19th Annual Cardiology Conference

August 31-September 01, 2017 | Philadelphia, USA

Registrations

Opening Ceremony

Keynote Forum

Title: Mechanism of Torsades de Pointes elucidated in human AV block

Guy Hugues Fontaine, Université Pierre et Marie Curie, France

Title: To be updated…

Louis Samuels, Thomas Jefferson University, USA

Coffee Break

Sessions

Clinical Cardiology | Heart Diseases & Heart Failure | Cardiac Surgery

Session Introduction

Title: Current concepts in the treatment of sudden cardiac death

John Kassotis, Columbia University, USA

Title: Regression of Atherosclerosis: A study of statins vs. low calorie high anti-inflammatory diet

Lobina Kaniz Kalam, Albert Einstein College of Medicine, USA

Title: Genetic basis, pathogenesis, and haemodynamic aneurysm of the ascending aorta in patients with a bicuspid aortic valve

Salah A. Mohamed, UKSH-Campus Luebeck, Germany

Lunch Break

Title: An association of serum vitamin D, IL-4 level and VDR gene polymorphism in CAD with and without T2DM

Mamta P Sumi, Maulana Azad Medical College, India

Title: High risk for CABG..... REALLY?

Ahmed Elwakeel, Cairo University, Egypt

Title: Silent ischemic heart disease an ignored problem?

Manuela Stoicescu, University of Oradea, Romania

Coffee Break

3 Speaker Slots are available

Panel Discussions

Day 2 September 01, 2017

Keynote Forum

Title: Percutaneous coronary intervention of saphenous vein bypass grafts: Current state of the art

Michael Savage, Thomas Jefferson University Hospital, USA

Title: List of 13 possible causes of Atrial Fibrillation (AF) by leading institute do not include Lyme Disease. However, in majority of ECGs of AF, we often find various degree of Borrelia Burgdorferi (BB) infection of the heart with increase in ANP & Cardiac Troponin I from analysis of ECGs. It is possible to detect & treat these abnormalities before AF develops

Yoshiaki Omura, New York Medical College, USA

2 keynote slots are available

Coffee Break

Sessions

Interventional Cardiology | Cardiovascular Diseases & Vascular Heart Diseases | Cardiac & Cardiovascular Research

Title: Acute blood glucose fluctuation enhances apoptosis of rat vascular endothelial cell *in vivo*

Wu Na, Shengjing Hospital of China Medical Universtiy, China

19th Annual Cardiology Conference

August 31-September 01, 2017 | Philadelphia, USA

Title: Reconstructive surgery of hypoplasia of the aortic arch

Ajeya N Ukadgaonkar, Poona Hospital and Research Centre, India

Lunch Break

Title: The value of global longitudinal strain and global circumferential strain as a predictor of outcomes after mitral valve surgery

Melinda R. Abad-Vencio, Philippine Heart Center, Philippines

Title: A giant coronary artery aneurysm burrowing into left ventricular cavity following drug eluting stent implantation: A case report

Ajeya N Ukadgaonkar, Poona Hospital and Research Centre, India

Title: Role of C677T MTHFR gene polymorphism in coronary artery disease

Mamta P Sumi, Maulana Azad Medical College, India

Coffee Break

3 Speakers slots are available

Poster Presentations

P-01 **Title: Comparison of bio-signal characteristics between ventricular fibrillation observed in clinical experiments and ventricular fibrillation in animal models**

Shin Ho Lee, NHIS Ilsan Hospital, South Korea

P-02 **Title: Blood group antigen (ABO and Rh) distribution in myocardial infarction (MCI) patients of hail region in Saudi Arabia**

M. Parvaiz Farshori, College of Medicine University of Hail, Saudi Arabia

P-03 **Title: Clinical outcomes of complete repair of TOF following RVOT stenting versus BT shunt palliation**

Mohsen Sedighi, Iran University of Medical Science, Iran

P-04 **Title: Unusual presentation of syndrome of left atrial myxoma, anterior communicating artery aneurysm, severe dextroscoliosis and macular hypopigmented skin lesions**

Zarish Umar, Icahn School of Medicine at Mount Sinai, USA

P-05 **Title: Evaluation of cardiac enzymes in early detection of acute myocardial infarction**

Yazeed Hamoud Al-Kahaf, Saudi Arabia

Panel Discussions

Note: Tentative Program has been designed with the projected Speakers Names and Titles. Dates and timings in this program are subject to change

Conference Highlights:

