graduate of the Geisinger Commonwealth School of Medicine MBS program, and is currently an MD1 student. As the founder and president of the Rural & Remote Medicine Club, Marc is interested in partnering with community agencies in order to increase healthcare access and quality in northeastern Pennsylvania.

Efficacy of ultrasound guided popliteal sciatic-saphenous adductor canal block versus ankle block in diabetic foot surgery

Nawfal Ali Almubarak
University of Basrah, Iraq

Dr. Nawfal Almubarak Assistant Professor of Anesthesiology, Department of Surgery, College of Medicine, University of Basrah, Iraq. Head of Anesthesia and ICU Dept. at Alfayhaa General Hospital, Basra, Iraq. He is a Sponsor of Iraq and Arab Board of Anesthesiology and Intensive Care. He completed his MB,ChB, Diploma in Anesthesiology, FICMS Anesthesiology under Head of Department of Anesthesiology, Alfayhaa Teaching Hospital, Basrah.

Use of venous blood gases for management of acid-base status in patients with septic shock

Garrison Davis Signature
Healthcare Brockton Hospital, USA

Garrison Davis is a Respiratory Care Practitioner at Signature Healthcare Brockton Hospital. Science tutor at Massasoit Community College. He completed his Doctor of Medicine at Geisinger Commonwealth School of Medicine. Respiratory Therapist at Massasoit Community College.

Assessment using the SAVE Score predicts difficulty of tracheal intubation in the intensive care unit

Garrison Davis Signature
Healthcare Brockton Hospital, USA

Garrison Davis is a Respiratory Care Practitioner at Signature Healthcare Brockton Hospital. Science tutor at Massasoit Community College. He completed his Doctor of Medicine at Geisinger Commonwealth School of Medicine. Respiratory Therapist at Massasoit Community College.

Prevention and management of right heart dysfunction in cardiac surgery

Nikola Bradic University Hospital Dubrava, Croatia

Nikola Bradic is a Subspecialist of Intensive medicine on the Department in University Hospital Dubrava. He completed his PhD scientific postgraduate study at School of dentistry, University of Zagreb. Completed his postgraduate study Clinical pathophysiology at School of Medicine, University of Rijeka. Senior Lecturer of Anesthesiology, intensive medicine, resuscitation at University North, Varazdin, Croatia. Member of Society in Croatian Medical Association and as we all as Member of Society, Member of Board of Directors in Croatian Society of Intensive Care Medicine.

Pre-treatment with Levosimendan improves outcome in patients undergoing lvad implantation

Nikola Bradic University Hospital Dubrava, Croatia

Nikola Bradic is a Subspecialist of Intensive medicine on the Department in University Hospital Dubrava. He completed his PhD scientific postgraduate study at School of dentistry, University of Zagreb. Completed his postgraduate study Clinical pathophysiology at School of Medicine, University of Rijeka. Senior Lecturer of Anesthesiology, intensive medicine, resuscitation at University North, Varazdin, Croatia. Member of Society in Croatian Medical Association and as we all as Member of Society, Member of Board of Directors in Croatian Society of Intensive Care Medicine.

Ultrasound-guided chest wall regional anaesthesia compared to surgical site local anaesthetic infiltration in breast cancer surgery: effects on perioperative intravenous opioid use, patient pain scores and requirement for overnight stays

Prashant Kumar Queen Elizabeth University Hospital, Glasgow, UK

Dr. Prashant Kumar is an anaesthetic trainee in the West of Scotland currently working in the Queen Elizabeth University Hospital in Glasgow, UK. He has a specialist interest in intensive care medicine, ultrasound and education.

A Comparative Evaluation of Nebulized Dexmedetomidine, Nebulized Ketamine, and Their Combination as Premedication for Outpatient Pediatric

Ola Mohy El Deen Zanaty

Alexandria University, Egypt

Ola Mohy El Deen Zanaty Professor of Anesthesia & Critical Care, Department of Anesthesia and Critical Care.Head of Maxillofacial and Plastic Surgery anesthesia unit, Faculty of Medicine, Alexandria University. Anesthesia consultant in Egypt Police hospital.

Title:Reconstruction Salvage Following Complications Of Skin-Sparing Mastectomy And Immediate Implant Insertion

William Heseltine-Carp

Cardiff University Medical School, UK

William Heseltine-Carp is a 4th year medical student at Cardiff University, currently completing an intercalation year in Neuroscience BSc. This project was completed with the help of Consultant General surgeon, Mr. Rhodri Williams and the Department of Surgery, Royal Glamorgan Hospital, Llantrisant.

Title: To Assess How Clearly, Accurately and Legibly Operation Notes are Documented in Paediatric Surgery

Sowrav Barman

Blackpool Victoria Hospital, UK

Dr Sowrav Barman has completed his MBBS from Chittagong Medical College, Bangladesh. He moved to United Kingdom in 2015. He has done core surgical training in different surgical specialities and passed MRCS from Royal college of Surgeons of England. He is currently working as a Speciality Registrar in General Surgery at Blackpool Victoria Hospital in United Kingdom.

