Preparation and submission of abstracts

- Abstracts must be submitted in Microsoft Word with complete names and affiliation of all authors, including contact details of corresponding author (Telephone, Fax and E-mail address).
- The abstract title must be BOLD, ALL CAPITAL LETTERS, in 12-point Times New Roman Font. Times New Roman and 12 fonts must be used for the content.
- Indicate each author's affiliation with a superscript numeral following the surname.
- Abstract should not exceed 1 page 1.5-spaced in 12-point Times New Roman.
- Abstract narrative must be clear and concise; grammar must be checked in advance.
- Each submitted abstract should only have one presenting author.

Things to know before submission of abstract

- Submission of an abstract implies that the work described has not been published before and that it is not under consideration for any conference elsewhere.
- Abstract submitted must be prior approved by all the co-authors before submitting to the conference. Authors should strictly adhere to the authorship criteria.
- Each abstract will receive a Digital Object Identification Number (DOI) provided by Cross Ref.
- All the accepted abstracts will be published in conference proceedings which are to be distributed on the day of conference.
- All accepted abstracts will be published in International journals as supplementary materials.

Why Conference series LLC Ltd

- Interactive webinars, workshops and video presentations for selective speakers on the day of the conference.
- National and International workshops can be co-organized at your University with collaboration with Conference Series LLC Ltd making you world exposure.
- Unique speaker and abstract pages will be created in Google to make your profile worldwide visibility.
- Supporting fair and timely review process with the valuable inputs and from the responsible reviewers.

Market Analysis

The worldwide fundamental antibiotics showcase was esteemed at $39.6 billion of every 2013 and is relied upon to reach $41.2 billion by 2018, at a CAGR of 0.8%. The worldwide market for antifungal therapeutics was esteemed at $10.7 billion in 2013 and is anticipated to reach $12.2 billion in 2018, a five-year compound yearly development rate (CAGR) of 2.7%. This calls for uniting at a forum to discuss the present scenario, uptake and consequences associated with antibiotics and related areas of research.

SPEAKER TESTIMONIALS

Very glad that I was able to speak at such a wonderful conference and appreciate the opportunity.

Mel Torrie, CEO
Autonomous Solutions, USA

I enjoyed and learned a lot from the meeting!

Manuel B Datiles
National Institutes of Health, USA

I thought that the meeting was well organized and smoothly run. The scientific quality of the presentations was very variable but there were several excellent ones. Valencia is an attractive city for a meeting and the hotel and conference facilities excellent.

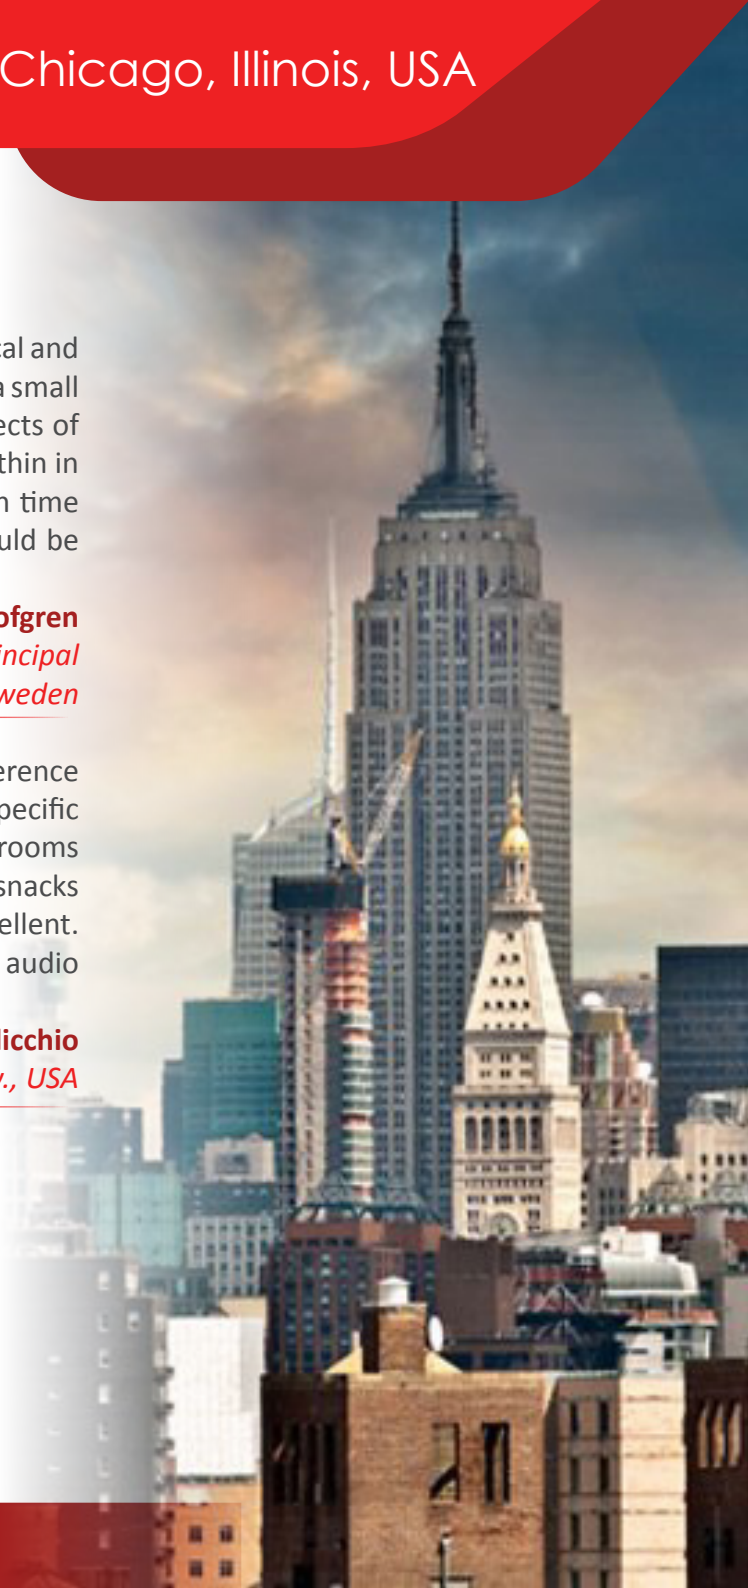

Constantin Polychronakos
McGill University., Canada

The meeting was well organized from a practical and administrative aspect but the combination of a small meeting with few attendees and diverse aspects of metabolomics did make the conference a bit thin in returning scientific value to my investment in time and money to the meeting. My proposal would be to select fewer main topics.

Lars Lofgren
Associate principal scientist, AstraZeneca R&D, Sweden

Thank you for your efforts to make the conference as successful as it was. To address your specific inquiry - the hotel was very nice with the rooms accommodating and comfortable. The meals/snacks via breakfast and coffee breaks were also excellent. The conference venue was also excellent. The audio visual and technical supports were superb.

Vincent Gallicchio
Clemson University., USA
