7TH INTERNATIONAL CONFERENCE ON APPLIED PHYSICS & SPACE SCIENCE

MARCH 27-28, 2020 | LONDON, UK

New Tides and Innovations in the arena of Physics and Astronomy Science

Hosted by Conference Series llc LTD
47 Churchfield Road, London, W3 6AY

Invitation...

Conference Series llc LTD extends an enthusiastic and sincere welcome to the 7th International Conference onTheoretical and Applied Physics. The conference is to materialize on March 27-28, 2020 in London, UK.

Theme: “New Tides and Innovations in the arena of Physics and Astronomy Science”

Anticipating to develop a close networking platform for the academic and industrial representatives from around the world, the theme of the conference is designed as such that it touches every nook and corner of the basic and advanced applications of Physics.

Applied Physics 2020 aims to give a concrete base to your hi-tech visions by expecting participation of 150+ notable minds under one single roof.

Here’s where you can get thought inciting talks and exhibitions of knowledge from people having research experience worth a fortune.

Join us @ London for the mammoth congress- Applied Physics 2020!!!

Regards
Applied Physics 2020
Consolidating Board

Segments within the Congress

A balanced mixture of Keynote speeches, Session talks and Poster presentations along with probable Exhibitions from industries will play quite a major role in assuring the attendees of a detailed discussion and justify the cause for which they will be in London.

DAY 1:

The Welcome Remarks.....1
Meet the Keynotes.....2
Stretch out with Coffee.....3
Redefined Session Talks.....4
The Luncheon.....5
A Continuity to Talks.....6
Workshop Platform.....7
Young Mind Showcase.....8
Day Out..... 9

DAY 2:

Picking up from Keynotes again..... 10
Coffee and Webbing Time..... 11
The Canvas Show..... 12
Frontier Session Talks.....13
Rewarding and Awarding..... 14
Closure Comments..... 15

"To be covered" Extents

The conference theme is designed as such that it shall encourage the Physics related academicians, industrialists and researchers to talk and discuss on the well-balanced mixture of the topics of these sessions. The conference discussions will include the debate and lectures on:

- Spintronics
- Semiconductor Device
- Condensed Matter Physics
- Thermodynamics and Statistical Physics
- Radiation protection
- Geometry
- Photonics
- Nuclear Physics
- Nanotechnology
- Quantum physics
- Magnetism
- Medical physics
- Astrophysics

Audience Measurement

As Physics has applications across numerous industries ranging from theoretical and experimental physics to medicine and industry, the research on the same has increased in the academic field.

Thus, the conference targets the larger portion of industrial sector and the academic sectors where the developmental work and the applications of the Physics are happening.

Applied Physics 2020 projects its audience to be part of universities, industries, research groups, manufacturers and distributors.

Conference Series llc LTD participants hail from around the globe including the America, Europe, Middle East and Asia Pacific.

Few of those many participating countries that Conference Series llc LTD has covered in its 20 years of dominance are listed below

- USA
- Canada
- Mexico
- Brazil
- Argentina
- Colombia
- Bolivia
- Spain
- Italy
- France
- Czech Republic
- Belgium
- Slovenia
- Greece
- Malaysia
- Australia
- South Korea
- China
- India
- Russia
- Japan

Young Researchers Forum

This segment has been instituted by the Applied Physics 2020 Conference on behalf of Conference Series LLC ltd to recognize the budding scientists and researchers with an outstanding track record in the Physics related study and technology.

This segment shall serve the purpose of being a pivotal step towards association and networking among Young Scientist Minds.

Who can be in YRF?

- Any fledgling and budding scientist/researcher below the age of 33 years
- Post-Graduate students, Post-doctoral fellows, Trainees, Junior faculty

What can they achieve?

- A platform to showcase their innovative ideas
- An opportunity to interact with speakers with high research experience and established industrialists
- Award will be presented to the best YRF talk

