Our International Open Access Journals

- 700+ Leading-edge Peer Reviewed Open Access Journals
- 21 Day Rapid Review Process
- 50000+ Editorial Board Team, 35000+ Reviewers team
- 30 Million Readers and High Visibility
- 1000+ Scientific Associations Collaborations
- 100000+ Likes facebook
- Publication immediately after acceptance
- Quality and Quick editorial, review processing

Salient Features

- Easy to Submit and Review Systems
- High Quality and Fast Publishing Guaranteed
- Unbiased, quality-oriented, and transparent reviews
- Truly impartial recognition of the best papers
- Feedback on the impact of every article
- Enhanced feature: Audio version of published paper
- Digital articles to share and explore
- Sharing option: Social networking enabled
- Authors, reviewers and editors are provided with scientific credits
- User friendly/feasible website articles translations across more than 50 world languages

Our International Scientific Conferences

- More than 3000 Conferences happening across the globe
- Conferences organized in Medical, Pharma, Engineering, Science, Technology and Business.
- CME/CPD Accredited Conferences fostering professional and Personal development
- Continuum of education through organized scientific program
- Renowned speakers and scientists representing from 40 countries
- Highly Interactive sessions and Panel Discussions
- B2B Meetings offers perfect platform for Global Networking

Salient Features

- Robust on-line publicity for all the speakers and organizing committee members
- Career Guidance Workshops for students and early career researchers
- Accepted Abstracts will be published in various indexed journals
- Accepted abstracts will be labeled with a Digital Object Identification Number (DOI) provided by Cross Ref
- Creation of speakers and abstracts pages in Google
- Opportunity to publish full Manu Scripts in our Open Access Journals

Special Issues: All accepted abstracts will be published in respective Conference Series llc LTD Journals

Each abstract will be provided with digital Object Identifier by Crossref

About Conferences

Aquaculture Congress 2019 Conference website is attracting 25000+ Academicians including Professors, PhD Scholars, Students carrying out laboratory and field studies, Industrial Giants, Physics Societies and the people Associated, Nobel laureates in Optics, laser and Laser , Physicists , Optics Professionals, Laser Professionals, Photonics Professionals, Optics and Laser companies, Optics Laboratories and Technicians , Research Institutes and members, Supply Chain companies, Manufacturing Companies, Training Institutes, Business Entrepreneurs. This unique opportunity that we extend to our speakers and attendees is not being offered by any other conference organizers. Through this the abstracts and research profiles of our speakers and organizing committee members getting global visibility which is an additional feature that you would be receiving in addition to networking opportunities before, during and after the conference.

Aquaculture Congress 2019 salient features

- Meet Academia and Industry visionaries to get inspired
- Expand your knowledge and find solutions to problems
- Knowledge, Benchmarking and Networking offered at one place
- Forge connections and for global networking
- Highly Organized and Structured Scientific programs
- Poster presentations and world class exhibitions
- Meet with new vendors and suppliers

How Conference Series Conferences differs from others?

- 3000+ Conferences across the globe in 150+ countries all through the year
- Over 25 Million+ Visitors and 20000+ Unique Visitors per conference
- Participation by Stalwarts from various international societies
- Internationally renowned speakers and scientist's representation
- Career guidance for early career researchers and students
- Interesting scientific deliberations and discussions
- Perfect platform for Global Networking

Goals

- The conference program emphasizes evidence-based practice, educational innovation, practical application, and peer to peer networking and collaboration. The goals of the conference is to provide a transformative professional development experience through.
- Bringing together the world's scientific experts to catalyze and advance scientific knowledge about 15th World Congress onAquaculture & Fisheries, present the most recent research findings, and promote and enhance scientific collaborations around the world.
- Bringing together community leaders, scientists, and policy leaders to promote and enhance programmatic collaborations to more effectively address regional, national and local responses to Elderly Population around the world and overcome barriers that limit access to care and services.

About Conferences

Objectives

After participating in this meeting, attendees should be able to
Discuss emerging issues in Aquaculture & Fisheries
Discuss and apply recent research findings related to Aquaculture & Fisheries
Reflect on the place of critical distance in Aquaculture & Fisheries

Who should attend?

Academicians including Professors, PhD Scholars, Students carrying out laboratory and field studies, Industrial Giants, Physics Societies and the people Associated, Nobel laureates in Optics, laser and Laser , Physicists , Optics Professionals, Laser Professionals, Photonics Professionals, Optics and Laser companies, Optics Laboratories and Technicians , Research Institutes and members, Supply Chain companies, Manufacturing Companies, Training Institutes, Business Entrepreneurs.

About hosting organization

Conference Series is the world's leading specialist in organizing Academic, Scientific and Business conferences, meetings, symposiums and exhibitions in different verticals and horizontals like Medical, Pharma, Engineering, Science, Technology and Business to promote scientific research. Every year we host more than 3000+ global events inclusive of 1000+ Conferences 1000+ Symposiums 1000+ Workshops in USA, Europe, Middle East and Asia with the generous support and cooperation from our 30000+ Editorial Board Members, 1000+ ScientificSocieties. All the conference proceedings are published in the special issues of our 700+ Open Access International Journals with the DOI provided by CROSSREF.

Conference Sessions

- Aquafarming
- Biotechnology in Aqua culture and fisheries
- Aquatic Science
- Freshwater and Marine aquaculture
- Aquaculture Resource Management
- Live Stock farming and Aquaculture Engineering
- Aquaponics
- Hydroponics: present and future
- Aquaculture laws & regulations
- Integrated multi-trophic Aquaculture
- Aquatic & Marine Pathology
- Aquaculture Nutrition
- Marine Conservation & Management
- Aquaculture Innovations & Designs
- Traditional and advance technology in Aquaculture and Fisheries
- Recirculating Aquaculture Systems
- Socioeconomics of Fisheries & Aquaculture
- Sustainability in Aquaculture Practice

About Hong Kong

Hong Kong, officially the Hong Kong Special Administrative Region of the People's Republic of China, is an autonomous territory on the eastern side of the Pearl River estuary in South China. Along with Macau, Guangzhou, Shenzhen, Zhuhai, and several other major cities in Guangdong, the territory forms a core part of the Pearl River Delta metropolitan region, the most populated area in the world. With over 7.4 million Hongkongers of various nationalities in a territory of 1,104 square kilometers (426 sq mi), Hong Kong is the fourth-most densely populated region in the world. It is also "The city of angels, the great city, the residence of the Emerald Buddha, the impregnable city (of Ayutthaya) of God Indra, the grand capital of the world endowed with nine precious gems, the happy city, abounding in an enormous Royal Palace that resembles the heavenly abode where reigns the reincarnated god, a city given by Indra and built by Vishnukarn." Hong Kong was formerly a colony of the British Empire, after Qing China ceded Hong Kong Island at the conclusion of the First Opium War in 1842. Originally a lightly populated area of farming and fishing villages, the territory has become one of the most significant financial centers and trade ports in the world. With the exception of the Second World War, during which the colony was occupied by the Empire of Japan, Hong Kong remained under British control until 1997, when it was returned to China. As a special administrative region, Hong Kong maintains a separate political and economic system apart from mainland China.
