Tentative Program

19th Annual Cardiology Conference

August 31-September 01, 2017 | Philadelphia, USA

Theme: "Defining the Future Vision of Heart"

Speaker Slots Available

cardiac@cardiologyconference.org

Conference Secretariat

One Commerce Center-1201, Orange St. #600, Wilmington, Zip 19899, Delaware, USA

Tel: +1-702-508-5200 Ext: 8033

Email: cardiac@cardiologyconference.org;annualcardiology@conferencesamerica.org

Day 1 August 31, 2017

09:00-09:30 Registrations

Hall

conferenceseries.com **09:30-10:00** **Opening Ceremony**

Keynote Forum

10:00-10:40 **Title: Pump-assisted beating-heart coronary artery bypass grafting: Application and Advantages**
Louis Samuels, Thomas Jefferson University, USA

10:40-11:20 **Title: Regeneration and repair in cardiovascular disease, obstacles and opportunities**
Miguel Guillermo Garber, Spanish Society of Regenerative Medicine and Cell Therapy (SEMERETEC), Spain

Networking & Refreshment Break 11:20-11:40

Sessions:

Clinical Cardiology | Heart Diseases & Heart Failure | Cardiac Surgery | Clinical Case Reports on Cardiology

Session Chair: Salah A. Mohamed, UKSH-Campus Luebeck, Germany
Session Co-Chair:

11:40-12:10 **Title: Current concepts in the treatment of sudden cardiac death**
John Kassotis, Columbia University, USA

12:10-12:40 **Title: Genetic basis, pathogenesis, and haemodynamic aneurysm of the ascending aorta in patients with a bicuspid aortic valve**
Salah A. Mohamed, UKSH-Campus Luebeck, Germany

12:40-13:10 **Title: Regression of Atherosclerosis: A study of statins vs. low calorie high anti-inflammatory diet**
Lobina Kaniz Kalam, Albert Einstein College of Medicine, USA

Lunch Break 13:10-14:10

14:10-14:40 **Title: Blood group antigen (ABO and Rh) distribution in myocardial infarction (MCI) patients of hail region in Saudi Arabia**
M. Parvaiz Farshori, College of Medicine University of Hail, Saudi Arabia

14:40-15:10 **Title: A giant coronary artery aneurysm burrowing into left ventricular cavity following drug eluting stent implantation: A case report**
Ajeya N Ukadgaonkar, Poona Hospital and Research Centre, India

15:10-15:40 **Title: Hemodynamic Concepts Important to Protected PCI**
Christine Gasperetti, University of Pennsylvania Health System, USA

Networking & Refreshment Break 15:40-16:00

Video Presentations

Title: Silent ischemic heart disease an ignored problem?
ManuelaStoicescu, UniversityofOradea, Romania

Title: Cardiovascular risk in adolescents and exercise issues in the congenital heart disease population
Claudia Montanaro, United Kingdom

Panel Discussions

Day 2 September 01, 2017

HALL

Keynote Forum

10:00-10:40 **Title: Percutaneous coronary intervention of saphenous vein bypass grafts: Current state of the art**

Michael Savage, Thomas Jefferson University Hospital, USA

10:40-11:20 **Title: List of 13 possible causes of Atrial Fibrillation (AF) by leading institute do not include Lyme Disease. However, in majority of ECGs of AF, we often find various degree of Borrelia Burgdorferi (BB) infection of the heart with increase in ANP & Cardiac Troponin I from analysis of ECGs. It is possible to detect & treat these abnormalities before AF develops**

Yoshiaki Omura, New York Medical College, USA

Networking & Refreshment Break 11:20-11:40

Sessions:
Interventional Cardiology | Cardiovascular Diseases & Vascular Heart Diseases | Cardiac & Cardiovascular Research | Cardiac and Heart Regeneration

Session Chair: Clifford M. Thornton, New York University, USA
Session Co-chair:

Session Introduction

11:40-12:10 **Title: Clinical Applications of Autologous Bone Marrow Derived Cells**

