Best Poster Award

1 The judgment will be done by Board of Jury.
2 When the competition is being conducted, each participant should be ready in front of his/her poster to answer all questions from the judges.
3 The judges will come to your poster during poster presentations. The presentation schedule will be informed to you once the program is finalized. 4:However, preliminary schedule will be informed to you one month before the conference.
5 You will be given about 5-7 minutes to present your poster including questions and answers. Judges may pose questions during the evaluation of the poster.
6 Judges will even evaluate the student's enthusiasm towards their study, interest and knowledge in the area of their research.
7 There may be more than one judge to evaluate the posters.
8: The winners will be announced at the closing ceremony of the conference. 9:The decision of the winner will be withdrawn if the winner/winners is/are not present at the time of announcement.
10 Apart from the judging time you may also be present at the poster to share your research with interested delegates.
11 The judge's decision will be final and no clarification will be given.