Title: Percutaneous Management of Patients with Malignant Biliary Obstruction: Assessment of Catheter/Stent Patency and Survival

Tezbir Singh

All India Institute of Medical Sciences, India

Dr. Tezbir Singh has completed his MD (Radiodiagnosis) at the age of 27 years from All India Institute of Medical Sciences, India and fellowship in Neuroradiology from NNI, Singapore. He is currently working as a Specialist Radiologist in Dubai Government, UAE a premier medical providing organization. He has published more than 5 papers in reputed journals and has been involved in many Academic Activities and presented Papers in many reputed Conferences.

Title: The Use of Extracorporeal Membrane Oxygenation for Acute Respiratory Distress Syndrome in Severe Burns without Inhalation

Valerie J Hart

Jackson Memorial Hospital, USA

Valerie J. Hart, DO is Assistant Professor of Clinical Surgery and Assistant Program Director for the Trauma/Critical Care Fellowship program at Jackson Memorial Hospital/Ryder Trauma Center. She completed her General Surgery training at Kanas City University of Medicine and Biosciences. Her interests include expanding ECMO access in the Trauma Intensive Care Unit and innovation in post-operative management of Critical Care patients.

Title: Perioperative Period is Critical Gap for Minimal Residual Cancer Cells Progression and Therapy

Anwar Tawfik Amin

Assiut University, Egypt

Anwar Tawfik Amin, is associate professor of surgical oncology at Assiut University, Egypt. He has his MD/PhD from Oita University, Japan. He is interested in laparoscopic gastrectomy and laparoscopic colectomy for GIT cancer. He published some articles in his clinical field as well as some other articles to demonstrate the impact of surgical trauma on the residual cancer cells after surgery. He is interested in findings solutions to propagate laparoscopic surgery for cancer towards low to middle income countries.

Title: Pain Caused By Chronic Compartment Syndrome Of The Leg. Results From A Multidisiplinary Cooperation

André Didriksen

Førde kiropraktorsenter, Førde, Norway

André Didriksen graduated from Angelo European College of Chiropractic in 1995. Chiropractor of the year in Norway in 2013. Most published chiropractor in Norway 2014. Practicing straight chiropractic.

Title: Calcifying Cystic Odontogenic Tumor a Rare Entity

Muhammad Zeeshan Baig

Medical and Dental College Islamabad, Pakistan

Muhammad Zeeshan Baig is an Oral surgeon and Assistant professor Oral and maxillofacial surgery department Islamabad medical and dental college Islamabad Pakistan.

Title: Open fracture ,evaluation and management Prospective and retrospective for 500 hundred case of gunshot and explosive injuries .in libyan civilian war from 2011 - 2018

Abdulwanis.S.Mohammed

Benghazi University, Libya

Abdulwanis S Mohammed is currently working at Benghazi University, Jallah Trauma Hospital, Libya.

Title: "The “Wide-Awake” Approach A Safe Technique In Burned Hand-Reconstruction"

Gentian Zikaj
University Hospital Centre,
Tirana, Albania

Gentian Zikaj, born in Tirana, Albania, in 1974. Graduated in 1998 in Faculty of Medicine, post-graduated in Plastic Surgery. In 2003 worked in Universitary National Center of Trauma in Tirana. In 2008 till now I work in University Hopital “Mother Teresa”, Department of Burn and Plastic Surgery, in Tirana, taking part in all scientific activities in this department. In 2009 Trained In Plastic Surgery near Plastic And Reconstructive Clinic and Esthetic Surgery in Diskapi Hospital in Ankara, Turkey. In 2010 Training Course In “Ospedale ‘Civico E Benfratelli’ Reparto di Chirurgia Plastica e Centro Ustioni”. From 2012 Lector near Faculty of Medical Sciences Tirana, Albania. Responsibilities of my position in clinical practice with patient care include reconstructive burn surgery, providing specialized care for those affected by burn injury, and research efforts for the prevention, treatment and rehabilitation of burns, as well as general plastic surgery, hand surgery, and flap reconstructive surgery.

Title: New Method of Irrigation with Vacuum Assisted Dressing

Mohsin Raza
Sultan Qaboos University,
Oman

Comprehensive background with 40 years of active clinical & operative surgical experience, including 37 years as a postgraduate surgeon; gained over 23 years of experience in teaching Medical Students including Sultan Qaboos University’s 7th year medical students

Title: Subject

Name
Affiliation

Biography

Methylene Blue used as a rescue therapy in the treatment of pressor-resistant-septic shock

Ilya Frid
Geisinger Commonwealth School of Medicine, USA

Dr. Ilya Frid Doctor of Medicine(MD) at Geisinger Commonwealth School of Medicine.He completed his Masters Degree department of Physiology and Biophysics at Georgetown University. Bachelors of Science at Seattle Pacific University.

