Dear Attendees,

We are glad to announce the **5th International Conference on Theoretical and Applied Physics** to be held in Vienna, Austria from **July 02-03, 2018** organized by Conference Series LLC, Europe in collaboration with generous support and cooperation from enthusiastic academicians and editorial Board Members.

Applied Physics 2018 conference provides you with a combined platform for both theory and application of Physics with the theme "Spanning the Gap between Theoretical and Applied Physics".

As the premier event, we have developed a program with your interests in mind. We have not only increased the number of opportunities for you to network with colleagues from across the world but also introduced more focused sessions that will feature cutting edge presentations, special panel discussions, and livelier interaction with industry leaders and experts.

Life is full of give and take. Make it count in your professional life. Attend the Applied Physics Conference to network with your peers, exchange expertise and experiences, and arm yourself with the latest information to take your department to the next level.

We look forward to personally welcoming you to Vienna this July.

Sincerely,
Applied Physics 2018
Organizing Committee

Our International Open Access Journals

- 700+ Leading-edge Peer Reviewed Open Access Journals
- 21 Day Rapid Review Process
- 50000+ Editorial Board Team, 35000+ Reviewers team
- 30 Million Readers and High Visibility
- 1000+ Scientific Associations Collaborations
- 100000+ facebook fans Likes
- Publication immediately after acceptance
- Quality and Quick editorial, review processing

Salient Features

- Easy to Submit and Review Systems
- High Quality and Fast Publishing Guaranteed
- Unbiased, quality-oriented, and transparent reviews
- Truly impartial recognition of the best papers
- Feedback on the impact of every article
- Enhanced feature: Audio version of published paper
- Digital articles to share and explore
- Sharing option: Social networking enabled
- Authors, reviewers and editors are provided with scientific credits
- User friendly/feasible website articles translations across more than 50 world languages

Our International Scientific Conferences

- More than 3000 Conferences happening across the globe
- Conferences organized in Medical, Pharma, Engineering, Science, Technology and Business.
- CME/CPD Accredited Conferences fostering professional and Personal development
- Continuum of education through organized scientific program
- Renowned speakers and scientists representing from 40 countries
- Highly Interactive sessions and Panel Discussions
- B2B Meetings offers perfect platform for Global Networking

Salient Features

- Robust on-line publicity for all the speakers and organizing committee members
- Career Guidance Workshops for students and early career researchers
- Accepted Abstracts will be published in various indexed journals
- Accepted abstracts will be labeled with a Digital Object Identification Number (DOI) provided by Cross Ref
- Creation of speakers and abstracts pages in Google
- Opportunity to publish full Manu Scripts in our Open Access Journals

Special Issues : All accepted abstracts will be
published inrespective Conference Series LLC Journals
Each abstract will be provided with digital Object Identifier by Crossref

About Conference

Applied Physics 2018 Conference website is attracting 25000+ Physicists online visitors ranging from Researchers, Academicians and Business professionals, who are working in this field. This unique opportunity that we extend to our speakers and attendees is not being offered by any other conference organizers. Through this the abstracts and research profiles of our speakers and organizing committee members getting global visibility which is an additional feature that you would be receiving in addition to networking opportunities before, during and after the conference.

Applied Physics 2018 salient features

- Meet Academia and Industry visionaries to get inspired
- Expand your knowledge and find solutions to problems
- Knowledge, Benchmarking and Networking offered at one place
- Forge connections and for global networking
- Highly Organized and Structured Scientific programs
- Poster presentations and world class exhibitions
- Meet with new vendors and suppliers

How Conference Series Conferences differs from others?

- 3000+ Conferences across the globe in 30+ countries all through the year
- Over 25 Million+ Visitors and 20000+ Unique Visitors per conference
- Participation by Stalwarts from various international societies
- Internationally renowned speakers and scientists representation
- Career guidance for early career researchers and students
- Interesting scientific deliberations and discussions
- Perfect platform for Global Networking

Goals

The conference program emphasizes evidence-based practice, educational innovation, practical application, and peer to peer networking and collaboration. The goals of the conference is to provide a transformative professional development experience through

- Bringing together the world's scientific experts to catalyze and advance scientific knowledge about Theoretical and Applied Physics present the most recent research findings, and promote and enhance scientific collaborations around the world.
- Bringing together researchers, scientists, professors, students and delegates from Physics and related disciplines and population around the world.

About Conference

Applied Physics 2018

Objectives

After participating in this meeting, attendees should be able to

- Discuss emerging issues in Theoretical and Applied Physics
- Discuss and apply recent research findings related to Theoretical and Applied Physics
- Reflect on the place of critical distance in Theoretical and Applied Physics

Who should attend

5th International Conference on Theoretical and Applied Physics is exclusively designed for Physicists, researchers, scientists, professors and students from Physics and related disciplines and others engaged in endeavors related to Theoretical and Applied Physics research and business.

