About the conference

Welcome to the 9th World Conference on Applied Microbiology and Beneficial Microbes

We are delighted to invite you to the “9th World Conference on Applied Microbiology and Beneficial Microbes”, a leading international platform for exploring the latest advancements in the field. This prestigious event, scheduled to take place from February 15-16, 2024 at Rome, Italy will bring together experts, researchers, and enthusiasts from around the globe to share insights, exchange ideas, and foster collaborations.

About Us:

Our conference is dedicated to the remarkable realm of applied microbiology and its profound impact on diverse sectors. From healthcare and agriculture to environmental preservation and biotechnology, microorganisms play pivotal roles in shaping a sustainable future. With a rich history of successful editions, we continue our mission to promote the exchange of knowledge and innovation within the realm of beneficial microbes.

Theme: “The Latest & Future Developments in Applied Microbiology are explored”.

Why to attend the conference

Networking: Connect with peers, experts, and industry leaders, expanding your professional circle and fostering potential collaborations.

Knowledge Exchange: Gain insights from thought-provoking discussions, interactive sessions, and firsthand experiences shared by distinguished speakers.

Innovation Showcase: Explore emerging technologies, research findings, and industry solutions that are driving advancements in applied microbiology.

Career Enhancement: Enhance your career prospects by staying updated on the most recent breakthroughs and connecting with potential employers or partners.