Conference Highlights

- Anesthesia and Anesthesiology
- What determines the type of anesthesia used?
- Medical Uses
- General Anesthesia
- Regional Anesthesia
- Local Anesthesia
- Obstetric Anesthesia
- Paediatric Anesthesia
- Cardiothoracic Anesthesia
- Anesthesia Dentistry
- Surgery Anesthesia
- Caesarean Anesthesia
- Syndrome Anesthesia
- Perioperative Medicine
- Pain Management
- Intensive Care Medicine
- Acute Pain Management
- Chronic Pain Management
- Critical Care
- Anesthesia Management
- Airway Management
- Sedation
- Anesthesia and Vaccines
- Risk and Complication
- Current trends in Anesthesia

Title: New treatments for spinal cord injuries
Harry S Goldsmith, University of California, USA

Group Photo & Networking and Refreshments Break

Title: Complex hybrid procedure of a type 1 TAAA with retroperitoneal chimney approach for TEVAR and carotid-subclavian bypass
Justus Gross, UKSH-Campus Kiel, Germany
Title: Pearls from 1000 robotic femtosecond bladeless laser-assisted cataract procedures
John S Jarstad, University of Missouri, USA

Sessions: Orthopaedic Surgery | Oral & Maxillofacial surgery | Perioperative Care and Anaesthesiology | Otorhinolaryngology Surgery | Advancements in Surgery | Plastic Surgery

Session Chair: John S Jarstad, University of Missouri School of Medicine, USA

Session Introduction

Title: The chondral tissue and PRP: Theory to support the use
Marcus Vinicius Danieli, Botucatu Medical School, Brazil
Title: Retained foreign bodies - A rare case of removal of surgical blade as retained foreign body from abdomen 5 years after surgery
Rajneesh Kumar, Punjab Institute of Medical Sciences, India
Title: Tongue--tied: Management in pierre robin sequence, a case report
Nikitha Rajaraman, University of Glasgow, Scotland

Panel Discussion

Lunch Break @ Steak and Lobster Restaurant

Title: Anesthesia and neurodevelopment in children
Yaacov Gozal, Hebrew University of Jerusalem, Israel
Title: Thyroid surgery, *IONM* and *sugammadex sodium* relationships: Benefits in sugammadex Sodium using for IONM
Turgut Donmez, Lutfiye Nuri Burat State Hospital, Turkey
Title: The role of robotic-Assisted pancreatic surgery: Lessons learned from our initial experience
Emilio Vicente, San Pablo University, Spain
Title: Surgery in septic patient with acute aortic endocarditis - Case report
Tanja Anguseva, The Special Hospital for Surgical Diseases "Filip Vtori", Macedonia

Networking and Refreshments Break

Workshop @ Private room 12

Title: Are our health care systems "patient-centered"? How to run a quality improvement study of the health care system?
Nahla Gomaa, University of Alberta, Canada

Panel Discussion

Day 2 September 08, 2017

Hall Name : Private room 12

Keynote Forum

Registrations

Title: Stem cells and iPS cells: Far and beyond in surgical science
Ahmad Faried, Padjadjaran University, Indonesia
Title: The treatment of acetabular bone loss with associated pelvic discontinuity in revision total hip arthroplasty: Acetabular distraction technique
Neil Sheth, University of Pennsylvania, USA
Title: Awake intubation using a combination of rigid video laryngoscope – Flexible bronchoscope as a multimodal airway management
Ashraf Mohamed Ibrahim EL-Molla, Prince Sultan Military Medical City, Saudi Arabia

Networking and Refreshments Break

Sessions: Anesthesia Awareness | Anesthesia |Pediatric Anesthesia |Surgical Anesthesia | Anesthetic Pharmacology | Orthopaedic Surgery

Session Chair: Robert Farrar, Summit Anesthesia Associates, USA

Session Introduction

Title: Change of the paradigm: From absolute contraindication to extension of indication – "When appropriate"
Giovanna Panarello, UPMC Palermo, Italy
Title: The impaired provider
Robert Farrar, Summit Anesthesia Associates, USA
Title: Procedural sedation and analgesia for pediatric endoscopy procedures: The good, the bad and the ugly
Nadia Najafi, University Hospital Brussels, Belgium
Title: Pediatric anesthesia lagging behind in comparison to other subspecialty in anesthesiology
Abdulaleem Alatassi, King Abdullah Specialized Children Hospital, Saudi Arabia

Lunch Break

Poster Presentations

A1	**Title: Change of the paradigm: from absolute contraindication to extension of indication – "When appropriate"** **Giovanna Occhipinti,** UPMC Palermo, Italy
A2	**Title: Effects of different frequencies of TEAS on perioperative anesthetic dosage, recovery, complications and prognosis in patients who underwent VATS lobectomy: a randomized, double-blinded, placebo-controlled trial** **Shun Huang,** National Center of Gerontology, China
A3	**Title: A mixed methods systems approach to the implementation of new neuromuscular blockade monitoring technology to anesthetic practice during laparoscopic colorectal surgery** **Laura Meney,** University of Dundee, UK
S1	**Title: Facial trauma with pneumomediastinum: A case report** **Theadora Forster-Anderson,** Fiona Stanley Hospital, Australia
S2	**Title: Association between the time of length since smoking cessation and insulin resistance in asymptomatic Korean male ex-smokers** **Ko-Woon Kim,** The Catholic University of Korea, South Korea
S3	**Title: Associations between serum zinc levels and mental health: findings from the 2010 Korean national health and nutrition examination survey** **Na-Rae Kim,** The Catholic University of Korea, South Korea
S4	**Title: Attitude, knowledge, and information sources towards organ donation among Kuwaitis: A socio-cultural perspective** **Maha M Al-Sejari,** Kuwait University, Kuwait