About hosting organization

Conference Series is the world's leading specialist in organizing Academic, Scientific and Business conferences, meetings, symposia and exhibitions in different verticals and horizontals like Medical, Pharma, Engineering, Science, Technology and Business to promote scientific research. Every year we host more than 3000+ global events inclusive of 1000+ Conferences 1000+ Symposia 1000+ Workshops in USA, Europe, Middle East and Asia with the generous support and cooperation from our 30000+ Editorial Board Members, 1000+ Scientific Societies. All the conference proceedings are published in the special issues of our 700+ Open Access International Journals with the DOI provided by Crossref

MajorSessions

- Theoretical Physics
- Experimental Physics
- Quantum Field Theory
- Theory of Relativity
- High Energy Physics
- Particle Physics
- Astrophysics
- Plasma Physics
- Superconductivity
- Spintronics
- Semiconductor Devices
- Lasers and Optics
- Solid State Physics
- Quantum Chromodynamics
- Graphene
- Nanophotonics and Nanodevices
- Biophotonics
- Medical Physics and Biophysics
- Instrumental Physics
- Computational Studies in Physics
- Many Body Physics

About Vienna

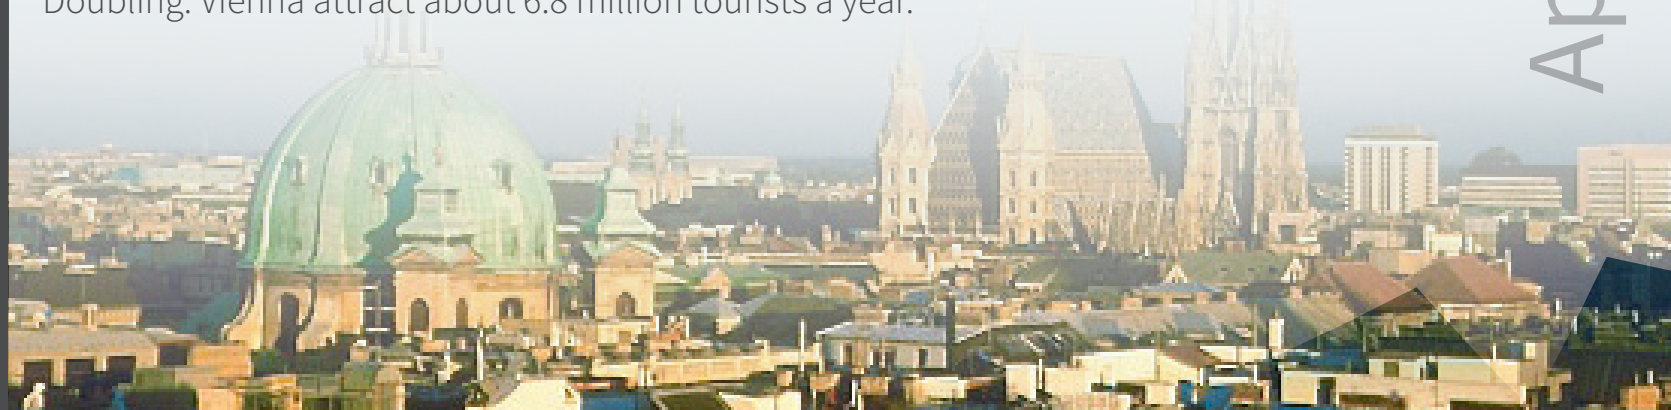

Vienna being capital and also primary city of Austria encompasses a population of about 1.8 million, with nearly one-third of the Austria's population in metropolitan area. Vienna is located in the Eastern part of Austria and is close to the borders of the Czech Republic, Slovakia and Hungary. It is the seventh largest city by population inside the city restraints in the European Union. Vienna is host to many major International organizations, including the United Nations and OPEC. In 2001, the city center was designated a UNESCO World Heritage Site.

Vienna is well known for having played an essential role as a leading European music center, from the great age of Viennese Classicism through the early part of the 20th century. The notable focal point of Vienna is rich in architectural ensembles, including Baroque castles and gardens, and the late 19th century Ringstraße lined with grand building, monuments and parks.

Vienna stood in the sixth place globally in the 2014 Innovation Cities Index, which analyzed 162 indicators in covering three areas: Culture, Infrastructure, and Markets.

The city of Vienna connects real significance to science and research. In 2014 , Vienna has accommodated 1,329 research facilities and 40,400 persons are employed in the R&D sector. 35% of Austria's R&D expenses are invested in Vienna.

Major tourists attractions include palaces of the Hofburg and Schonbrunn(Home tobthe world's oldest zoo, Tiergarten Schonbrunn) and the Riesenrad in the Prater. Cultural highlights include the Burgtheater, the Wiener Staatsoper, the Lippizaner horses at the Spanische Hofreitschule and the Vienna Boy's Choir as well as excursions to Vienna's Heurigen district Doubling. Vienna attract about 6.8 million tourists a year.
