Scientific Program

4th International Conference on

Applied Microbiology and Beneficial Microbes

May 20-21, 2019 | Tokyo, Japan

Hosting Organization: Conference Series LLC LTD
47 Churchfield Road, London, W3 6AY
Ph: +1-650-889-4648, Fax: +1-650-618-1417, Toll free: +1-800-216-6499
Email: appliedmicrobes@microbiologymeet.com

Invitation

Dear Colleague,

On behalf of the organizing committee of **Applied Microbes-2019**, it gives us immense pleasure to invite you to be the part of **4th International Conference on Applied Microbiology and Beneficial Microbes** at **Tokyo, Japan** on **May 20-21, 2019**.

With a legacy of 30 years of excellence in Publishing and with a support of various societies, we are currently organizing Applied Microbes-2019 Congress with the theme "**Scoping out Innovative research in Applied Microbiology & Future Trends of Beneficial Microbes**"

For Details visit: https://appliedmicrobes.microbiologyconferences.com/

Special Note: *Reduction on Registration prices up to 40% for Speakers*
This ends on April 25, 2019

Kindly respond to the invitation to secure your place.

Regards
Katherine John
Program Director | Applied Microbes-2019
P: +44-203-7690-972
Conference Series | 47 Churchfield Road, London, W3 6AY

BOM

Maulin P Shah
Enviro Technology Limited
India

Lidia Sas Paszt
Research Institute of
Horticulture, Poland

Ewa Solarska
University of Life Sciences
in Lublin, Poland

Mohammad Magdy El-Metwally
Damanhour University
Egypt

Day 1 May 20, 2019

Radisson Narita

08:45-09:15 **Registrations**

conferenceseries.com **09:15-09:30** **Opening Ceremony**

Keynote Forum

09:30-10:00 **Title: The influence of bio-fertilizers enriched with beneficial bacteria and filamentous fungi on the growth and rhizosphere microbiology of 'Marmolada' strawberry plants in container cultivation**

Lidia Sas Paszt, Research Institute of Horticulture, Poland

10:15-11:00 **Title: Microbiomes for the disposal of chicken manure**

Marina Sidorenko, Far Eastern Branch of Russian Academy of Sciences,Russia

Group Photo

Networking and Refreshments Break: 11:00-11:15

Keynote Slot Available

11:45-12:15 **Title: The role of consortia of microorganisms with plant extracts in protection and nutrition of plants**

Ewa Solarska, University of Life Sciences in Lublin, Poland

12:15-13:00 **Title :Industrial Waste Water Treatment**

Maulin P Shah, Enviro Technology Limited, India

Lunch Break: 13:00-13:45

Workshop Slot Available

13:45-14:15 **Speaker Slot Available**

Session: Microbiology & Microbes World | Applied Microbiology in Animals | Forensic Microbiology | Petroleum and Biofuels Microbiology | Industrial Microbiology & Food Microbiology | Molecular Bio Robotics

Session Introduction

Session Chair: TBA

Session Co-Chair: Ewa Solarska, University of Life Sciences in Lublin,Poland

14:15 -14:45 **Title: Human Papillomavirus Infection in genital Women in four regions of Senegal**

El Hadji Seydou Mbaye, Cancer Institute, Aristide Le Dantec Hospital, Dakar, Senegal

14:45 -15:15 **Title: Antibacterial activity of some Saudi Arabia honeys**

Ahmed G Hegazi, National Research Centre, Egypt

Networking and Refreshments Break: 15:15-15:30

15:30- 15:45 **Title: Biosorption and tolerance potentials of some bacteria species to heavymetal from contaminated gold mining soil in abare zamfara state**

Hauwa H, Sokoto State University, Nigeria

15:45 -16:15 **Title: Therapeutics Bacteria Against Cancer; Current Advances, Challenges and Opportunities**

Ali Reza Ahmadi, Golestan University of Medical Sciences, Iran

Panel Discussion

Day 2 May 21, 2019

Radisson Narita

Keynote Forum

09:30-10:00	**Title: The influence of bio-fertilizers enriched with beneficial bacteria and filamentous fungi on the growth and rhizosphere microbiology of 'Marmolada' strawberry plants in container cultivation** **Lidia Sas Paszt**, Research Institute of Horticulture, Poland
10:15-11:00	**Title: Microbiomes for the disposal of chicken manure** **Marina Sidorenko**, Far Eastern Branch of Russian Academy of Sciences, Russia

Networking & Refreshments Break: 11:00-11:15

11:15-11:45	**Speaker Slot Available**
11:45-12:45	**Speaker Slot Available**

Session: Animals in A Bacterial World | A New Imperative for Life Sciences | Host Pathogen Interaction | Industrial Microbiology and Future Bio Industries | Prebiotics and Probiotics | Human Micro Biota | Public Health & Epidemiology

Session Introduction

Session Chair: Maulin P Shah, Enviro Technology Limited, India
Session Co-Chair: Ewa Solarska, University of Life Sciences in Lublin,Poland

11:45-12:45	**Speaker Slot Available**
14:15 -14:45	**Title: Human Papillomavirus Infection in genital Women in four regions of Senegal** **El Hadji Seydou Mbaye**, Cancer Institute, Aristide Le Dantec Hospital, Dakar, Senegal

Lunch Break: 13:15-14:15

14:15-14:45	**Title: Awakening of Streptomyces: Novel insights into germination of bacterial arthrospores** **Jan Bobek**, Jan Evangelista Purkyne University, Czech Republic
14:45-15:15	**Speaker Slot Available**
15:15-15:45	**Title: Microbiota and key technological features of naturally fermented Crithmum maritimum sprouts** **Lucia Aquilanti**, Politecnica delle Marche, Italy

Networking & Refreshments Break: 15:45-16:00

16:00 -16:30	**Title: Study of refinement of groundwaters of viral contaminants using clay column in a laboratory model** **Maryam Esghaei**, Iran University of Medical Sciences, Iran
16:30-17:00	**Title: Assessment of null mutations in GSTT1 and GSTM1, TLR2 polymorphism (arg677trp) and efficacy of commonly prevailing eradication therapies in Helicobacter pylori infected patients of Pakistan** **F Rashid**, Quaid-i-Azam University, Islamabad, Pakistan

Young Research Forum

17:00-17:15	**Slot Available**

Poster Presentations @ 17:15-17:30

AMBM - 001	**Title: Identification of microbial diversity in grape must by whole metagenome sequencing** **Miroslav Böhmer**, Comenius University, Science Park, Slovakia
AMBM - 002	**Poster Slot Available**

Panel Discussion

Awards & Closing Ceremony

City & Attractions

Japan is an economic giant; The "Land of the Rising Sun" is a country where the past meets the future. Japan has often been seen in the West as a land combining tradition and modernity, and many traditional structures and practices are preserved. Japan was the first Asian country to independently modernize, and the country continues to embrace new technologies and aesthetics. Complexity and contrast are the keynotes of life in Japan—a country possessing an intricate and ancient cultural tradition yet one that, since 1950, has emerged as one of the world's most economically and technologically advanced societies. Heavy emphasis is placed on education, and Japan is one of the world's most literate countries. Japan sought to become a modern industrialized nation and pursued the acquisition of a large overseas empire, initially in Korea and China. The Japanese rank second only to the United States in spending on scientific research and technology development. However, in Japan, 80% of all research and development (R&D) is carried out by industry, in contrast to the United States, where industry undertakes about half of all R&D (the US government supports the rest).