S5 **Title: Is bilateral thyroidectomy necessary during total parathyroidectomy with auto-transplantation for secondary hyperparathyroidism?**
Shun-Yu Chi, Kaohsiung Chang Gung Memorial Hospital, Taiwan

S6 **Title: Spontaneous intra-abdominal haemorrhage from peri-splenic vessels in an atraumatic patient: A case report**
Theadora Forster-Anderson, Fiona Stanley Hospital, Australia

Session Continues

Title: What makes anaesthesia successful and safe
Ray Murtagh, Australian Anaesthesia Allied Health Practitioners, Australia
Title: WHO surgical safety checklist use in the operating theatres – Effectiveness and sustainability
Arvid Steinar Haugen, Haukeland University Hospital, Norway

Networking and Refreshments Break

Title: Ethical, general and technical issue in anaesthesia for awake thoracic surgery in high risk patients
Gabor Kiss, University Hospital Felix Guyon, France
Title: Role of BK channels in anesthesia
Ghassem Attarzadeh Yazdi, Hormozgan University of Medical Sciences, Iran

Video Presentations

Video1 **Title: Does obstructive sleep apnea patients be available for ambulatory surgery?**
Belia Garduno, Universidad Autonoma De Nuevo Leon, Mexico

Video2 **Title: Assessment of anesthesiologist pre-operative visits on patient anxiety**
Kathy D Schlecht, Oakland University, USA

Panel Discussion

Day 3 September 09, 2017

Hall Name : Private room 12

Keynote Forum

Title: Spontaneous inguinal enterocutaneous fistula as a complication of incarcerated Richter's hernia - Report of two cases
Ranendra Hajong, NEIGRIHMS, India
Title: A snapshot on the competency-based medical education in surgical specialties at Faculty of Medicine, University of Alberta, Canada; Where to start?
Nahla Gomaa, University of Alberta, Canada

Sessions: Transplantation Surgery | Cardiothoracic Surgery | General Surgery and its Specialties | Oral & Maxillofacial Surgery

Session Chair: Nahla Gomaa, University of Alberta, Canada

Session Introduction

Title: Issues with renal transplantation in lower-middle-income countries like Sri-Lanka
Chamila Pilimatalawwe Wijekoon, Sri Jayewardenepura General Hospital, Sri Lanka
Title: A proposed strategy for enhanced recovery after cardiac surgery
Kanishka Indraratna, Sri Jayewardenepura General Hospital, Sri Lanka

Networking and Refreshments Break

Title: Methodological evaluation of in-hospital mortality as an indicator of treatment effectiveness
Rosalee Zackula, Kansas School of Medicine-Wichita, USA
Title: A new technique for dissecting the pulmonary vessels and handling scissors
Sadanori Takeo, Kyushu University, Japan
Title: The influence of the obesity-Related stereotypes on evaluations of different body shapes in high school girls
Mein-Woei Suen, Asia University, Taiwan
Title: Biomechanical evaluation of different angle-Stable locking plate systems for mandibular surgery
Olivier Lieger, University of Bern, Switzerland

Lunch Break @ Steak and Lobster Restaurant

Title: Success of mental transposition to the brain of Alzheimer patients
Harry S Goldsmith, University of California, USA
Title: Intraoperative 3D transoesophageal valvular evaluation
Tanja Anguseva, The Special Hospital for Surgical Diseases "Filip Vtori", Macedonia

Panel Discussion	
Video Presentations @ Private room 12	
Video	**Title: Role of mitochondrial dysfunction in primary graft non-function after transplantation of marginal liver grafts: Study with novel intra vital confocal/multi-photon microscopy** **Zhi Zhong,** Medical University of South Carolina, USA
Networking and Refreshments Break @ Meeting Halls	
Awards & Closing Ceremony

Day 1 November 07, 2016

Registrations

Terra Lucis

conferenceseries.com

Opening Ceremony

Keynote Forum

Introduction

Title: How I am trying to match aesthetic and functional requirements in reconstructive surgeries of the extremities
Ramazi Datiashvili, New Jersey Medical School, USA

Title: Cartilage Tympanoplasty
M Tayyar Kalcioglu, Istanbul Medeniyet University, Turkey

Networking and Refreshment Break

Sessions:
General Surgery and its specialties | Laryngology | Urology | Ear Disorders | Neurosurgery | Cardiovascular and Thoracic Surgery | Surgery for Nasal Disorders

Session Chair: Alessandro bucci, ASUR-Area Vasta 2 Senigallia, Italy
Session Co-Chair: Antje-Christin Deppe, University Hospital of Cologne, Germany