Dalip Sethi, Cesca Therapeutics Inc., USA

12:10-12:40 **Title: The Future of Cardiology (2018-2030): Advanced Treatments to Combat the Global Advance of Cardiovascular Diseases**

Clifford M. Thornton, New York University, USA

12:40-13:10 **Title: Acute blood glucose fluctuation enhances apoptosis of rat vascular endothelial cell in vivo**

Wu Na, Shengjing Hospital of China Medical Universtiy, China

Lunch Break 13:10-14:10

14:10-15:40 **Title: Radiation Dose and Circulatory Diseases associated with CT Cardiac Angiography (CCTA)**

Larissa Oliveira, Institute of Radioprotection and Dosimetry, Brazil

15:40-16:10 **Title: Na channel dysfunction in inherited arrhythmias: the effect of common polymorphism, splice variant and intracellular acidosis**

Bi-Hua Tan, Pennsylvania State University College of Medicine, USA

16:10-16:40 **Title: Plasma cyclophilin A : An emerging biomarker of coronary artery disease.**

Ajeya N Ukadgaonkar, Poona Hospital and Research Centre, India

Video Presentations

Title: Pediatric clinical CT cases (Video)

Heba Kamal Weshahy, National Heart Institute, Egypt

Title: Defining a BMI cut-off point for the Iranian population: The shiraz heart study

Maryam Hadibarhaghtalab, Shiraz University of Medical Sciences, Shiraz, Iran

Networking & Refreshment Break 17:40-18:10

Poster Presentations 15:50-16:20

P1 **Title: Comparison of bio-signal characteristics between ventricular fibrillation observed in clinical experiments and ventricular fibrillation in animal models**

Shin Ho Lee, NHIS Ilsan Hospital, South Korea

P2 **Title: Coronary occlusion and pulmonary embolism in the absence of thrombophilia**

Syed Wasif Hussain, Geisinger Medical Center, USA

P3 **Title: Clinical differences between men and women undergoing surgery for acute type A aortic dissection.**

Tomoaki Suzuki, Japan

P4	**Title: Blood group antigen (ABO and Rh) distribution in myocardial infarction (MCI) patients of hail region in Saudi Arabia** **Yasir Ghareeb Ibrahim Alrashdan,** Abdulmmajeed Hamoud M Alshammari, Fayez Ammar S. Alshammari, College of Medicine University of Hail, Saudi Arabia
P5	**Title: Clinical outcomes of complete repair of TOF following RVOT stenting versus BT shunt palliation** **Mohsen Sedighi,** Iran University of Medical Science, Iran
P6	**Title: Unusual presentation of syndrome of left atrial myxoma, anterior communicating artery aneurysm, severe dextroscoliosis and macular hypopigmented skin lesions** **Zarish Umar,** Icahn School of Medicine at Mount Sinai, USA
P7	**Title: Evaluation of cardiac enzymes in early detection of acute myocardial infarction** **Yazeed Hamoud Al-Kahaf,** Saudi Arabia

Award Closing Ceremony

Conference Highlights:

- Clinical Cardiology
- Heart Diseases & Heart Failure
- Cardiac Surgery
- Interventional Cardiology
- Adolescent Cardiology & Fetal Cardiology
- Echocardiography & Cardiac Imaging
- Cardiac Regeneration
- Cardiac & Cardiovascular Research
- Cardiac and Heart Regeneration
- Cardiovascular Diseases & Vascular Heart Diseases
- Cardiac Pharmacology
- Women and Cardiac Arrhythmia
- Cardiac Medications and Devices
- Hypertension & Stroke
- Cardiac Nursing
- Cardio-Oncology
- Sports Cardiology
- Diabetes & Obesity
- Atherosclerosis
- Clinical Case Reports on Cardiology
- Entrepreneurs Investment Meet
- Advances in Cardiology Education

Best Poster Awards

- You will be given about 5-7 minutes to present your poster including questions and answers. Judges may pose questions during the evaluation of the poster
- Judges will even evaluate the student's enthusiasm towards their study, interest and knowledge in the area of their research
- The winners will be announced at the closing ceremony of the conference. The decision of the winner will be withdrawn if the winner/winners is/are not present at the time of announcement
- Apart from the judging time you may also be present at the poster to share your research with interested delegates

Young Researchers Forum

- Present your research through oral presentations
- Learn about career development and the latest research tools and technologies in your field
- This forum will give pertinent and timely information to those who conduct research and those who use and benefit from research
- Develop a foundation for collaboration among young researchers
- The forum will provide an opportunity for collegial interaction with other young investigators and established senior investigators across the globe
- Interact and share ideas with both peers and mentors

Why to Attend?

