Welcome Message

Dear Colleagues,

Conference Series extends its welcome to **Applied Microbiology and Beneficial Microbes** during **April 27-28, 2020** at **Singapore** with the theme "**Discovering the New Challenges in the field of Microbiology**". Conference Series through its Open Access Initiative is committed to make genuine and reliable contributions to the microbiology field.

Conference Series Organizes 1000+ Conferences Every Year across USA, Europe & Asia with support from 1000 more scientific societies and Publishes 700+ Open access journals which contains over 100000 eminent personalities, reputed scientists as editorial board members.

Applied Microbes 2020 Conference will focus on educational research directed toward its impact on beneficial microbes outcomes, through oral and poster presentations, educational workshop sessions, and influential plenary presentations. **Applied Microbes 2020** is a perfect platform to find out how applied microbiology innovations are helpful in the treatment of various microbiology issues. Conference will focus on the following topics during presentations of the two-day event, which reflect current education, research, developments and innovations internationally in the field of microbiology.

Conference Highlights

- Microbiology & Microbes World
- Applied Microbiology in Animals
- Forensic Microbiology
- Petroleum and Biofuels Microbiology
- Industrial Microbiology & Food Microbiology
- Myocardial infarction and gut micro biota. An incidental connection
- Pharmaceutical Microbiology
- Human Micro biota
- Public Health & Epidemiology
- Gut Micro biota
- Oral Microbiology
- Molecular Bio robotics
- Animals in a bacterial world, a new imperative for life sciences
- Host pathogen Interaction
- Paleomicrobiology, Archaeomicrobiology & Microbial Forensics
- Bioinformatics for Micro biome
- Geomicrobiology
- Industrial Microbiology and Future Bio industries
- Prebiotics and Probiotics
- Soil Microbiology

Tentative Agenda

Day 1 April 27, 2020	
Time	**Session**
09:00-10:00	Registrations
10:00-10:10	Introduction
10:10-11:30	Keynote Forum
Group Photo	
11:30-11:45	Network & Refreshments Break
11:45-13:15	Microbiology & Microbes World | Applied Microbiology in Animals | Forensic Microbiology | Soil Microbiology
13:15-14:00	Lunch Break
14:00-16:00	Industrial Microbiology & Food Microbiology | Myocardial infarction and gut micro biota. An incidental connection | Pharmaceutical Microbiology | Human Micro biota | Public Health & Epidemiology
16:00-16:15	Network & Refreshments Break
16:15-17:15	Poster Presentation
Awards ceremony | Day 1 Ends	

Day 2 April 28, 2020	
Time	**Session**
09:00-10:00	Registrations
10:00-10:10	Introduction
10:10-11:30	Keynote Forum
Group Photo	
11:30-11:45	Network & Refreshments Break
11:45-13:15	Gut Micro biota | Oral Microbiology | Molecular Bio robotics | Animals in a bacterial world, a new imperative for life sciences | Host pathogen Interaction | Paleomicrobiology, Archaeomicrobiology & Microbial Forensics
13:15-14:00	Lunch Break
14:00-16:00	Bioinformatics for Micro biome | Geomicrobiology | Industrial Microbiology and Future Bio industries | Prebiotics and Probiotics | Petroleum and Biofuels Microbiology
16:00-16:15	Network & Refreshments Break
16:15-17:15	Poster Presentation
Day 2 Ends

Tourist Attractions

Venue

SINGAPORE, popularly known as "the LION city", is a worldwide city and is densely populated island with tropical vegetation. Singapore is a worldwide trade and transport center point.

Singapore is considered as an imperative place for advanced education and harbors, and also consists of well renowned schools and Universities. Singapore summit surely assume a fundamental part in advancing logical data and thoughts everywhere throughout the world. It can be considered as an appropriate medium for the exchange of profitable learning about research and novel progression around the world. The conferences partaking here would progressed as an assortment of logical thoughts among contenders coming from a place with different arena of science and innovation. Apart from this, Singapore has been put aside for parks and natural reserves. The web of natural stores, parks, park connectors, common ways, tree-lined streets and other natural areas have upgraded the feeling of green space in the city which will keep you occupied for a considerable length of time. Singapore has a tropical rainforest atmosphere, uniform temperature, weight, high dampness and bounteous rainfall. Sentosa, Singapore Flyer, Universal Studios Singapore, Night Safari Singapore, Singapore Botanic Gardens, Jurong Bird Park, Singapore Zoo, Sri Mariamman Temple, Pulau Hantu well known for its rich coral reefs and Peranakan Museum are a portion of the purposes of enthusiasm for Singapore. A wonderful area, future, personal satisfaction, individual wellbeing and lodging that is top notched that makes it reasonableness which ultimately makes Singapore a city to visit and recollect.