Session Introduction

Title: Microcirculatory effects of goal directed fluid therapy in colorectal surgery: A mechanistic cohort study
Juan C Gómez-Izquierdo, McGill University, Canada
Title: Quality of life after damage control laparotomy for trauma
Noman Shahzad, Agha Khan University Hospital, Pakistan
Title: Surgical management of oral submucous fibrosis with fibrotomy, temporalis myotomy and bilateral coronoidectomy
Sherin A Khalam, Pms College Of Dental Science and Research Center, India
Title: No drug induced sleep endoscopy, no somnoplasty: Literature review and our personal experience in the diagnosis and management of OSAS
Alessandro Bucci, ASUR-Area Vasta 2 Senigallia, Italy
Title: Point-of-care TEG/ROTEM based coagulation management in cardiac surgery: A meta-analysis of 8,332 patients
Antje-Christin Deppe, University Hospital of Cologne, Germany

Group Photo

Lunch Break

Workshop

Title: Resonance tube phonation in water: Practical workshop on the method and a theoretical overview of the knowledge so far
Susanna Simberg, Abo Akademi University, Finland
Greta Wistbacka, University of Oslo, Finland

Session Continues

Title: An audit of documentation during surgical ward rounds

Mariyah Selmi, Pennine Acute NHS Hospital Trust, UK

Title: The prevalence and demographic risk factors of PAD and the association between CAS and AAA in the affected patients at KAUH, Jeddah, KSA

Bushra Mukhtar Alhajjaji, King Abdulaziz University, KSA

Title: Evaluation of the possible neurotoxic effect of the bone cement on the facial nerve

M Tayyar Kalcioglu, Istanbul Medeniyet University, Turkey

Title: Investigation of rhythmic, synchronous and synergistic activities of paratubal muscles for opening eustachian tube

Murat Haluk Özkul, Istanbul Kemerburgaz University, Turkey

Title: Effects of quranic and broadband therapy among tinnitus on N100 and p300 evoked residual potential tests. A preliminary study abstract

Zainun Z, Universiti Sains Malaysia, Malaysia

Panel Discussion

Networking and Refreshment Break

Day 2 November 08, 2016

Terra Lucis

Sessions:
General Surgery and its specialties | Tinnitus

Session Chair: Susanna Simberg, Abo Akademi University, Finland
Session Co-Chair: Antje-Christin Deppe, University Hospital of Cologne, Germany

Session Introduction

Title: Update on latest vestibular rehabilitation: Spanish version of home-based video module of balance exercises for balance disordered patients

Zainun Z, Universiti Sains Malaysia, Malaysia

Title: Risk stratification of surgical patients with obesity in Intensive Care Unit: A prospective cohort study

Noman Shahzad, Aga Khan University Hospital, Pakistan

Video presentation

Title: The surprise of diagnosis of a fluid collection around the spleen: Case report

Manuela Stoicescu, University of Oradea, Romania

Networking and Refreshment Break

Poster Presentations

PSENT-01 **Title: Dedifferentiating chondrosarcoma of the larynx: A case report**

Kelsey Hinther, University of Saskatchewan, Canada

PSENT-02 **Title: Recurrent pain abdomen following appendectomy: Stump appendicitis, a surgeons' dilemma**

Tuhin Shah, B.P. Koirala Institute of Health Sciences, Nepal

PSENT-03 **Title: Treatment of trismus in head and neck cancer: Two-year follow-up after exercise intervention**

Caterina Finizia, Sahlgrenska University Hospital, Sweden

PSENT-04 **Title: The effects of left ventricular function and dimension on the success of OPCAB**

Weon Yong Lee, Hallym University- Sacred Heart Hospital, South Korea

PSENT-05 **Title: The management of giant facial neurofibromas**

Ronald Bogdasarian, Rutgers New Jersey School of Medicine, USA

PSENT-06 **Title: Electrophysiological and histopathological evaluation of the effect of MESNA (sodium-2-mercaptoethanosulfonate) used in the middle ear surgery on facial nerve function**

M Tayyar Kalcıoglu, Istanbul Medeniyet University, Turkey

PSENT-07 **Title: Nutritional makers predict the risk of surgical site infection after major oncological surgery for head and neck cancer**

Ho Jin Son, University of Ulsan, South Korea

PSENT-08 **Title: Association between 24-hour combined multichannel intraluminal impedance pH monitoring and symptoms or quality of life in patients with laryngopharyngeal reflux**

Jun Seok Lee, Kyung Hee University, South Korea

PSENT-09 **Title: Comparison of Acyclovir and Famciclovir for Bell's palsy**

Ho Joong Kim, Kyung Hee University, South Korea

Lunch Break

Title: Day-surgery and surgical waiting time

Paula Maria Caldinhas, Universidade Nova de Lisboa, Portugal

Title: Outcome of surgical management of LC related major bile duct injuries

Emad Hamdy Gad, Menoufia University, Egypt

Title: What is the future of minimally invasive sinus surgery: Computer assisted navigation, marker-based virtual reality simulation or 3D-surgical planner with remote visualization, 3D-navigation and augmented reality in the operating room?

