Scientific Program

Joint Meeting on

International Conference on

Antimicrobial and Antibacterial Agents

&

International Conference on

Clinical Microbiology, Virology and Infectious Diseases

November 19-20, 2018 Bucharest, Romania

Antimicrobial & Microbiology Meet 2018

Conference Series llc Ltd
47 Churchfield Road, London, W3 6AY, UK
Tel: +1-201-380-5561, Toll No: +44-2088190774
Email: antimicrobials@memeetings.net | clinicalmicro@memeetings.com

Monday 19th November 2018 — Day 1

08:00-08:30 Registration Opens

Plaza 1

08:30-09:00 Opening Ceremony

Introduction

09:00-10:00

Keynote Presentation

Title: Why do bacteria persist beyond antibiotic treatment?

Peiro Mastroni, University of Cambridge, United Kingdom

10:00-11:00

Keynote Presentation

Title: Role of bacterial antioxidant defense in their resistance to bactericidal antibiotics

A C Matin, Stanford University School of Medicine, USA

11:00-11:45 Networking and Refreshments Break with Group Photo

Sessions: Antibiotic Therapy and Antimicrobial Drugs | Antimicrobial Pathogens: Alternative Approaches | Antimicrobial Agents and Chemotherapy

Session Chair: **A C Matin,** Stanford University School of Medicine, USA

Session Co-Chair: **Cristian Coman,** Institute of Biological Research Cluj-Napoca, Romania

11:45-12:20

Title: Influence of sub-bactericidal concentrations of antiseptics on DNA and phenotypic markers of virulence of microorganisms

Anna G. Afinogenova, St. Petersburg Pasteur Institute, Russia

12:20-12:55

Title: Flu Pathogenesis Proteolytic Theory And Its Role In The Improvement of Flu's Treatment

Valentina Divocha, Lugansk State Medical University, Rubezhnoe, Ukraine

Lunch Break 12:55-14:00 @ Restaurant

14:00-14:35

Title: Comparative characteristics of Measles duration depending from vaccination

Horlenko Olesya M, Uzhhorod National University, Ukraine

14:35-15:10

Title: Community-Acquired Methicillin-Resistant Staphylococcus aureus: characteristics epidemiology, clinical, microbiology and molecular biology ; SCCmec gene analysis and VISA in patients infected with Staphylococcus aureus and antibiotic resistance testing in 2 hospitals.

Latre Buntaran, Mayapada Hospitals, Indonesia

15:10-15:45

Title: Salvage antibiotic therapy in infection caused by carbapenem-resistant Klebsiella pneumoniae: an expert opinion based on real life data

Valeriu Gheorghita, Carol Davila University of Medicine and Pharmacy, Romania

15:45-16:15 Networking and Refreshments Break with Group Photo

Young Research Forum

16:15-16:35

Title: Prevalence of virulent and antibiotic resistant Klebseilla pneumoniae isolates among kidney stone patients from tertiary care hospital of Islamabad (Pakistan)

Sahar Zafar, Quaid-i-Azam University, Pakistan

16:35-16:55

Title:Prevalence of virulent and antibiotic resistant Klebseilla pneumoniae isolates among kidney stone patients from tertiary care hospital of Islamabad (Pakistan)

Saba Hanif , Quaid-i-Azam University, Pakistan

Panel Discussion

Tuesday 20th November 2018 | **Day 2**

Plaza 2

09:00-10:00

Keynote Presentation

Title: Genetic engineering of bacteria for superior bioremediation capability

A C Matin, Stanford University School of Medicine, USA

10:00-11:00

Keynote Presentation

Title: Back to basics: the role of natural environments in the discovery of new antimicrobial compounds

Cristian Coman, Institute of Biological Research Cluj-Napoca, Romania

Networking and Refreshments Break 11.00-11:30 @ Foyer

Session: Clinical and Molecular Microbiology | Microbial Physiology and Genomics | Viral Oncology Bacterial and Viral Vaccines | Rare, Neglected & Tropical Infectious Diseases

Session Chair: **Cristian Coman**, Institute of Biological Research Cluj-Napoca, Romania

Session Co-Chair: **A C Matin**, Stanford University School of Medicine, USA

11:30-12:05

Title: Evaluation download now antiseptic Of specific activity in the fibroblast culture a model

Anna G Afinogenova, St. Petersburg Pasteur Institute, Russia

12:05-13:00 **Poster Presentation**

Lunch Break 13:00-14:00 @ Restaurant

14:00-14:30

Title: Characterization of human type C enterotoxin produced by clinical S. epidermidis isolates

Chimène Nanoukon, Université de Strasbourg, France

14:30-15:00

Title: Persister phenotype diversity in P aeruginosa populations from airways of patients with cystic fibrosis

Biljana Mojsoska, Copenhagen University Hospital, Denmark

15:00-15:30

Title: Human papillomavirus Infection in genital women in four regions of Senegal

El Hadji Seydou Mbaye, International Agency for Research on Cancer (IARC/WHO), France

Networking and Refreshments Break 15:30-16:00 @ Foyer

16:00-16:30

The STROME-ID Statement: how should we best use molecular tests in infection control?

Barry Cookson, University College London

16:30-17:00

Title: ESBL producing Klebsiella pneumonia outbreak in the neonatal ICUof a tertiary hospital in the Sultanate of Oman

Sumaiah Farook, Royal Hospital, Sultanate of Oman

Panel Discussions

Awards and Closing Ceremony
