Welcome Message

Dear Colleagues,

Conference Series extends its welcome to **Pure & Applied Chemistry** during **October 19-20, 2020** at **Tokyo, Japan** with the theme "**Advanced and Emerging Issues in Nursing Research and Evidence-Based Practice**". Conference Series through its Open Access Initiative is committed to make genuine and reliable contributions to the Nursing Survivors.

Conference Series Organizes 1000+ Conferences Every Year across USA, Europe & Asia with support from 1000 more scientific societies and Publishes 700+ Open access journals which contains over 100000 eminent personalities, reputed scientists as editorial board members.

Applied Chemistry 2020 Conference will focus on educational research directed toward its impact on Nursing outcomes, through oral and poster presentations, educational workshop sessions, and influential plenary presentations. **Applied Chemistry 2020** is a perfect platform to find out how Nursing innovations are helpful in the treatment of various Nursing issues. Conference will focus on the following topics during presentations of the two-day event, which reflect current education, research, developments and innovations internationally in the field of Oncology.

Conference Highlights

- Fundamentals & principles of applied chemistry
- Applied biochemistry
- Applied physical chemistry
- Applied surface chemistry
- Applied Inorganic chemistry
- Catalytic chemistry
- Polymer chemistry
- Medicinal Chemistry
- Organometallic chemistry
- Thermodynamics of applied chemistry
- Isolation techniques
- Applications of applied chemistry

Tentative Agenda

Day 1 October 19 , 2020	
Time	**Session**
09:00-10:00	Registrations
10:00-10:10	Introduction
10:10-11:30	Keynote Forum
Group Photo	
11:30-11:45	Network & Refreshments Break
11:45-13:15	Fundamentals & principles of applied chemistry
13:15-14:00	Lunch Break
13:45-16:00	Applications of applied chemistry
16:00-16:15	Network & Refreshments Break
14:00-16:00	Applied biochemistry | Applied physical chemistry | Applied surface chemistry
16:15-17:15	YRF
Awards ceremony | Day 1 Ends	

Day 2 October 20 , 2020	
Time	**Session**
09:00-10:00	Registrations
10:00-10:10	Introduction
10:10-11:30	Keynote Forum
Group Photo	
11:30-11:45	Network & Refreshments Break
11:45-13:15	Polymer chemistry | Catalytic chemistry | Thermodynamics of applied chemistry
13:15-14:00	Lunch Break
14:00-16:00	Medicinal Chemistry | Organometallic chemistry
16:00-16:15	Network & Refreshments Break
16:15-17:15	Poster Presentation
Day 2 Ends

Tourist Attractions

Venue

Tokyo is Japan's capital and the largest metropolitan area in the world. It is also one of Japan's 47 prefectures, consisting of 23 central city wards and multiple cities, towns, and villages west of the city center. The Izu and Ogasawara Islands are also part of Tokyo.

Prior to 1868, Tokyo was known as Edo. A small castle town in the 16th century, Edo became Japan's political center in 1603 when Tokugawa Ieyasu established his feudal government there. A few decades later, Edo had grown into one of the world's most populous cities. With the Meiji Restoration of 1868, the emperor and capital moved from Kyoto to Edo, which was renamed Tokyo ("Eastern Capital"). World's highest Skywalk- the Tokyo Sky Tree is the tallest free-standing tower in the world, measuring 634m. The observation deck at 450m is the world's highest skywalk and offers panoramic views of the city. Tokyo is a fascinating city, where the latest trends and the oldest traditions meet. From ancient cherry-blossom festivals to the vibrant Harajuku neighborhood. Tokyo offers a seemingly unlimited choice of shopping, entertainment, culture, and dining to its visitors.