Ivica Klapan, University of Zagreb, Croatia

Title: The abscess pathway: A patient-centered, cost-effective measure to ensure quality and healthcare improvement across the NHS

B Woodward, King's College London, UK

Title: Minimizing complications in intumescent white cataracts: A comparison between manual and femtosecond laser-assisted capsulotomy

Fritz H Hengerer, Goethe University Frankfurt, Germany

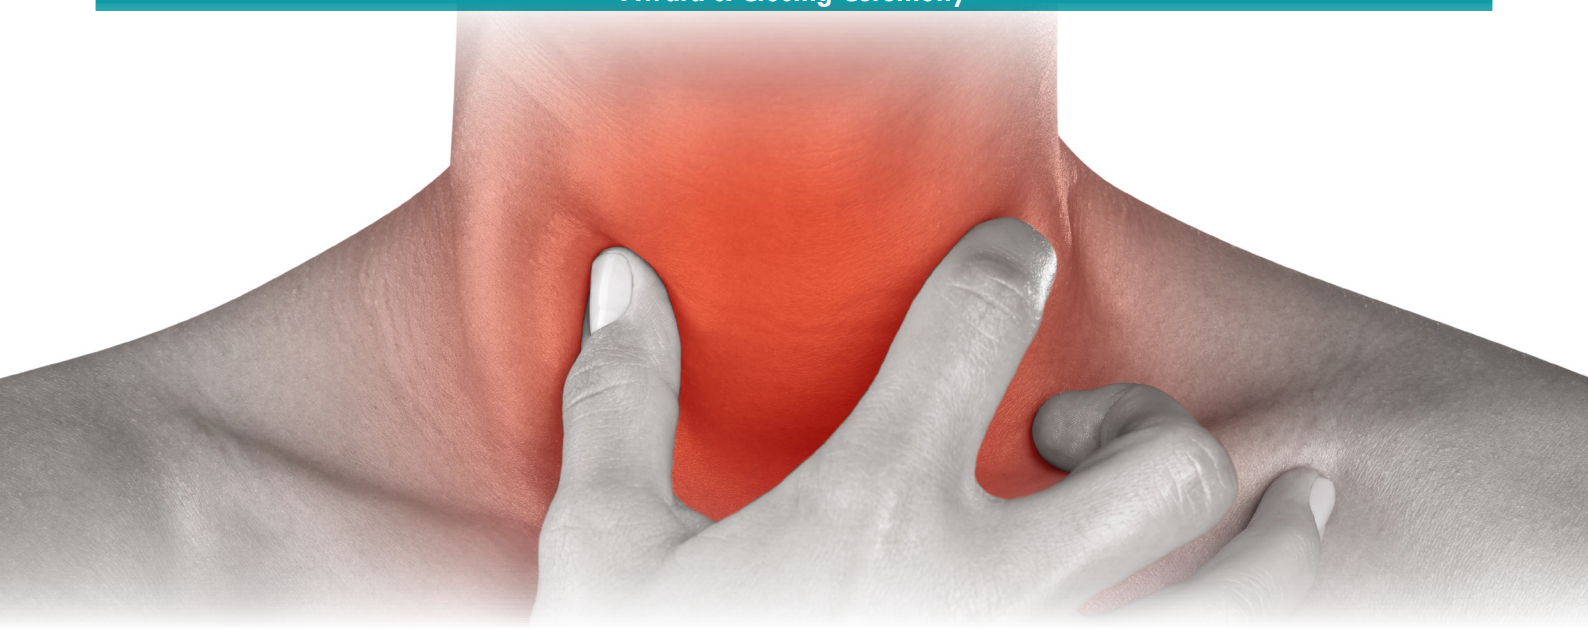

Title: First bite syndrome: Our experience with botulinum toxin type A

Natasha Mirza, University of Pennsylvania, USA

Panel Discussion

Networking Session

Award & Closing Ceremony

SURGERY

October 05-07, 2015 Dubai, UAE

Scientific Program

Day 1 October 05, 2015

Registrations

JUMAIRAH-I

Opening Ceremony

Keynote Forum

Title: The Use of Transoesophageal Echocardiography To Prevent Perioperative Cardiac Failure
Kanishka Indraratna, Sri Jayewardenepura General Hospital, Sri Lanka

Title: Perioperative Glycemic Control In General Surgical Patients
Ayse karci, Dokuz Eylül University School of Medicine, Turkey

Track 1: General Surgery and its specialties
Track 2: Plastic Surgery
Track 3: Ophthalmic Surgery
Track 4: Otolaryngology
Track 5: Oral Surgery

Chair: Flavio Antonio de Sá Ribeiro, Universidade do Estado do Rio Janeiro, Brazil
Co-chair: Muslim Mustaev, Cabbolture Hospital, Australia

Session Introduction

Title: Calvarial Vault Reconstruction: Technical Modifications In An Asian Context
Derick A Mendonca, Sakra world Hospital, India

Title: Endoscopic gastric botox as a treatment for obesity
Enas Al Alawi, Laproscopic and Bariatric Surgeon, Dubai

Coffee Break

Title: Ambulatory surgery in patients above 60 years, a single institution experience in the last Five years (2010 – 2015)
Flavio Antonio de Sá Ribeiro, Universidade do Estado do Rio Janeiro, Brazil

Title: Efficacy Of Modified Alvarado Scoring System And Usg Abdomen In Diagnosis Of Acute Appendicitis
Rajeev Kumar, Burhar Hospital, India

