

2ND ANNUAL BIOTECHNOLOGY CONGRESS

September 19-20, 2018 Vancouver, Canada

https://annualbiotech.conferenceseries.com/

Invitation

Vancouver
Canada
SEPTEMBER 19-20
2018

Dear Attendees,

Conferenceseries invites the contributors across the globe to participate in the premier of "**2nd Annual Biotechnology Congress**" (Annual Biotechnology), to discuss the theme: **"Deep Insight of Tomorrow's Biotech Trends"**. The conference will be held in **September 19-20, 2018 Vancouver, Canada** wherein prompt keynote presentations, Oral talks, Poster presentations and Exhibitions are included.

International conference of Annual Biotechnology is a Research-scientific knowledge bridge that aims bring together multi-disciplinary luminaries for Thriving innovation in the Biotechnology. The scientific conferences have been carefully structured so as to share knowledge and thoughts through presentations and exhibitions. Annual Biotechnology event with sessions covers all aspects of biotech-driven techniques such as CRISPR, synthetically engineered T Cells for Immunotherapy, Mutagenesis techniques and computational design tools for protein design and engineering, aging and neuroscience and addresses the key issues currently affecting these researchers. Attendees can look forward to hearing about the different strategies taken to improve ongoing research and decipher how to overcome technical limitations in research development. This conference is where pharm, investors and Life Science companies find partners, access innovation, find funding and brainstorm the solutions to further their business needs..

We look forward to personally welcoming you to **Vancouver, Canada**

Sincerely,
Annual Biotechnology 2018
Organizing Committee

About Us

2018

Our International Open Access Journals

- 700+ Leading-edge Peer Reviewed Open Access Journals
- 21 Day Rapid Review Process
- 50000+ Editorial Board Team, 35000+ Reviewers team
- 30 Million Readers and High Visibility
- 1000+ Scientific Associations Collaborations
- 100000+ facebook fans Likes
- Publication immediately after acceptance
- Quality and Quick editorial, review processing

Salient Features

- Easy to Submit and Review Systems
- High Quality and Fast Publishing Guaranteed
- Unbiased, quality-oriented, and transparent reviews
- Truly impartial recognition of the best papers
- Feedback on the impact of every article
- Enhanced feature: Audio version of published paper
- Digital articles to share and explore
- Sharing option: Social networking enabled
- Authors, reviewers and editors are provided with scientific credits
- User friendly/feasible website articles translations across more than 50 world languages

Our International Scientific Conferences

- More than 3000 Conferences happening across the globe
- Conferences organized in Medical, Pharma, Engineering, Science, Technology and Business.
- CME Accredited Conferences fostering professional and Personal development
- Continuum of education through organized scientific program
- Renowned speakers and scientists representing from 40 countries
- Highly Interactive sessions and Panel Discussions
- B2B Meetings offers perfect platform for Global Networking

Salient Features

- Robust on-line publicity for all the speakers and organizing committee members
- Career Guidance Workshops for students and early career researchers
- Accepted Abstracts will be published in various indexed journals
- Accepted abstracts will be labeled with a Digital Object Identification Number (DOI) provided by Cross Ref
- Creation of speakers and abstracts pages in Google
- Opportunity to publish full Manu Scripts in our Open Access Journals

About Conference

Vancouver
Canada
SEPTEMBER 19-20
2018

Annual Biotechnology 2018 Conference website is attracting 25000+ online visitors ranging from Researchers, Academicians and Business professionals, who are working in this field. This unique opportunity that we extend to our speakers and attendees is not being offered by any other conference organizers. Through this the abstracts and research profiles of our speakers and organizing committee members getting global visibility which is an additional feature that you would be receiving in addition to networking opportunities before, during and after the conference.

How Conference Series Conferences differs from others?