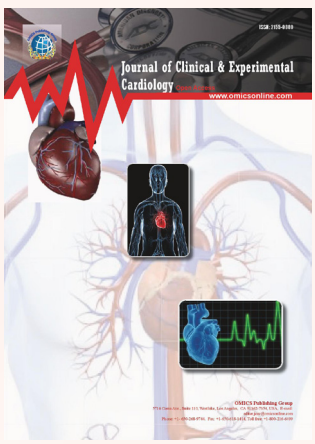

With members from around the world focused on learning of cardiology, cardiovascular disease and recent advances in Cardiology research; this is your best opportunity to stretch the largest gathering of participants in the cardiovascular community. Make presentations, share information, meet current and potential scientists, make a splash with the new developments of the drug, and receive name recognition in this 2 day event. Speakers of world renown, the latest technologies, developments and latest updates in the field of cardiology are the characteristics of this conference. The attendees can find:

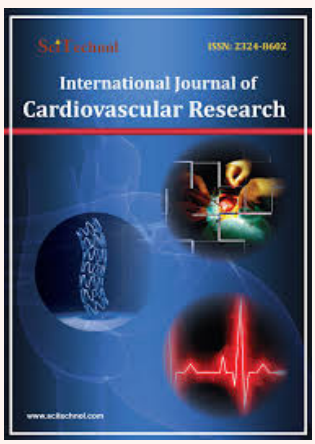

- Exclusive Sessions and Panel discussions on latest innovations in Cardiac Surgeries and Heart Failure.
- There is also a centre of attraction of this conference will be that how these Cardiologic surgeries having their side effect on the other cells of the body.
- Poster presentation on all the highlighted topics of the conferences by the young researchers.
- Keynote forums by Prominent Professors, Doctors
- Open Innovation Challenges
- Global Networking sessions with 50+ Countries
- Discussion on the new techniques and medicines in the field of cardiovascular disease and related surgeries.
- Best platform for Global business and Networking opportunities
- Meeting of the editors of referred journals, Society and Association members across the Globe
- Excellent platform to showcase and share the latest products and formulation ideas in Cardiac field.

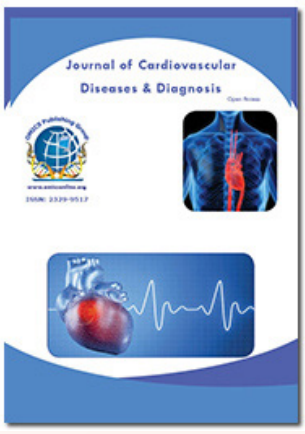

Target Audience

- Faculty Cardiology and Cardiologists
- Universities and research laboratories
- Associations and Societies of Cardiology
- Commercial Contractors
- Enterprises manufacturing medical devices.
- Cardiology students, scientists.
- Training Institutes

About Philadelphia

According to the American Heart Association, Heart Disease is the leading killer, killing nearly 787,000 people every year. In Philadelphia Drexel University of Cardiology offers comprehensive risk assessment to those who wish to prevent cardiac disease before symptoms arise. University of Pennsylvania performing research and clinical practice, to improve medical therapies, surgical treatments and assist devices for heart and vascular disease. Penn Heart centre and Vascular Institute Hospital - University of Pennsylvania clinical researchers stated that patients have the opportunity to participate in various clinical trials to investigate new medicines and therapies to treat heart and vascular disease. Penn Heart centre and Vascular Institute Hospital -University of Pennsylvania ranked no-7 in heart surgeries, second in Pennsylvania, and first in the Philadelphia metro area.