Title: MEDIASTINAL TERATOMA- Quite an Incidentaloma
Gayatri Prakash Tahiliani, MGM University, India

Title: Electronic health record (EHR) database analytics: applications for the identification of best perioperative practices
Fred W Peyerl, Boston Strategic Partners, Inc., USA

Title: Early diagnosis and treatment of early leak after laparoscopic Roux en Y gastric bypass is the key point to avoid early mortality
Robert Caizzo, Lille II University School of Medicine, France

Group Photo & Lunch Break

Title: Evaluation of peripheral microcirculation improvement of foot after tarsal tunnel release in diabetic patients by transcutaneous oximetry
Emilio Trignano, University of Sassari, Italy

Title: Olfactory function following open rhinoplasty: A 6-month follow-up study
Hashem Shemshadi, University of Social Welfare and Rehabilitation Sciences, Iran

Title: Breast Cosmetic Surgeries among Saudi Muslim Females: A Religious Point of View
Hadeel AlSajjan, King Saud Universiy Hospital, Saudi Arabia

Title: Discovery of salivary biomarkers for detecting oral squamous cell carcinoma by systemic approaches
Kai-Ping Chang, Chang Gung Memorial Hospital, Taiwan

Title: Prevention of bile duct injury during laparoscopic cholecystectomy
Hayan Bismar, PMA Hospital, Saudi Arabia

Title: Laparoscopic Adjustable Gastric Banding (LAGB) with out Gastro-gastric Fixation Cause More Complications: one-year results of a prospective, randomized, multicenter trial (ANOSEAN)
Mohammed Ghunaim, Lille II University School of Medicine, France

Coffee Break

Title: Case Report Of Isolated Right Scapula Metastasis From Ampullary Adenocarcinoma As Initial Manifestation Of Metastatic Disease
Roberto Bruno, Universidade do Estado do Rio Janeiro, Brazil

Title: Clinical Implications of HIDA Cholescintigraphy and Ultrasound in the Diagnosis of Acute Cholecystitis
Limael E Rodriguez, St. Luke's Memorial Hospital, USA

Title: Internal Sphincterotomy patients operated for open hemorrhoidtomy Could it improve the outcome?
Ahmed Abdel Monem, Alsalma One Day Surgery Center, Abu Dhabi

Title: Postoperative Intraabdominal Adhesions
Demirbag S, Gulhane Military Medical Academy, Turkey

Panel Discussion

Day 2 October 06, 2015

JUMAIRAH-I

Keynote Forum

10:00-10:25 **Title: Quality of life after colostomy**
P Thamilselvam, Perdana University, Malaysia

10:25-10:50 **Title: Flash Back; Surgery, then and now**
Shyam Parashar, Dammam University, KSA

Track 6: Cardiovascular and Thoracic Surgery
Track 7: Neurosurgery
Track 8: Orthopaedic Surgery
Track 9: Obstetrics and Gynaecological Surgery
Track 10: Urology

Chair: Ziad Al-Naieb, Arabian Gulf University, Kingdom of Bahrain
Co-chair: Sibel Akyol, Istanbul University, Turkey

Session Introduction

Title: Comparison of Two Methods of Anterior Tibialis Tendon Transfer Fixation for Relapsed Clubfoot Deformity
Simone Battibugli, Hospital Santa Marcelina – Sao Paulo, Brazil

Coffee Break

Title: Dandy Walker Syndrome in 5th Decade of Life Case Report
Rajeev Kumar, Burhar Hospital, India
Title: Management of structure urethra by internal optical urethrotom
Muhammad Ishaq Khan, Postgraduate Medical Institution Lady Reading Hospital, Peshawar
Title: 5-Minolevulinic acid-induced fluorescence endoscopy for detection and photodynamic clearance (PDTC) of lower urinary tract tumours; what is new?
Ziad Al-Naieb, Arabian Gulf University, Kingdom of Bahrain
Title: Ultrasound Prevalence of Gall bladder Disease in Hail, Saudi Arabia
Maram Nasser AlAwad, Hail University, Saudi Arabia

