- Interactive Sessions
- Keynote/Plenary Lectures
- Workshops/Symposiums
- YRF/Best Poster Awards
- Exhibitors
- B2B Meetings

conferenceseries.com

Plenary Session

Title: Behavioral effects of oxidant and reduced chemorepellents on mutant and wild-type *Tetrahymena thermophila*

Ananya Govindarajan, Pawling High School, USA

Title: Bacteriological profile and antibiotic sensitivity pattern among lower respiratory tract infections patients attending tertiary health care center Jhalawar

Mahesh Dan, Jhalawar Medical College, India

Title: Bioprospecting of secondary metabolites from marine actinomycetes for combating the multidrug resistance among uropathogens

Deepa Mathew P, Scott Christian College, India

Title: Efficacy of organic based carrier material for plant beneficial rhizobacteria application in okra under normal and salt affected soil conditions

Muhammad Tahir, COMSATS University Islamabad, Pakistan

Title: Characterization of R-pyocin activity against Gram-positive pathogens for the first time with special focus on *Staphylococcus aureus*

Alzhraa Ali Mohamed, Zagazig University, Egypt

Title: Molecular identification of probiotics isolated from some Nigerian traditional functional foods and beverage with in vitro probiotic traits targeting survivability potentials in the gastrointestinal tract

Dinebari P. Berebon, University of Nigeria, Nigeria

Title: Evaluating the probiotic potential of lactic acid bacteria isolated from Ethiopian traditional fermented foods and beverages.

Desalegn Amenu Delesa, Wollega University, Ethiopia

Major Sessions

- Microbiology & Microbes World
- Medical microbiology
- Soil Microbiology
- Industrial microbiology
- Prebiotics and Probiotics
- Human Micro biota
- Food microbiology
- Veterinary microbiology
- Molecular Bio robotics
- Water microbiology
- Geomicrobiology
- Host pathogen Interaction
- Applied Microbiology in Animals
- Forensic Microbiology
- Pharmaceutical Microbiology
- Animals in a bacterial world, a new imperative for life sciences
- Host pathogen Interaction
- Bioinformatics for Micro biome
- Public Health & Epidemiology

Applied Microbes 2022

Best Poster Award

- You will be given about 5-7 minutes to present your poster including questions and answers. Judges may pose questions during the evaluation of the poster
- Judges will even evaluate the student's enthusiasm towards their study, interest and knowledge in the area of their research
- The winners will be announced at the closing ceremony of the conference. The decision of the winner will be withdrawn if the winner/winners is/are not present at the time of announcement
- Apart from the judging time you may also be present at the poster to share your research with interested delegates

Young Researchers Forum

- Present your research through oral presentations
- Learn about career development and the latest research tools and technologies in your field
- This forum will give pertinent and timely information to those who conduct research and those who use and benefit from research
- Develop a foundation for collaboration among young researchers
- The forum will provide an opportunity for collegial interaction with other young investigators and established senior investigators across the globe
- Interact and share ideas with both peers and mentors