- Clinical Cardiology
- Heart Diseases & Heart Failure
- Cardiac Surgery
- Interventional Cardiology
- Adolescent Cardiology & Fetal Cardiology
- Echocardiography & Cardiac Imaging
- Cardiac Regeneration
- Cardiac & Cardiovascular Research
- Cardiac and Heart Regeneration
- Cardiovascular Diseases & Vascular Heart Diseases
- Cardiac Pharmacology
- Women and Cardiac Arrhythmia
- Cardiac Medications and Devices
- Hypertension & Stroke
- Cardiac Nursing
- Cardio-Oncology
- Sports Cardiology
- Diabetes & Obesity
- Atherosclerosis
- Clinical Case Reports on Cardiology
- Entrepreneurs Investment Meet
- Advances in Cardiology Education

Best Poster Awards

- You will be given about 5-7 minutes to present your poster including questions and answers. Judges may pose questions during the evaluation of the poster
- Judges will even evaluate the student's enthusiasm towards their study, interest and knowledge in the area of their research
- The winners will be announced at the closing ceremony of the conference. The decision of the winner will be withdrawn if the winner/winners is/are not present at the time of announcement
- Apart from the judging time you may also be present at the poster to share your research with interested delegates

Young Researchers Forum

- Present your research through oral presentations
- Learn about career development and the latest research tools and technologies in your field
- This forum will give pertinent and timely information to those who conduct research and those who use and benefit from research
- Develop a foundation for collaboration among young researchers
- The forum will provide an opportunity for collegial interaction with other young investigators and established senior investigators across the globe
- Interact and share ideas with both peers and mentors

Why to Attend?

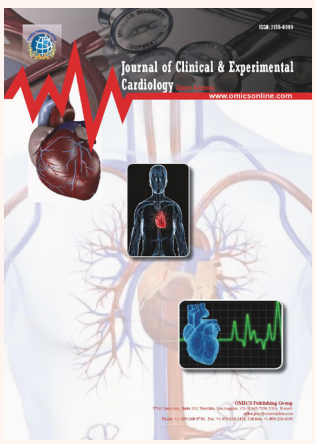

With members from around the world focused on learning of cardiology, cardiovascular disease and recent advances in Cardiology research; this is your best opportunity to stretch the largest gathering of participants in the cardiovascular community. Make presentations, share information, meet current and potential scientists, make a splash with the new developments of the drug, and receive name recognition in this 2 day event. Speakers of world renown, the latest technologies, developments and latest updates in the field of cardiology are the characteristics of this conference. The attendees can find:

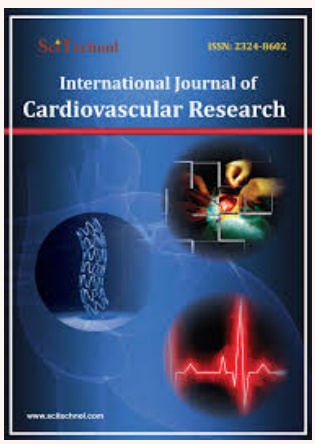

- Exclusive Sessions and Panel discussions on latest innovations in Cardiac Surgeries and Heart Failure.
- There is also a centre of attraction of this conference will be that how these Cardiologic surgeries having their side effect on the other cells of the body.
- Poster presentation on all the highlighted topics of the conferences by the young researchers.
- Keynote forums by Prominent Professors, Doctors
- Open Innovation Challenges
- Global Networking sessions with 50+ Countries
- Discussion on the new techniques and medicines in the field of cardiovascular disease and related surgeries.
- Best platform for Global business and Networking opportunities
- Meeting of the editors of referred journals, Society and Association members across the Globe
- Excellent platform to showcase and share the latest products and formulation ideas in Cardiac field.

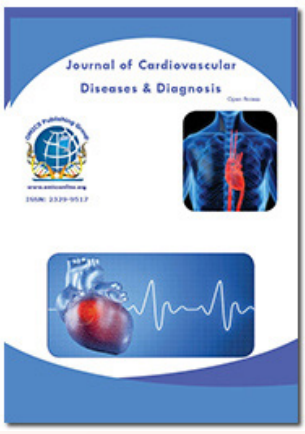

Target Audience

- Faculty Cardiology and Cardiologists
- Universities and research laboratories
- Associations and Societies of Cardiology
- Commercial Contractors
- Enterprises manufacturing medical devices.
- Cardiology students, scientists.
- Training Institutes