Lunch Break

Title: The Relationship between NKG2D-Ligand and Anesthesia Before and After Digital Subtraction Angiography **Sibel Akyol**, Istanbul University, Turkey **Aesthetic Breast Reconstruction: Navigating the Choices for Optimum Results** **Adam H Hamawy**, Princeton, USA **Title: Prolonged implantation of retrievable IVC filters: Technical, clinical and predictive factors of retrieval failure** **Robert Ryu**, University of Colorado, USA **Title: A Rare Case Of Cytomegalovirus Enteritis In An Immunocompetent Patient** **Muslim Mustaev**, Caboolture Hospital, Australia	
Title: Use of gatekeeper in obese patients with fecal incontenence before bariatric surgery. Is it improving the results Laparoscopic evaluation of chronic abdominal pain **Ahmed Abdel Monem**, Alsalma One Day Surgery Center, Abu Dhabi	
Panel Discussion	
Coffee Break	
Poster Presentations @	
ISP101	**Title: A Gastrointestinal Stromal Tumor (gist) of Stomach Mimicking as Retroperitoneal cyst.**
	Manojith. S. S, Navodaya Medical College, India
ISP102	**Title: Endoscopic gastric botox as a treatment for obesity**
	Enas Al Alawi, Laproscopic and Bariatric Surgeon, Dubai
ISP103	**Title: MEDIASTINAL TERATOMA- Quite an Incidentaloma**
	Gayatri Prakash Tahiliani, MGM University, India
ISP104	**Title: Perfusion index as a predictor of successful neuraxial anesthesia**
	Ayşe karcı, Dokuz Eylül University School of Medicine, Turkey
ISP105	**Title: Functional and aesthetic evaluation of abbe-sabattini cross lip flap for reconstruction of lower lip defects after squamous cell carcinoma excision**
	Waleed S Aldabaany, Fayoum University, Egypt
ISP106	**Title: Laparoscopic Cholecystectomy In Patients With Previous Upper Abdominal Surgery?**
	Albaraa Y. Alsini, King Faisal Medical Complex-Academic Hospital of Taif University, KSA
ISP107	**Title: Laparoscopic-Thoracoscopic Esophagectomy**
	Awwadh Althobaiti, King Faisal Medical Complex-Academic Hospital of Taif University, KSA
ISP108	**Title: "Do we have to do it?" Role of early colonoscopy after appendicectomy in the elderly**
	Muslim Mustaev, Caboolture Hospital, Australia
ISP109	**Title: Immunologic round: titanium versus stainless steel**
	Sibel Akyol, Istanbul University, Turkey
ISP110	**Title: Lung graft function in donation after cardiac death (DCD) donors- an experimental study - The usage of DCD lungs would dramatically increase donor availability**
	Sandra Lindstedt, Lund University Hospital, Sweden
ISP111	**Title: Assessment of knowledge, awareness and attitude about Cervical Cancer and its screening among women in Makkah**
	Hibah S. Alharbi, Umm al-Qura University, Saudi Arabia
Day 3 October 07, 2015	
JUMAIRAH-I	
Keynote Forum	

Title: How to repair large incisional hernias in very obese patients either during or after bariatric surgery
Kesava Reddy Mannur, Homerton University Hospital

Title: Use of Interventional Radiology in surgery
Surekha N Reddy, Radiologist in Edinburgh, UK

Track 11: Transplant Surgery
Track 12: Acute Care Surgery
Track 13: Perioperative Care and Anaesthesiology
Track 14: Advancements in Surgery

Chair: Muslim Mustaev, Cabbolture Hospital, Australia

Session Introduction

Title: Risks and benefits of prophylactic lymph node dissection during thyroidectomy for suspicious nodule
Mohammed Ghunaim, Lille II University School of Medicine, France
Title: Gender reassignment surgery.
Fabio Assis Moreira Fontes, Universitario Serra dos Orgaos University, France

Coffee Break

Title: Trans-Axillary Thyroid Surgery Robot Assisted – Multicentre Study of Benefits and Complications in Short Term
Robert Caiazzo, University of Lille II School of Medicine, France
Title: Surgery for metabolic syndrome
Leonardo Silva Soares, Universidade do Estado do Rio Janeiro, Brazil
Title: Neuroendocrine tumours: a case report and review
Marcel Henrique Arcuri & **Marcella Akemi Haruno de Vilhena,** UNIFESO, Brazil

Lunch Break

Title: Second Recurrence Of A Lumbosacral Chordoma: A Case Report And A Review
Mathias Antonio Haruno de Vilhena, Universitário Serra dos Órgãos, Brazil
Title: Ambulatory surgery in patients above 60 years, a single institution experience in the last Five years (2010 – 2015)
Gabriel Nobrega de Arruda, Andre Augusto Torres Prado & **Monique Tavares Maia,** UNIFESO, Brazil
Title: Ultrasound Prevalence of Gall bladder Disease in Hail, Saudi Arabia
Ashjan Mohammad Almhanaa, Hail University, Saudi Arabia

Young Research Forum

Title: Combined phacoemulsification with endoscopic cyclophotocoagulation (ECP) under topical anesthesia instead of local anesthesia.
Bashaer Al Dhahwani, Umm Al-Qura University, Saudi Arabia
Title: The validity Of Alvarado score in diagnosis of acute appendicitis among Sudanese patients at Khartoum teaching hospital at july and august 2013
Mohanad Khalid Ali Abdelrahim, University of Khartoum, Sudan
Title: Outcome of 24 laparoscopic Heller/Toupet vs. 21 Heller/Dor operations for Achalasia after 5 years
Awwadh Althobaiti, King Faisal Medical Complex-Academic Hospital of Taif University, KSA
Title: Total Extraperitoneal Preperitoneal Hernia Repair (TEP) or Lichtenstein Repair in Patients above the age of 70 years
Albaraa Y Alsini, King Faisal Medical Complex-Academic Hospital of Taif University, KSA

Video Presentation

Title: Nodular Formations From The Hair Skin Of The Head
Manuela Stoicescu, University of Oradea, Romania

Award Ceremony

Coffee Break 15:25-15:40 @ Foyer