- 3000+ Conferences across the globe in 30+ countries all through the year
- Over 25 Million+ Visitors and 20000+ Unique Visitors per conference
- Participation by Stalwarts from various international societies
- Internationally renowned speakers and scientists representation
- Career guidance for early career researchers and students
- Interesting scientific deliberations and discussions
- Perfect platform for Global Networking

Annual Biotechnology 2018 salient features

- Meet Academia and Industry visionaries to get inspired
- Expand your knowledge and find solutions to problems
- Knowledge, Benchmarking and Networking offered at one place
- Forge connections and for global networking
- Highly Organized and Structured Scientific programs
- Poster presentations and world class exhibitions
- Meet with new vendors and suppliers

About Conference

Vancouver
Canada
SEPTEMBER 19-20
2018

Purpose

Annual Biotechnology Congress is an arena for interdisciplinary exchange among professionals in the fields of Life Sciences.

Goals

The conference program emphasizes evidence-based practice, educational innovation, practical application, and peer to peer networking and collaboration. The goals of the conference is to provide a transformative professional development experience through.

Bringing together the world's scientific experts to catalyze and advance scientific knowledge about Biotechnology present the most recent research findings, and promote and enhance scientificcollaborations around the world.

Bringing together community leaders, scientists, and policy leaders to promote and enhance programmatic collaborations to more effectively address regional, national and local responses to Elderly Population around the world and overcome barriers that limit access to care and services.

Objectives

After participating in this meeting, attendees should be able to

Discuss emerging issues in Biotechnology

Discuss and apply recent research findings related to Biotech

Reflect on the place of critical distance in Biotechnology

About Conference

Vancouver
Canada
SEPTEMBER 19-20
2018

Who should attend

Annual Biotechnology Congress is exclusively designed for Biotechnology Specialist, Nanotechnology, Researchers, Academicians, Practitioners, Early Career Scholars, students along with Industries and others engaged in endeavors related to Life sciences world research and business.

About hosting organization

Conference Series is the world's leading specialist in organizing Academic, Scientific and Business conferences, meetings, symposiums and exhibitions in different verticals and horizontals like Medical, Pharma, Engineering, Science, Technology and Business to promote scientific research. Every year we host more than 3000+ global events inclusive of 1000+ Conferences 1000+ Symposiums 1000+ Workshops in USA, Europe, Middle East and Asia with the generous support and cooperation from our 30000+ Editorial Board Members, 1000+ Scientific Societies. All the conference proceedings are published in the special issues of our 700+ Open Access International Journals with the DOI provided by crossref

Major sessions

- Biopharmaceutical Engineering
- Biomass and Bioenergy
- Bioscience
- Biobanking
- Molecular Diagnostics
- Recombinant Gene Technology
- Tissue Engineering and Regenerative Medicine
- Industrial and Microbial Biotechnology
- Algal Biotechnology
- Agricultural and Environment Biotechnology
- CRISPR
- Food Processing and Technology
- Marine Biotechnology
- BioInformatics

About Conference

Supporting Journals

- Journal of Biotechnology & Biomaterials
- Journal of Bioremediation & Biodegradation
- Biology and Medicine

About Vancouver

Vancouver
Canada
SEPTEMBER 19-20
2018

The town of Vancouver, is a coastal seaport city on the mainland of British Columbia, Canada, and the most populous city in the province. Vancouver is consistently named as one of the top five worldwide cities for livability and standard of life, and the Economic intelligence unit, acknowledged it as the first city to rank among the top-ten of the world's most liveable cities for five successive years. Vancouver has been called a "city of neighbourhoods" and it is the rightly earned reputation of being one of the most mesmerizing cities in the world. Downtown Vancouver is superbly situated on a cape in the Strait of Georgia, bounded to the south by the delta of the Fraser River and to the north by a intense fiord reaching far inland (Burrard Inlet). Also to the north, gleam the often snow-covered ranges of the Coast Mountains.With its large parks and relatively equable climate keeping temperatures mild throughout the year, Vancouver is a paradise for holiday activities. But it also own a busy cultural life, and the modern Downtown is easily explored on foot.
