

Applied Microbiology and Microbial Biotechnology

Oct 15-16, 2018 | Ottawa, Canada

https://appliedmicrobes.conferenceseries.com/

Invitation

Ottawa
Canada
OCTOBER 15-16
2018

Dear Attendees,

We are glad to announce the **Applied Microbiology and Microbial Biotechnology** to be held in Ottawa, Canada from October 15-16, 2018 organized by Conference Series LLC, USA in collaboration with generous support and cooperation from enthusiastic academicians and editorial Board Members.

ConferenceSeries Ltd, Scientific Event Organizer and the World Class Open Access Publisher, announcing its Applied Microbiology and Microbial Biotechnology during October 15-16, 2018 at Ottawa, Canada. This interesting event is managed in such a way to provide an exclusive platform for educators, new researchers and learners to present and discuss the most recent innovations, possibilities and concerns adopted in the field. Applied Microbiology 2018 will comprise an informative and exciting conference program including leading keynote speakers, poster presenters, session speakers who will be presenting their research on the topics related . This conference is a unique international platform that's a confluence of all stake holders of the ecosystem – Industry, Academia, Researchers, Innovators, Regulators – coming together to present and discuss current topics on Biotechnology has been designed to integrate all the pathologists, immunologists, microbiologists, scientists and researchers from around the world under a single roof, where they discuss the latest research, achievements and advancements in the field of Applied Microbiology.

As the premier event, we have developed a program with your interests in mind. We have not only increased the number of opportunities for you to network with colleagues from across the world but also introduced more focused sessions that will feature cutting edge presentations, special panel discussions and livelier interaction with industry leaders and experts. Therefore to acquire all this knowledge we invite you heartedly to join us at the Applied Microbiology 2018, where you will be sure to have a great experience with experts from around the world. All the important members of Applied Microbiology organizing committee look further to meet you at Ottawa, Canada. Life is full of give and take. Make it count in your professional life. Attend the Applied Microbiology Conference to network with your peers, exchange expertise and experiences and arm yourself with the latest information to take your department to the next level.

We look forward to personally welcoming you to Ottawa, Canada

Sincerely,
Applied Microbiology 2018
Organizing Committee

About Conference

Ottawa
Canada
OCTOBER 15-16
2018

Applied Microbiology 2018 Conference website is attracting Researchers, Academicians and Business Professionals who are working in this field. This unique opportunity that we extend to our speakers and attendees is not being offered by any other conference organizers. Through this the abstracts and research profiles of our speakers and organizing committee members getting global visibility which is an additional feature that you would be receiving in addition to networking opportunities before, during and after the conference.

How Conference Series Conferences differs from others?

- 3000+ Conferences across the globe in 70+ countries Annually
- Over 25 Million+ Visitors and 20000+ Unique Visitors per conference
- Participation by Stalwarts from various international societies
- Internationally renowned speakers and scientists representation
- Career guidance for early career researchers and students
- Interesting scientific deliberations and discussions
- Perfect platform for Global Networking

Applied Microbiology 2018 salient features

- Meet Academia and Industry visionaries to get inspired
- Expand your knowledge and find solutions to problems
- Knowledge, Benchmarking and Networking offered at one place
- Forge connections and for global networking
- Highly Organized and Structured Scientific programs
- Poster presentations and world class exhibitions
- Meet with new vendors and suppliers

About Conference

Ottawa
Canada
OCTOBER 15-16
2018

Purpose

Applied Microbiology and Microbial Biotechnology is an arena for interdisciplinary exchange among professionals in the fields of Microbiology & Biotechnology.

Goals

The conference program emphasizes evidence-based practice, educational innovation, practical application and peer to peer networking and collaboration. The goals of the conference is to provide a transformative professional development experience

Bringing together the world's scientific experts to catalyze and advance scientific knowledge about Medical Research and Pharmaceuticals Sectors present the most recent research findings and promote and enhance scientificcollaborations around the world

Bringing together community leaders, scientists and policy leaders to promote and enhance programmatic collaborations to more effectively address regional, national and local responses to Elderly Population around the world and overcome barriers that limit access to care and services.

Objectives

After participating in this meeting, attendees should be able to

Discuss emerging issues in Microbiology

Discuss and apply recent research findings related to Applied Microbiology & Microbial Biotechnology

Reflect on the place of critical distance in Microbiological research

About Conference

Ottawa
Canada
OCTOBER 15-16
2018

Who should attend

Applied Microbiology and Microbial Biotechnology exclusively designed for microbiologists, researchers, Scientists, pathologists, immunologists, scientists Principle investigators, Pharmacists, CROs, CMOs, Academicians and senior executives from Biopharma, Medicl devices and Pharmaceutical industries, Early Career Scholars, Students around the globe to exchange their ideas and authoritative views in this exciting field.

About hosting organization

Conference Series is the world's leading specialist in organizing Academic, Scientific and Business conferences, meetings, symposiums and exhibitions in different verticals and horizontals like Medical, Pharma, Engineering, Science, Technology and Business to promote scientific research. Every year we host more than 3000+ global events inclusive of 1000+ Conferences 1000+ Symposiums 1000+ Workshops in Canada, Europe, USA, Asia and Middle East with the generous support and cooperation from our 30000+ Editorial Board Members, 1000+ Scientific Societies. All the conference proceedings are published in the special issues of our 700+ Open Access International Journals with the DOI provided by crossref

Major sessions

- Genomics and DNA Sequencing
- Microbial Pathogenesis & Genetics
- Microbial Biotechnology
- Molecular Biorobotics
- Food Microbiology
- Human Microbiota
- Clinical Controversies In Infectious Diseases and Diagnostic Microbiology
- Innate & Adaptive Immunity In Microbiology
- Clinical Metgenomics
- Industrial & Agricultural Microbiology
- Environmental Microbiology

About Ottawa

Ottawa
Canada
OCTOBER 15-16
2018

Ottawa is the capital city of Canada. It stands on the south bank of the Ottawa River in the eastern portion of southern Ontario. Ottawa borders Gatineau, Quebec; the two form the core of the Ottawa–Gatineau census metropolitan area (CMA) and the National Capital Region (NCR). As of 2016 Ottawa had a city population of 934,243 and a metropolitan population of 1,323,783 making it the fourth-largest city and the fifth-largest CMA in Canada. Is the capital city of Canada. It stands on the south bank of the Ottawa River in the eastern portion of southern Ontario. Ottawa borders Gatineau, Quebec; the two form the core of the Ottawa–Gatineau census metropolitan area (CMA) and the National Capital Region (NCR). Ottawa is the most educated city in Canada and is home to a number of post-secondary, research and cultural institutions, including the National Arts Centre, the National Gallery and numerous national museums. The city name "Ottawa" was chosen in reference to the Ottawa River, the name of which is derived from the Algonquin Odawa, meaning "to trade".

It has Various attractions like

Parliament Hill | Canadian War Museum | Canada Aviation and Space Museum | Calypso Park | Dow's Lake | Hog's Back Falls | Nepean Point | Mount Pakenham | Pink Lake