Exhibiting With Us

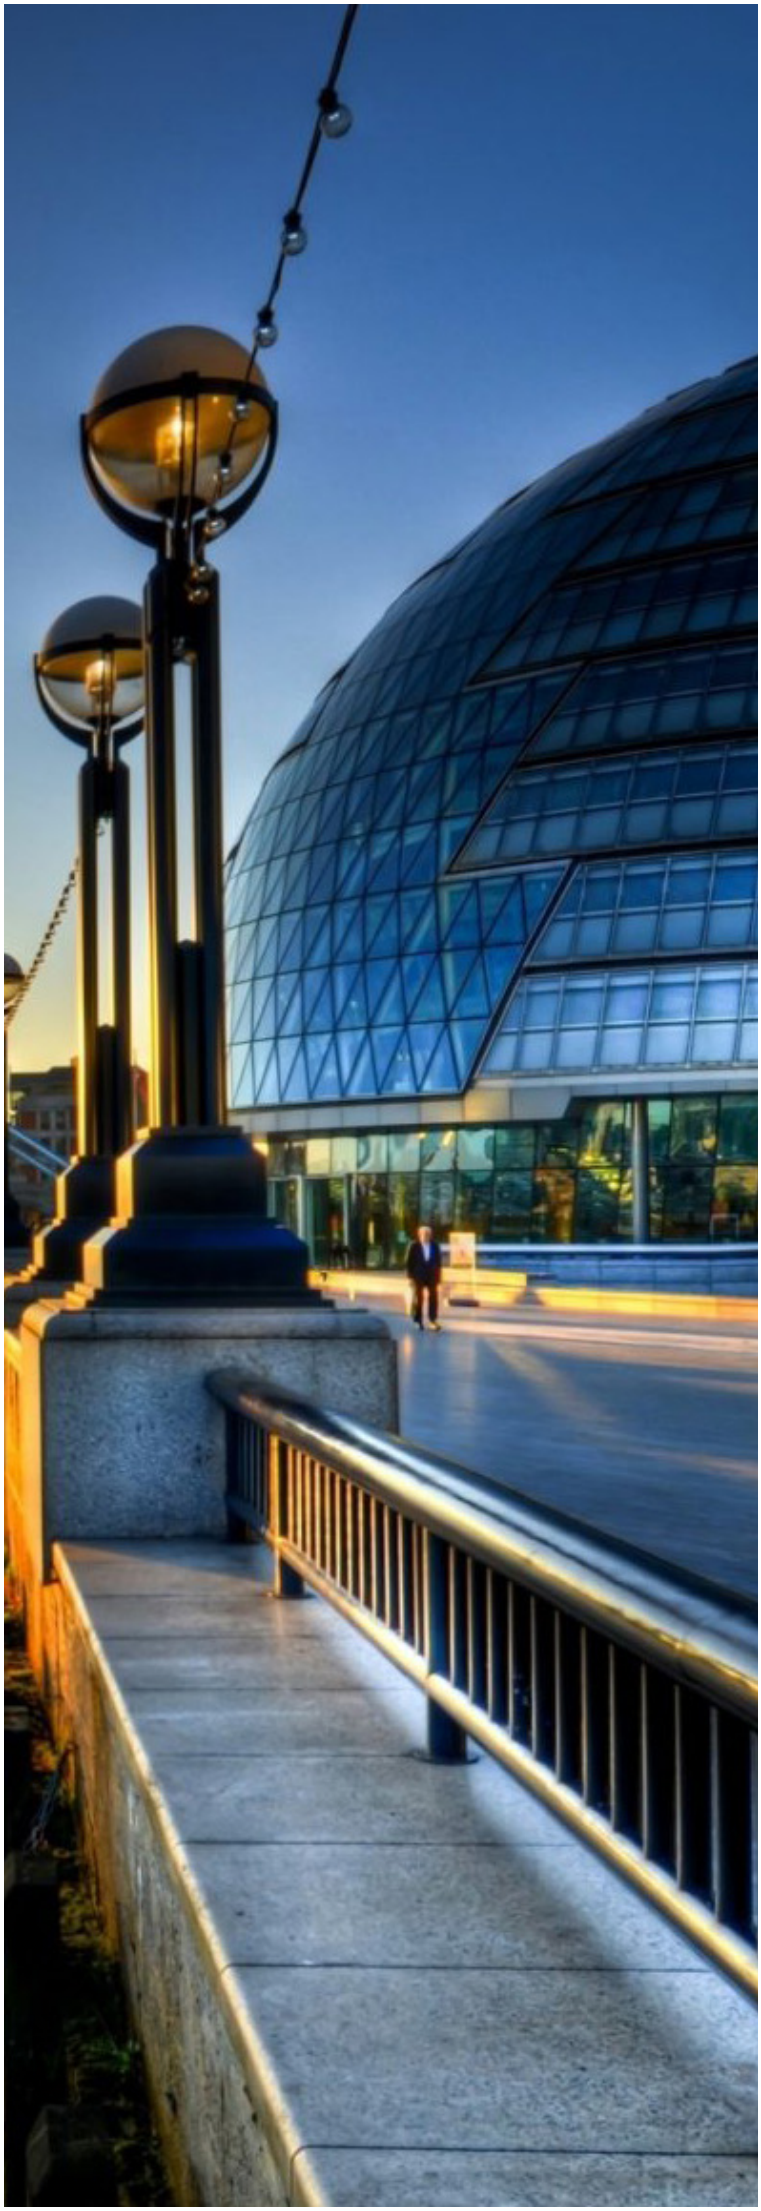

We, in the conference, are providing the perfect business platform to promote your products and services as well, which will help in taking and generating new leads.

Why exhibit with us?

- A continuous non-competitive show
- One complimentary registration valued up to 599 USD
- Discounted registrations for all other additional booth personnels
- Access to the conference attendees
- Discounted hotel rates
- Promotional and sponsorship opportunities galore
- Standard booth setup
- Best platform to develop new conglomerate & alliances
- Best site to hustle up your route into the business territory in the World
- Network development with both Academia and Business

"Make it... Take it..."

This is what exhibiting with us means. Make a place at Applied Physics 2020 as an exhibitor and Take the International recognition with you.

Getting Around London

London is the capital and largest city of England and the United Kingdom. The River Thames travels through the city. It is the biggest city in Western Europe, and the world's largest financial centre. London is one of the world's most important cities for business, finance, and politics. It is also important for culture: media, entertainment, fashion, and art. It is the city where heritage and technology collide; where venues steeped in history and grandeur stand tall among towering skyscrapers which captivate the skyline; and where world-famous museums and galleries rub shoulders with Michelin-starred restaurants. The capital offers an array of corporate event ideas, lead the way in innovative event concepts and solutions. London is home to cutting-edge industry clusters, which make the city a vibrant and innovative corporate events destination, with access to top speakers and quality delegates.
